The Company considers such YTM/ redemption premium as contingent liability and has not provided for the same in the books of account for the quarter ended and for the six months ended September 30, 2021 amounting to Rs. 74.57 crores and Rs 189.43 crores respectively. The aggregate liability for such YTM from the date of allotment of OCDs till period ended September 30, 2021 is Rs. 1,579.55 crores. Had such interest been provided on OCD's, the reported loss for the quarter and six months ended September 30, 2021 would have been Rs. 186.45 crores and Rs 341.86 crores instead of loss of Rs 111.88 crores and Rs 152.43 crores respectively and Net worth of the Company would have been Rs. 1,336.60 crores.
5. Based on our review conducted as above, and except for our comments in para 4 above, nothing has come to our attention that causes us to believe that the accompanying standalone financial results, prepared in accordance with applicable Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued there

under and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the Listing Regulations including the manner in which it is to be disclosed, or that it contains any material misstatement.

6. (a) As stated in Note 8 of the standalone financial results, the Company during the last few years has incurred losses due to high raw material cost and lower price of finished goods, resulting into reduction of net worth of the Company. The Company has dues payable to farmers for sugar cane purchases. The Company is continuously striving for improvement in the operational efficiency in other parameters. The above factors indicate a material uncertainty, which may cast significant doubt about the Company's ability to continue as a going concern. The Company continues to operate at optimum levels and expects improvement in the operational efficiency in form of improvement in sugar recovery, reduction of overheads, finance and other costs, monetization of certain non-core assets etc. The debt restructuring as per RBI's S4A Scheme, would result into improved liquidity and the Government has taken various measures to improve the financial health of sugar industry. All these measures are expected to turnaround the operations of sugar industry on sustainable basis. The Company also expects to receive accrued benefits under the Sugar Industries Promotion Policy 2004 for which it is entitled to. In view of the above, the management expects to generate positive cash flow from operation and accordingly, the financial results are continued to be presented on going concern basis, which contemplates realization of assets and settlement of liabilities in the normal course of business.

(b) As stated in Note 5 to the standalone financial results, the Company has exposure aggregating to Rs 1,683.37 crores. in its three wholly-owned subsidiaries and Rs 611.45 crores in other companies, aggregating to Rs. 2,294.82 crores, by way of investments, loans, accumulated interest on these loans and receivables. Management is of the view that sufficient efforts are being undertaken to revive the said subsidiary in the foreseeable future so as to recover carrying value of the investments, loans, receivables, and the diminution/provisions, if any exists, is only of temporary nature. Further management believes that investments made, loans given and receivable due from other companies are also considered good and recoverable / realisable based on the future business plan of these companies, and on-going efforts towards obligation casted on the Company and its promoters to recover the outstanding loans in phased manner and accordingly no provision, other than those already accounted for, has been considered necessary. Further on the basis of principle of conservatism and prudence, the Company has not recognised interest income for the quarter and six months ended on September 30, 2021, of Rs 36.70 Crore and Rs 73.01 crores respectively, on inter corporate loans, as and when it is recoverable it will be recognized in the books.

Our opinion is not modified in respect of the above matters.

**Limited Review Report on Unaudited Quarterly and Year-to-date Consolidated Financial Results of Bajaj Hindusthan Sugar Limited under Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015**

**To the Board of Directors of  
Bajaj Hindusthan Sugar Limited**

1. We have reviewed the accompanying Statement of Consolidated Unaudited Financial Results of Bajaj Hindusthan Sugar Limited ("the Parent Company") and its subsidiaries (the Parent Company and its subsidiaries together referred to as "the Group") for the quarter ended September 30, 2021 and year to date from April 01, 2021 to September 30, 2021 ("consolidated financial results"), being submitted by the Parent Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulation") including relevant circulars issued by the SEBI from time to time.
2. The consolidated financial results, which is the responsibility of the Parent Company's Management and approved by the Parent Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. Our responsibility is to express a conclusion on the consolidated financial results based on our review.
3. We conducted our review of the consolidated financial results in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular CIR/CFD/CMD1/44/2019 dated March 29, 2019 issued by the SEBI under Regulation 33(8) of the Listing Regulations, to the extent applicable.

4. We draw attention to Note 4 of the consolidated financial results, regarding the non-provision of contractual obligation related to premium payable on Optionally Convertible Debentures (OCDs) at the time of redemption of OCDs issued to lenders pursuant to the Scheme for Sustainable Structuring of Stressed Assets (S4A Scheme) which stipulates that the yield to maturity (YTM) being the difference between weighted average interest and coupon rate payable as redemption premium at the time of redemption of OCDs redeemable in 13 equal instalments commencing from the Financial year 2024-25. The Group considers such YTM/ redemption premium as contingent liability and has not provided for the same in the books of account for the quarter ended and for the six months ended September 30, 2021 amounting to Rs. 74.57 crores and Rs. 189.43 crores respectively. The aggregate liability for such YTM from the date of allotment of OCDs till period ended September 30, 2021 is Rs. 1,579.55 crores. Had such interest been

provided on OCD's, the reported loss for the quarter and six months ended September 30, 2021 would have been Rs. 187.58 crores and Rs. 352.16 crores instead of loss of Rs 113.01 crores and Rs 162.73 crores respectively and net worth of the Group would have been Rs. 757.28 crores.

5. The consolidated financial results includes the results of the following entities:

Sr No	Name of Subsidiaries	Holding %	Country of Incorporation
1	Bajaj Aviation Private Limited	100%	India
2	Bajaj Power Generation Private Limited	100%	India
3	Bajaj Hindusthan (Singapore) Pte Ltd	100%	Singapore
4	PT Batu Bumi Persada	99.00%	Indonesia
5	PT Jangkar Prima	99.88%	Indonesia

6. Based on our review conducted and procedures performed as stated in paragraph 3 above and except for the effects of the matters described in paragraph 4 above, nothing has come to our attention that causes us to believe that the accompanying consolidated financial results, prepared in accordance with the applicable Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued there under and other recognized accounting practices and policies, has not disclosed the information required to be disclosed in terms of Regulation 33 of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

7. (a) As stated in Note 8 of the consolidated financial results, the Parent Company during the last few years has incurred losses due to high raw material cost and lower price of finished goods, resulting into reduction of net worth of the Parent Company. The Parent Company has dues payable to farmers for sugar cane purchases. The Parent Company is continuously striving for improvement in the operational efficiency in other parameters. The above factors indicate a material uncertainty, which may cast significant doubt about the Parent Company's ability to continue as a going concern. The Parent Company continues to operate at optimum levels and expects improvement in the operational efficiency in form of improvement in sugar recovery, reduction of overheads, finance and other costs, monetization of certain non-core assets etc. The debt restructuring as per RBI's S4A Scheme would result into improved liquidity and the Government has taken various measures to improve the financial health of sugar industry. All these measures are expected to turnaround the operations of sugar industry on sustainable basis. The Parent Company also expects to receive accrued benefits under the Sugar Industries Promotion Policy 2004 for which it is entitled to. In view of the above the management expects to generate positive cash flow from operation and accordingly, the financial results are continued to be presented on going concern basis, which contemplates realization of assets and settlement of liabilities in the normal course of business.

(b) As stated in Note 5 to the consolidated financial results, the Parent Company has exposure aggregating to Rs 611.45 crores in other companies, by way of investments, loans, accumulated interest on these loans and receivables. Management believes that investment made, loan given and receivables due from other companies are considered good and recoverable based on the future business plan of these companies and on-going efforts towards obligation casted on the Parent Company and its promoters to recover the outstanding loans in phased manner and accordingly no provision other than those already accounted for, has been considered necessary. Further on the Basis of principle of conservatism and prudence, the Group has not recognised interest income of Rs. 19.76 crores and Rs. 39.31 crores on such loans for the quarter and six months ended on September 30, 2021, as and when it is recoverable it will be recognised in the books.

Our opinion on the consolidated financial results is not modified in respect of the above matters.

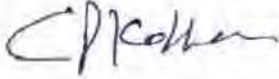

8. The consolidated unaudited financial results includes the interim financial statements / financial information / financial results of five subsidiaries which have not been reviewed by their auditors, whose interim financial statements / financial information / financial results reflect total assets of Rs 1,723.34 crores as at September 30, 2021 and total revenue of Rs 0.31 crores and Rs 0.39 crores, total net loss after tax of Rs 3.34 crores and Rs 14.76 crores and total comprehensive loss of Rs 3.60 crores and Rs 15.09 crores for the quarter and six months ended September 30, 2021, respectively, and cash outflows (net) of Rs 10.44 crores for the six months ended September 30, 2021, before giving effect to the consolidation adjustments, as considered in the consolidated unaudited financial results. According to the information and explanations given to us by the management, these interim financial statements / financial information / financial results are not material to the Group.

Our opinion on the consolidated financial results is not modified in respect of the above matter.
