Dear Sir/Madam,

DroneAacharya Aerial Innovations Limited, a pioneering name in the realm of aerial technology, proudly announces the launch of a groundbreaking FPV (First Person View) Drone equipped with advanced Day and Night vision capabilities tailored specifically for Defence applications.

Drones have emerged as a pivotal force multiplier in modern asymmetric warfare and Defence strategies. Recognizing the escalating demand and diverse requirements within this domain, DroneAacharya takes immense pleasure in introducing this unparalleled innovation designed to revolutionize tactical operations.

Major General (Dr) Mandip Singh, SM, VSM (Retd), currently serving as the President - Strategic Alliances at DroneAacharya, underscores the significance of this milestone, stating, "These Drones represent an ideal blend of cost-effectiveness and efficiency, particularly in counterinsurgency operations, along the Line of Control (LOC) and Line of Actual Control (LAC), as well as mechanized operations. Their efficacy has been aptly demonstrated in recent conflicts such as the Russia-Ukraine War and the Armenia-Azerbaijan War."

DroneAacharya is committed to providing a comprehensive solution with its FPV Drone offering, encompassing not only the cutting-edge Drone platform but also intelligent payloads and comprehensive training programs for effective utilization.

The FPV Drone with Day and Night vision has undergone rigorous testing and triumphant trials in strategic locations including Pokhran and Lachung within India's Southern, Northern, and Eastern Commands. These trials have demonstrated the Drone's resilience in adverse conditions, cementing its position as an indispensable tactical asset for the Indian Defence Forces.
