Veranda Learning announces strategic alliance with BVM Global Schools

Veranda Learning Solutions is committed to improve learner outcomes in K-12 Schools. With a mission to impact one million students in the next five years, Veranda Learning, through their brand Veranda K-12, is embarking on its maiden strategic alliance with BVM Global Schools to provide both academic and non-academic services. This alliance will shape the overall development of students across BVM Global's six strategically located schools in Chennai, Coimbatore, Trichy, and Bengaluru, serving over 5000 plus active students.

As Veranda collaborates with the existing management and trustees in managing school operations and academics for BVM Global schools, such collaboration would provide strategic insights and directives, contributing to the continued enhancement and growth of the BVM Global brand. Through this alliance, Veranda will provide services spanning school operations and academics for BVM Global Schools. The primary objectives include improving academics and administrative efficiencies, expanding into new territories, and positively impacting a broader student base. The aim is to assist in delivering academic excellence, nurturing well-rounded individuals prepared for future challenges and lasting values to the students and their parents.

Veranda's commitment to enhancing the educational experience at K-12 Schools encompasses several key initiatives:

Extensive STEM Curriculum: The introduction of a robust STEM (Science, Technology, Engineering, and Mathematics) curriculum aims to instil critical thinking, problem-solving skills, and a profound passion for science among students.

Diverse Career Aspirations: Veranda goes beyond a singular focus on JEE and NEET, introducing tailored programs for diverse career aspirations like Junior CA program, Junior IAS program, Junior Entrepreneurs etc. Veranda will also cater to the needs of those aspirational parents who wish to send their children to global universities for Under-grad programs through its strategic partners.

Sports Education Integration: Recognizing the importance of holistic development, sports education is seamlessly integrated into the curriculum, promoting physical fitness, teamwork, and character development for a well-rounded educational experience.

Teacher Training Programs: Veranda's commitment to empowering educators includes the launch of teacher training programs, providing the latest methodologies and approaches. This is one of the key steps to improve the quality of the school.

Expressing excitement about the Strategic alliance, Mr. Suresh Kalpathi, Executive Director, and Chairman of Veranda Learning Solutions, stated, "Our collaboration with BVM Global is a commitment to providing a well-rounded education. Beyond STEM and robotics, our programs encompass teacher empowerment, diverse career pathways, and sports education to nurture holistic development."

Mr. Subramanyam Kantheti, CEO of Veranda K-12, highlighted the significance of this approach, saying, "Our goal is to create a K-12 Schools ecosystem that can impact the learner outcomes of one million students over the next five years. BVM Global Schools is our flagship alliance in that direction, and we are looking out for similar K-12 Schools which would like to collaborate with us in connection with their school operations & academics."

Safe Harbour
