Indus Towers Limited

Indus Towers achieves milestone of 200,000 Macro Towers

Gurugram, 11th August 2023: Indus Towers Limited, India's largest telecom tower company and one of the largest in the world, announces reaching a milestone of 200,000 macro towers spread across all 22 telecom circles in India as on date. This extensive, robust and resilient infrastructure serves as the backbone for seamless network connectivity offered by telecom operators supporting the Indian Government's flagship 'Digital India' initiative.

On this development, **Prachur Sah, MD & CEO Indus Towers** said, *"We extend our heartfelt gratitude to our dedicated customers and invaluable partners, whose collaborative efforts have been pivotal in achieving this remarkable milestone. Embedding innovation and eco-friendly technologies, Indus Towers drives efficiency and amplifies capabilities, aligning with India's connectivity priorities. Our comprehensive tower infrastructure approach, encompassing ownership, deployment, and management, serves as a cornerstone for assisting our customers in realizing their network coverage strategies. As operators accelerate their 5G rollouts and drive network expansion, Indus Towers is actively matching their pace to seize the burgeoning growth opportunities and establish enduring value for the long term with sustainability at its core."*

Enabling communication for millions of people daily, Indus will continue to provide affordable, high-quality, and reliable services for India's growing network connectivity needs. The company has always introduced distinct industry-first initiatives and is taking constant steps to further strengthen its infrastructure.

###
