US firm Coherent sets up Centre of Excellence at IIT-M Research Park

Chennai, Sept 6: American firm Coherent, maker of lasers, sensors, and optics for industrial use, entered into a tripartite Memorandum of Understanding (MoU) with Guidance Tamil Nadu and IIT Madras Research Park (IITMRP) to establish its global Center of Excellence (CoE) in the innovation park's campus.

It is the company's first COE in India and the first of its kind in that it is co-located in a university research park. The investment in the new centre remains undisclosed. The CoE will focus on research and development (R&D) of

products and services for lasers, optical networking components and systems, EV batteries and compound semiconductor devices, for markets that are seeing growth from mobile, intelligent, and electric applications.

While the company did not specify the capacity of the centre, Coherent expects to start with an applications engineering lab for laser materials processing and will be hiring technical talent for it.

Dr Giovanni Barbarossa, Chief Strategy Officer and President (Materials Segment), Coherent noted that the company wanted to be close to industries

Turtle Wax increases presence in Chennai

Chennai, Sept 6: Turtle Wax, Inc., an award-winning Chicago-based car care company, today announced the launch of its another co-branded car-care studio in Chennai in partnership with Jagdamba Enterprises; 12, (Old No. 20), Woods Road, Chennai 600002. Equipped with ultra-modern Turtle Wax® detailing technologies and a team of highly qualified and trained service personnel, this Turtle Wax Car Care Studio® offers a wide range of car detailing services and products specifically designed to cater to the personalized taste of car enthusiasts. The studio was inaugurated by Ranjit Pratap, Managing Director of Rayala Corporation Private Limited,

Minister inaugurates Project Management South Asia Conference

Chennai, Sept 6:

The 15th Project Management South Asia Conference (PMSAC23) held in Chennai over the weekend was a grand success with over 780 project professionals coming together at ITC Chola to learn and gather insights from industry leaders and noteworthy speakers from diverse industries.

Themed 'Innovation in Action: Connecting Humans and Technology' the conference was co-hosted by the PMI Chennai Chapter.

The theme of the conference was

Palanivel Thiagarajan, Minister of Information Technology and Digital Services. Spread across two days, the conference was packed with enriching discussions on the importance of projects and programs, amidst technological innovations and human intervention, in driving change and delivering business outcomes. This year's conference was co-hosted by the PMI Chennai Chapter.

The theme of the conference was

centered around innovation and changing work environment in light of rapid digital transformation, emergence of new technologies and how the role of project professionals is changing. It focused on bridging the gap between human ingenuity and technological progress in the AI era, forging new frontiers in project management.

The conference also

celebrated excellence through the PMI South

Asia Awards Program, recognizing exceptional achievements in the realm of project management.

PMI conferences are curated with an overarching thought on empowering our community and pivoting them for professional success and social impact. In line with that, there were several activities conducted on the sidelines of the conference, for an immersive delegate experience.

Rotary Club donates 10 dialysis machines to Public Health Centre

humanitarian NGO with 50 years of service.

Rtn District Governor Dr Nandakumar explained the projects done during his tenure and also informed that rotary dist 3232 has contributed around rs 26 crores and assured more such projects will be done in coming days.

Money management: Key financial lessons for life

JRecent global events have proven to be a testimony to the importance of staying invested in the right kind of asset classes. However, what investors tend to overlook is that some of the most effective lessons with respect to money management have been taught to them at a very young age, itself!

JGrowing up, one has often heard of certain proverbs that have stayed with us. If one were to truly reflect on them, they also double up as valuable financial lessons for investors across various demographics. As the importance of financial planning becomes more significant than ever, it is time we look at some of these simple yet efficient financial lessons that everyone can follow to create a healthier financial lifestyle.

JDon't put all your eggs into one basket: Investors are advised not to allocate their entire investment corpus to a single scheme or asset class. This may result in the creation of a concentrated portfolio that may not achieve the desired output.

The objective of diversification needs to be to protect the investment portfolio by ensuring exposure across multiple asset classes. Furthermore, prudent asset allocation has the power to be a key differentiating factor in an investor's portfolio.

JDon't count your chickens before they hatch: It is wise to be careful and responsible when it comes to money management.

While investors can choose any particular asset class depending on their risk profile, it is advisable to thoroughly analyze and take expert help before finalizing on a particular class.

When investors are investing for the long run, it is important to understand how certain standard risks can affect the portfolio and make the necessary corrections in the investment strategy. Furthermore, getting overzealous by temporary market changes and changing the asset allocation using the movement as an indicative benchmark

JWhile there is some scope for change basis the market movement, the benefits or demerits largely depend on the investor's actions/choices. For instance, investors who opt to

stay invested in Quality-focused companies or assets with a higher risk appetite may see the impact reflected on their portfolio accordingly.

JDon't put all your eggs into one basket: Investors are advised not to allocate their entire investment corpus to a single scheme or asset class. This may result in the creation of a concentrated portfolio that may not achieve the desired output.

The objective of diversification needs to be to protect the investment portfolio by ensuring exposure across multiple asset classes. Furthermore, prudent asset allocation has the power to be a key differentiating factor in an investor's portfolio.

JWhile there is some scope for change basis the market movement, the benefits or demerits largely depend on the investor's actions/choices. For instance, investors who opt to

plan or emergency fund is gaining significance in investment portfolios to provide last minute access to liquidity without stressing the individual much.

All our lives, we have been taught by various teachers (our parents, those who schooled us, role models, everyone) that tough times don't last but tough people do! In the current volatile times, these significant life lessons are proving to be valuable financial lessons as well, acting as guiding principles.
