Agri marketing reforms: Three Bills tabled in House

THE GOVERNMENT ON Mon-day introduced three Bills in Par-liament which seek to replace the recent ordinances to allow barrier-free inter-state trading of farm goods and contract farming

The roll-out of the laws her-alded a transition of India's agrimarketing as signs of a weaken-ing of the Agriculture Produce Marketing Committee (APMC) networks are now seen across major farm production centres, which may bolster bargaining strength of farmers.

strengthof farmers.

Introducing two of these bills — The Farmers' Produce Trade and Commerce (Promotion and Facilitation) Bill, 2020 and The Farmers (Empowerment and Protection) Agreement on Price Assurance and FarmServices Bill, 2020—in the Lok Sabha, agriculture minister Narendra Singh Tomarsaid that states had not embraced the reforms in the APMC Act in a uniform manner as suggested uniform manner as suggested uniform manner as suggested by the Centre in the past. The lack of homogeneity in the laws as obstructing a competitive pricing environment for the farmers and was also becoming an impediment to the evolution of a modern trading system.

"To keep pace with the dynamically changing agri-economy,e-commerce and agri-economy,e-commerce and

exports and also to meet the ris-ing expectations of farmers and consumers, the country needs an accessible and competitive trad-ing system outside the physical

BILLS INTRODUCED

- The Farmers' Produce Trade and Commerce (Promotion and Facilitation) Bill, 2020
- ■The Farmers (Empowerment and Protection) Agreement on Price Assurance and Farm Services Bill, 2020
- The Essential Commodities (Amendment) Bill, 2020

space of the notified market-yards under the State APMCAct. It has become necessary to enact Central legislation to provide a more competitive and hassle-free eco-system where farmers and traders have the choice to sell their products in an efficient, transparent and competitive environment to realise remuenvironment to realise remu-

environment to realise remu-nerative prices, Tomar said.

The Farmers' Produce Trade and Commerce (Promotion and Facilitation) Bill, 2020 provides for freedom of choice to the farmer or trader to conduct trade and commerce while any trader having a permanent account number (PAN) is allowed to buy directly from farmers. The Farmers (Empow-erment and Protection) Agreement on Price Assurance and Farm Services Bill, 2020 allows farmers to get a share of post-

contract price surge after they contract prices upge after they sign agreements of contract farming with private players. Also, they will have the cover of the minimum guaranteed price if open market/mandi rates fall drastically. Separately, Raosaheb Patil Danve, minister of state for consumer a ffairs, and food, also

sumer affairs and food, also

sumer affairs and food, also introduced The Essential Commodities (Amendment) Bill, 2020 in the Lok Sabha.

Tomar also said that the Covid-19 pandemic and the nationwide lockdown threw up challenges to the agriculture sector and impacted the livelihood of farmers. "As the sector has immense potential to make asignificant contribution to the economic growth, there was a asignment contribution to the economic growth, there was a need to find long-term solutions for farmers and for agriculture as a whole," he said.

India's oil, gas import to double by 2050: BP Energy Outlook

FE BUREAU New Delhi, September 14

THE COUNTRY'S OIL and gas imports are expected to double by 2050 as overall energy demandgrowswhile the depen-dence on coal reduces going for-ward. According to BP Energy Outlook 2050, the growth of energy consumption in the

energy consumption in the emerging economies will be led by India, "which is seen to be the largest source of demand growth out to 2050". Currently, indigenous nat-ural gas production caters about 50% of the country's requirements, while arou's requirements, while arou's for the country's crude oil 85% of the country's crude oil is imported. Imports of natural gas in India is seen to rise significantly going forward as gas-based power plants will play a major role in balancing the rising share of renewable energy, which is uncertain and intermittent. This will deepen the country's dependence on imported IPG.

The country aims to increase the share of natural gasin its energy mix to 15% by againt its energ

gas in its energy mix to 15% by 2030 from the current level of about 6%. Currently, the demand for natural gas in the domestic market is largely dependent on the fertiliser (28%), power (23%), city gas distribution entities (16%), distribution entities (16% refineries (12%) and petro chemicals (8%) industries.

Electricity consumption in the country is seen to increase robustly at 4-4.6% per annum over 2050, as "improving pros-

Clear dues of small units on priority: MSME min to cos
