RattanIndia-Revolt electric bike deliveries pick up pace

New Delhi August 6, 2021: RattanIndia backed Revolt Motors, the market leader in electric bikes in the country, today announced that deliveries to customers against the bookings received by the company is picking up pace. After a brief hiatus due to covid, the company resumed production from 2nd July 2021. The company has delivered its electric bikes to customers across 6 cities namely Delhi, Ahmedabad, Mumbai, Hyderabad, Pune and Chennai in the month of July.

The company is completely focused on ramping up its production capacities to deliver bikes to its customers in the shortest possible time.

Photographs of Revolt bike deliveries to some of its esteemed customers are attached below.

Revolt is witnessing a robust demand for its electric bikes particularly with rising petrol prices. Revolt electric bikes provides great savings for its customers with running cost as low as Rs. 9 per 100 kms.

The RV400 comes with a 3KW (Mid Drive) motor, powered by a 72V, 3.24KWh Lithium-Ion battery that can churn out a top speed of 85km/h. The bike can be operated through the MyRevolt App, which offers connectivity features such as bike locator/Geo fencing, customised sounds that you can change with just a tap on the screen, complete bike diagnostics, battery status, historical data on your rides and KMs done, and also the option of locating the nearest Revolt Switch Station to swap your Revolt's battery at, and be on-the-move in less than 60 seconds.

RV400 features three riding modes - Eco, Normal and Sport – each suiting to the riding style and needs of the driver. Also, comes with Upside Down (USD) forks up-front and a fully-adjustable monoshock at the rear to give an unparalleled riding experience.

Both the models feature three riding modes - Eco, Normal and Sport – each suiting to the riding style and needs of the driver. Both RV400 and RV300 come with Upside Down (USD) forks up-front and a fully-adjustable monoshock at the rear to give an unparalleled riding experience.

Revolt Intellicorp

Revolt Intellicorp is the next-gen mobility company, created for the smart world. Revolt is working with a vision of democratizing clean commutes using next-gen mobility solutions and a mission to create a future of next-gen mobility with 100% accessibility and 0% fuel residue. With technology at its roots and class-apart products, Revolt has introduced India's first AI-enabled motorcycle without compromising on the performance or aesthetics of a regular ride.

Revolt Intellicorp commenced operations in 2019. The company offers two EV models in India currently, in addition to a full range of genuine parts and accessories available through its authorized dealerships.
