Notice (Contd.)

NOTES:

1. The Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 (“the Act”) setting out material facts concerning the businesses under Item Nos. 3 to 5 of the accompanying Notice, is annexed hereto.
2. **General instructions for accessing and participating in the 86th AGM through VC/OAVM Facility and voting through electronic means including remote e-Voting.**
 - a. As you are aware, in view of the situation arising due to COVID-19 global pandemic, the general meetings of the companies shall be conducted as per the guidelines issued by the Ministry of Corporate Affairs (MCA) vide Circular No. 14/2020 dated April 8, 2020, Circular No.17/2020 dated April 13, 2020 and Circular No. 20/2020 dated May 05, 2020. The forthcoming AGM will thus be held through video conferencing (VC) or other audio visual means (OAVM). Hence, Members can attend and participate in the ensuing AGM through VC/OAVM.
 - b. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-voting to its Members in respect of the businesses to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
 - c. The Members can join the 86th AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to at least 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
 - d. The attendance of the Members attending the 86th AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013. Since the AGM will be held through VC / OAVM facility, Proxy Form, Attendance Slip including the Route Map is not annexed to this Notice.
 - e. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members may be appointed for the purpose of voting through remote e-voting, for participating in the 86th AGM through VC / OAVM facility and cast their votes through e-voting.
 - f. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the 86th AGM has been uploaded on the website of the Company at www.gillandersarbuthnot.com. FINANCIAL PERFORMANCE AND REVIEW OF OPERATIONS

During the financial year ended on 31st March, 2020, your Company has reported a standalone EBITDA of ₹ 3,035.09 Lakhs against ₹ 5,475.81 Lakhs during the previous year. Total Standalone Income from Operations has decreased to ₹ 61,489.73 Lakhs as against ₹ 70,537.19 Lakhs in the Previous Year. Operational matters have been discussed under 'Management Discussion and Analysis', detailed in appropriate part of this Report.

During the year under review, the operating profit margin ratio and net profit margin ratio was lower by more than 25 per cent when compared with the previous financial year. This was primarily due to operating losses incurred by the Company

Directors' Report *(Contd.)*

due to economic slowdown and Covid'19 which has been discussed in detail in Management Discussion and analysis section.

DIVIDEND AND TRANSFER TO RESERVE

In view of inadequacy of profits for the financial year ended on 31st March, 2020, your Directors have not recommended any dividend for the year. The Board of Directors of your Company, has decided not to transfer any amount to the Reserves for the year under review.

INVESTMENT IN GILLANDERS HOLDINGS (MAURITIUS) LIMITED, A WHOLLY OWNED SUBSIDIARY

During the year, the Company has invested an amount of USD 2,00,000 (United States Dollar Two Lakhs only) by subscribing to 2,00,000 numbers of fully paid up equity shares of USD 1 each, at par, of Gillanders Holdings (Mauritius) Limited, a Wholly Owned Foreign Subsidiary. In the month of June, 2020, the Company has further invested USD 31,00,000 (United States Dollar thirty one lakhs only) by subscribing to 31,00,000 fully paid up equity shares of USD 1 each, at par, of Gillanders Holdings (Mauritius) Limited, a Wholly Owned Foreign Subsidiary since the close of the reporting financial year to the date of this Report.

MANAGEMENT DISCUSSION AND ANALYSIS

Management's Discussion and Analysis Report for the year under review, as stipulated under Schedule V of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations') is presented in a separate section forming part of the Annual Report. The industry structure, development, performance, opportunities, threats, outlook, risk and concerns, internal control systems and its adequacy, financial performance with respect to operational performance and material developments in human resource and industrial relations have been discussed in the paragraphs to follow.

Textile Division

The textile industry in general and spinning industry in particular has been passing through a huge crisis mainly due to poor demand in both the domestic and international markets. The cotton spinning mills are highly dependent on the export of yarn, which was down by about thirty percent in the year under review, as compared to previous year, resulting in big crisis for the spinning mills. The synthetic spinning mills also faced a crisis as the import of synthetic yarn increased as compared to previous year.

Covid'19 came as a big blow to the already struggling industry with unprecedented crisis in both the domestic and international markets, as most of the countries resorted to lockdown. The lockdown has resulted in total disruption to the businesses and destruction of demand across the world.

India has imposed continuous lockdown in the month of April and May with negligible activity in the textile sector. After initial phase of complete lockdown the industry has been allowed to function with substantially reduced capacity which is not sustainable and viable. The industry will have to deal with the totally uncertain environment with regard to government directives and restrictions, unpredictable demand scenario, erratic and uncertain labour availability. The industry is expected to encounter unprecedented challenges in the current year. Your Directors are closely monitoring the situation and will take all necessary steps to minimize the impact.

Tea Division

The Global Tea Production (Excluding China) in the financial year 2019-20 was at par with 2018-19. All India Tea Production during 2019-20 is 1360.10 million kgs compared to 1349.60 million kgs in the previous financial year.

Your Division reported a production of 9.2 million kgs, which is marginally lower than the previous year. Adverse weather condition during the early part of the year and sale of Jutlibari Tea Estate during the last quarter of the financial year have resulted in lower production. Further, rapid spread of Covid 19 pandemic across the world, including India, followed by Lockdowns have impacted the production in the month of March 2020.

Directors' Report (Contd.)

Average Tea Prices at auction centers in North India witnessed a decrease of ₹ 3.00 per kg compared to the previous year, primarily due to decrease in price of non quality Tea. Price realization of our Bulk Tea is at par when compared with previous year.

During the year under review, Jutlibari Tea Estate, one of the tea estates of the Company, was sold to Jutlibari Tea and Plantations LLP, Assam in order to reduce the debts and improve the overall profitability of the Company.

During the period under review, the performance of the Export Division is stable. During the current year with an increased price in domestic market, economic slowdown in importing countries and lower price in African teas due to higher production may cause challenges for Indian tea export market. However, your Division is hopeful of maintaining it's performance in the coming year.

All seven factories of your Division are certified under ISO 22000-2005 and are also certified under Trustea. Your Division also enjoys RFA certification in its three Tea Estates located in the Golaghat districts.

During the current year, due to Covid'19 production of Tea is adversely affected till date, resulting in loss of revenue, increased cost of production, which would adversely impact the profitability of the Division. However, due to lower tea in supply chain, prices have firm up and shall remain buoyant during the year. The Division is continuing its focus on quality and mechanization and expects that the performance to be stable in the current year.

Engineering (MICCO) Division

MICCO (Engineering) Division is engaged mainly in the execution of EPC projects and different job work in the field of structural, mechanical, piping & electrical in different steel plants of India.

During the year under review, steel sector units are under stress due to worldwide low demand and falling price of steel products. During, the year under review, MICCO, having a good track record continued to remain adequately engaged in Tata Kalinganagar, RINL as well as in JSW Dolvi plant.

There has been impact of pandemic on progress of job during the current year resulting in slight increase in cost. However, your Directors are hopeful that with gradual opening up of the economy, demand shall improve and expects that the steel producers will proceed with expansion program albeit at a lower pace, which will help in procuring sufficient orders. Your Directors expect performance of this Division to be stable during the current year.

Property Division

The Division has reported revenue of ₹ 919.95 lakhs, which is 11.31% higher compared to previous year. The increase in Revenue was due to induction of new tenants and renewal of tenancy at increased rates. Comprehensive fire safety policy is rigorously implemented with installation of fire safety equipments and conducting of fire safety drills at regular intervals.

Due to Covid'19 and slowing down of economic activities, the performance of this Division may be adversely affected. However, continuous efforts would be made to increase occupancy and rationalize cost.

Internal financial control systems and their adequacy

Your Company has adequate Internal Financial Control Systems in all areas of operation. Your Board has adopted policies and procedures for ensuring the orderly and efficient conduct of its businesses, including adherence to the Company's policies, safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial disclosures. Internal Audits are conducted by Independent firms of Chartered Accountants and the reports are discussed with the operational heads by the CFO, Managing Director and Executive Director & CEO of the Company, and thereafter, placed before the Meetings of the Audit Committee of the Board of Directors. Representatives of the Statutory Auditors, Cost Auditors and Internal Auditors are also invited at the Meetings of the Audit Committee as and when required. Corrective measures suggested at the Audit Committee Meetings are duly implemented.

The Audit Committee of the Board also reviews the adequacy of Internal Financial Control Systems at regular intervals. No fraud has been reported by the Statutory Auditor, Secretarial Auditor, Cost Auditors or Internal Auditors of the Company.

Directors' Report (Contd.)

Human Resources and Industrial Relations

The Company has laid down the process for attracting, retaining and recognizing talent as it acknowledges the importance of good Human Resources. Company has cordial relation with employees and there is mutual respect and admiration for each other. The Directors wish to record their appreciation for the co-operation received from all employees. Industrial relation was good.

Caution Statement

Management Discussion and Analysis Report contains forward-looking statements, which are based on certain assumptions and expectations of future events. The Company's actual results and performance may differ from those projected due to unforeseen circumstances viz., political, economic, pandemic etc., over which the Company does not have any control. The Company assumes no responsibility to publicly amend, modify or revise any such statements on the basis of subsequent developments, information or events. Readers are advised to apply their diligence and independent judgment.

SUBSIDIARY/ASSOCIATE COMPANIES

Gillanders Holdings (Mauritius) Limited, Mauritius, the Direct Foreign Subsidiary, reported a loss before tax of ₹ 52.15 lakhs, against profit of ₹ 19.39 lakhs, during the previous year. No significant operational activities have been undertaken by the said Subsidiary during the year under review.

For the financial year ended on 31st March, 2020, Naming'omba Tea Estates Limited, Malawi (NTEL), a step down Foreign Subsidiary, has reported a profit before tax of ₹ 1,050.38 lakhs, against a reported profit of ₹ 1,371.83 lakhs for the previous year.

NTEL is engaged in growing and processing of Tea and Macadamia. NTEL is a material step down subsidiary of the Company, and it has not sold, disposed off or leased any asset of more than 25% of the assets on an aggregate basis during the year under review.

Tea production of NTEL for the year under review was 2.33 million kgs, compared to last year's production of 2.53 million kgs.

During the year, Macadamia (N I H) production of NTEL was 2.07 million kgs against last year's production of 2.22 million kgs. Further, we have done extension planting of 124.55 Hectares of macadamia and will continue extension plans in coming years.

During the year under review, your Company did not have associate/joint venture. A separate section on the performance and financial position of the Subsidiaries in Form AOC-1 is part of the Annual Report and is annexed to the Report.

FIXED DEPOSITS

The Company is eligible to invite, accept or renew deposits under the provisions of the Act and Rules framed therein.

As on 31st March, 2020 an amount of ₹ 3,786.12 lakhs was outstanding as fixed deposit from the public and Shareholders of your Company out of which ₹ 1,953.74 lakhs were accepted / renewed during the year.

During the year under review, your Company has accepted / renewed deposits aggregating to ₹ 1,953.74 lakhs, which comprise of Fixed Deposit for ₹ 459.04 lakhs and Cumulative Deposit for ₹ 1,494.70 lakhs.

Directors' Report (Contd.)

Matured Fixed Deposits for ₹ 18.64 lakhs remained unpaid and unclaimed as on 31st March, 2020, out of which Fixed Deposit for ₹ 13.48 lakh has been claimed and were repaid till date. There is no default in repayment of deposits and in payment of interest thereon.

All Fixed Deposits have been accepted in compliance with the requirements of the Companies Act, 2013 and Rules framed therein. No order has been passed by the National Company Law Tribunal/National Company Law Appellate Tribunal for extension of time for repayment nor has any penalty been imposed by the said Authorities.

Annexure to the Directors' Report (Contd.)

[In accordance with Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI Listing Regulations”), as amended, the Directors present the Company’s Report on Corporate Governance with respect to the financial year ended on 31st March, 2020.]

I. Company’s philosophy on Corporate Governance

The Company believes that good Corporate Governance means the adoption of best practices to ensure that the Company operates not only within the regulatory framework but is also guided by the broader business ethics. The Company’s policy is reflected by the values of integrity, transparency, professionalism and accountability. The adoption of business and corporate practices based on transparency, professionalism and accountability, besides creating wealth for the shareholders, benefits the customers, creditors, employees, government and society at large.

The Company believes in meaningful policy on Corporate Governance by empowering the senior management and creating a mechanism of checks and balances to ensure that the decision making powers vested in the senior management are used with care and responsibility to meet the stakeholder’s aspirations and societal expectations.

The Company is compliant with the provisions of Regulations 17 to 27, and clause (b) to (i) of sub regulation (2) of Regulation 46 and paras C, D and E of Schedule V of SEBI Listing Regulations, as applicable, with regard to Corporate Governance.

II. Board of Directors (hereinafter referred to as the ‘Board’)

The Board is entrusted with the ultimate responsibility of the management, affairs, directions and performance of the Company and has been vested with requisite powers, authorities and duties.

(A) Composition of Board

During the financial year ended on 31st March, 2020, your Company’s Board was duly constituted in accordance with the requirements laid down under the Companies Act, 2013 (hereinafter referred to as ‘the Act’) and Regulation 17(1) of SEBI Listing Regulations. As on 31st March, 2020 the Board comprised of 8 (Eight) Directors, out of which 4 (Four) being Independent Directors, 2 (Two) being Non – Executive Promoter Directors and 2 (Two) being Executive Directors (one Managing Director and one Whole time Director designated as Executive Director & Chief Executive Officer [CEO]) with considerable experience in their respective fields. In compliance with the requirements of the Act and SEBI Listing Regulations, the Company has 1 (One) Woman Director on its Board.

The Chairman provides overall direction and guidance to the Board. Presently, Mr. Mahesh Sodhani, the Managing Director and Mr. Manoj Sodhani, Executive Director & CEO of the Company are responsible for the overall implementation of the decisions and policies framed by the Board. In the operations and functioning of the Company, the Managing Director and Executive Director & CEO is assisted by the operational and functional heads.

During the financial year ended on 31st March, 2020 Mr. H.M. Parekh and Dr. H. P. Kanoria ceased from the directorship of the Company with effect from 9th August, 2019 on successful completion of their two consecutive terms of 5 (five) years each as Independent Directors of the Company.

Based on the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Company at their meeting held on 28th May, 2019 had:

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF GILLANDERS ARBUTHNOT AND COMPANY LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Gillanders Arbuthnot and Company Limited** (“the Company”), which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flows Statement for the year ended on that date, and a summary of the significant accounting policies and other explanatory information in which are included the financial statements for the year ended on that date audited by the branch auditors of the one unit of the Company’s Engineering (MICCO) Division (hereinafter referred to as “the standalone financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the loss and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the “Auditor’s Responsibilities for the Audit of the Standalone Financial Statements” section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matter

We draw attention to Note 54 of the standalone financial statements, which describes the extent to which the COVID-19 Pandemic will impact the Company's results which depend on future developments that are highly uncertain.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Independent Auditors' Report (Contd.)

Key Audit Matter	How our audit addressed the key audit matter
1. Revenue Recognition (See note 27 to the Standalone Financial Statements)	
<p>Revenue recognition is significant audit risk within the Company.</p> <p>The revenue standard establishes a comprehensive framework for determining whether, how much and when revenue is recognized. This involves certain key judgments relating to identification of distinct performance obligations, determination of transaction price of identified performance obligation, the appropriateness of the basis used to measure revenue recognized over a period. Additionally, the standard mandates robust disclosures in respect of revenue and periods over which the remaining performance obligations will be satisfied subsequent to the balance sheet date.</p> <p>Risk exists that revenue is recognized without substantial transfer of control and is not in accordance with Ind AS-115 "Revenue from Contracts with Customers".</p>	<p>Our audit consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows:</p> <ul style="list-style-type: none"> ▪ Evaluated the design and tested the operative effectiveness of the internal controls relating to revenue recognition, discounts and rebates. ▪ Tested sample of sale transactions to their respective customer contracts, underlying invoices and related documents. ▪ Obtained confirmations from customers on sample basis to support existence assertion of trade receivables and assessed the relevant disclosures made in the financial statements; to ensure revenue from contracts with customers are in accordance with the requirements of relevant accounting standards. ▪ In case of construction contracts, reviewed the Company's estimation process (including the approval of project budget, monitoring of project costs and activities, and management's review and customer's approval of project's stage of completion and milestones achieved) used in determining the amounts of revenue and costs recognised in Company's financial statements.
2. Impairment of Assets (See note 4 to the Standalone Financial Statements)	
<p>Significant judgement is involved in assessing property, plant and equipment for impairment. At the end of every reporting period, the Company assesses whether there is any indication that an asset or cash generating unit (CGU) may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset or CGU.</p> <p>The determination of recoverable amount, being the higher of fair value less costs to sell and value-in-use involves significant estimates, assumptions and judgements of the long-term financial projections.</p> <p>Impairment of assets is a key audit matter considering the significance of the carrying value, long term estimation and the significant judgements involved in the impairment assessment.</p>	<p>Our audit procedures included considering the Company's accounting policies with respect to impairment in accordance with Ind AS 36 "Impairment of Assets".</p> <p>We performed test of controls over impairment process through inspection of evidence of performance of these controls. We performed the following tests of details:</p> <ul style="list-style-type: none"> ▪ We obtained the management's impairment assessment. ▪ We evaluated the key assumptions including projected cash flows. In determining future cash flows management is required to make assumptions relating to future profitability, including revenue growth and operating margins, and the determination of an appropriate discount rate, all of which are subject to management override as the outcome of the impairment assessments could vary significantly if different judgements are applied. ▪ We have tested the workings of management for ascertaining fair value and costs of disposal of CGU for ascertaining recoverable amount.

Independent Auditors' Report (Contd.)

Key Audit Matter	How our audit addressed the key audit matter
3. Expected Credit Loss (See note 51A to the Standalone Financial Statements)	
The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS – 109 requires expected credit losses to be measured through a loss allowance. The company recognizes impairment loss for trade receivables that do not constitute a financing transaction using expected credit loss model, which involves use of a provision matrix constructed on the basis of historical credit loss experience. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.	<p>Our Audit procedure on evaluation of Expected credit loss model include:</p> <ul style="list-style-type: none"> ▪ Obtained an understanding of the Company's process for estimating the ECL of various eligible assets included in the Standalone Financial Statements. ▪ Evaluated the detailed analysis performed by management on revenue by selecting samples for the existing contracts with customers. ▪ Evaluated the calculation of historical loss rate on the basis of historical trends, industry practices, business environment in which company operates & forward looking information.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the presentation of the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Independent Auditors' Report (Contd.)

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements and other financial information of the Company's Engineering (MICCO) Division whose financial statements reflect total assets of Rs. 16627.91 lakhs as at 31st March 2020 and total revenue of ₹ 8142.67 lakhs for the year ended on that date. This financial statements/ financial information has been audited by other auditor and whose report have been furnished to us by the management. Our opinion on the Statement, in so far as it relates to the affairs of such division is based solely on the reports of the other auditors.

Our opinion is not modified in respect of this matter.

Independent Auditors' Report (Contd.)

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

 - e) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with the relevant Rules thereon.
 - f) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
 - g) With respect to the adequacy of the internal financial controls over financial reporting with reference to financial statements of the Company with reference to these standalone financial statements and the operating effectiveness of such controls, refer to our separate Report in Annexure "B" to this report. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting with reference to financial statements with reference to these standalone financial statements.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations as at March 31, 2020 on its financial position in its Standalone financial statements - Refer Note No. 39 to the Standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

(Referred to in paragraph 2(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls over financial reporting with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Gillanders Arbuthnot and Company Limited** ("the Company") as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls over financial reporting with reference to financial statements

A company's internal financial control over financial reporting with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and

Annexure 'B' to the Independent Auditors' Report (Contd.)

dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over financial reporting with reference to financial statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2020, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid reports u/s 143 (3) (i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting with reference to financial statements in so far as it relates to one unit of the Company's Engineering (MICCO) Division is based on the corresponding report of the branch auditor of such unit. Our opinion is not modified in respect of this matter.

NOTES TO STANDALONE FINANCIAL STATEMENTS as on and for the year ended 31st March 2020

1. CORPORATE AND GENERAL INFORMATION

Gillanders Arbuthnot and Company Limited (GACL) was incorporated as a Limited Company in India under the Companies Act in the year 1935 having its registered office at Kolkata. It became part of well-known Kothari Group of Companies in the late sixties. The Company primarily deals in manufacture and sale of tea, manufacture and sale of yarn and fabric made out of Cotton and Man Made Fibres, Manufacture and sale of Steel Structural , Pipes and Equipment and designing, supplying , erection and commissioning of projects on turnkey basis , and letting out of property on Rent.

2. BASIS OF PREPARATION

2.1. Statement of Compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards (“Ind AS”) as prescribed by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 (“the Act”), read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended), other relevant provisions of the Act and other accounting principles generally accepted in India.

The financial statements of the Company for the year ended 31st March, 2020 have been approved by the Board of Directors in their meeting held on 30th June, 2020.

2.2. Basis of Accounting

The Company maintains accounts on accrual basis following the historical cost convention, except for followings:

- Certain Financial Assets and Liabilities is measured at Fair value/ Amortized cost (Refer Note 48);
- Derivative Financial Instruments measured at fair value;
- Defined Benefit Plans – Plan assets measured at Actuarial Valuation; and
- Biological Assets – At fair value less cost to sell

2.3. Functional and Presentation Currency

The Financial Statements are presented in Indian Rupee (INR), which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates. All financial information presented in INR has been rounded off to the nearest lakhs as per the requirements of Schedule III, unless otherwise stated.

2.4. Use of Estimates and Judgements

The preparation of financial statements in conformity with Ind AS requires judgements, estimates and assumptions to be made that affect the reported amount of assets and liabilities, disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Revision to accounting estimates are recognized in the period in which the estimates are revised and future periods affected. For details of estimates and judgements used in preparation of financial statements refer Note 3.19.

2.5. Presentation of Financial Statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 (“the Act”). The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 “Statement of Cash flows”. The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Division II of Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified

NOTES TO STANDALONE FINANCIAL STATEMENTS as on and for the year ended 31st March 2020 (*Contd.*)

Accounting Standards and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended).

2.6. Operating Cycle for current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1 "Presentation of Financial Statements". The Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

An asset is classified as current when it is:

- Expected to be realized or is intended to be sold or consumed in the normal operating cycle; or
- Held primarily for the purpose of trading; or
- Expected to be realized within twelve months after the reporting period; or
- Cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

Similarly a liability is current if:

- It is expected to be settled in normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current. Deferred Tax Assets and Liabilities are classified as non-current assets and liabilities respectively.

2.7. Measurement of Fair Values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

NOTES TO STANDALONE FINANCIAL STATEMENTS as on and for the year ended 31st March 2020

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 — Inputs which are unobservable inputs for the asset or liability.

External valuers are involved for valuation of significant assets and liabilities. Involvement of external valuers is decided by the management of the company considering the requirements of Ind AS and selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

3. SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all the periods presented in the financial statements.

3.1. INVENTORIES

Inventories are valued at the lower of cost and net realizable value (NRV). Cost is measured by including, unless specifically mentioned below, cost of purchase and other costs incurred in bringing the inventories to their present location and condition. NRV is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

- **Raw Materials, Stores and Spare Parts:** At Cost (on weighted average basis) or Net Realizable Value whichever is lower. Cost of harvested tea leaves, produced from own gardens, is measured at fair value less cost to sell at the point of harvest of tea leaves. Materials and other items held for use in the production of inventories are not written down below costs, if finished goods in which they will be incorporated are expected to be sold at or above cost.
- **Stock in Process:** Is valued with material at lower of weighted average cost and market rate and estimated conversion cost. In case of textile, in view of substantially large number of items in stock in progress, it is not feasible to maintain the status of movement of each item at shop floor on perpetual basis. The Company, however, physically verifies such stocks at the end of the year and valuation is made on the basis of such physical verification.
- **Finished Goods:** Finished goods produced from agricultural produce are valued at lower of cost and the net realizable value. Cost is arrived at by adding the cost of conversion to the fair value of agricultural produce. Other finished goods are measured at cost or NRV whichever is lower.
- **Contract in Progress:** For long term contracts, contract in progress is valued at realizable value/ contractual rate and provision for losses, as may be estimated for completion thereof.
- **Stock in Trade:** Measured at cost (i.e., purchase cost) or net realizable value whichever is lower.
- **Waste/ Scrap:** Waste and Scrap (including tea waste) are valued at estimated realizable value.

3.2. CASH AND CASH EQUIVALENTS

Cash and cash equivalents in the Balance Sheet comprise cash at bank and in hand and short-term deposits with banks that are readily convertible into cash which are subject to insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments.

NOTES TO STANDALONE FINANCIAL STATEMENTS as on and for the year ended 31st March 2020 *(Contd.)***3.3. INCOME TAX**

Income Tax expenses comprise current tax and deferred tax charge or credit.

Current Tax is measured on the basis of estimated taxable income for the current accounting period in accordance with the applicable tax rates and the provisions of the Income-tax Act, 1961 and other applicable tax laws.

Deferred tax is provided, on all temporary differences at the reporting date between the carrying amount of assets and liabilities for financial reporting purposes and its tax base. Deferred tax assets and liabilities are measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted at the reporting date. Tax relating to items recognized directly in equity or Other Comprehensive Income (OCI) is recognized in equity or OCI and not in the Statement of Profit and Loss. Deferred tax assets include Minimum Alternate Tax (MAT) paid (tax credit) in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability and is considered as an asset if it is probable that future taxable profit will be available against which these tax credit can be utilized.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable.

3.4. PROPERTY, PLANT AND EQUIPMENT**3.4.1. Tangible Assets (Other than Bearer Plants)****3.4.1.1. Recognition and Measurement:**

- Property, plant and equipment held for use in the production and/or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost, less any accumulated depreciation and accumulated impairment losses (if any).
- Cost of an item of property, plant and equipment acquired comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting any trade discounts and rebates, any directly attributable costs of bringing the assets to its working condition and location for its intended use and present value of any estimated cost of dismantling and removing the item and restoring the site on which it is located.
- In case of self-constructed assets, cost includes the costs of all materials used in construction, direct labour, allocation of directly attributable overheads, directly attributable borrowing costs incurred in bringing the item to working condition for its intended use, and estimated cost of dismantling and removing the item and restoring the site on which it is located. The costs of testing whether the asset is functioning properly, after deducting the net proceeds from selling items produced while bringing the asset to that location and condition are also added to the cost of self-constructed assets.
- If significant parts of an item of property, plant and equipment have different useful lives then they are accounted for as separate items (major components) of property, plant and equipment.
- Profit or loss arising on the disposal of property, plant and equipment are recognized in the Statement of Profit and Loss in the year of disposal.

NOTES TO STANDALONE FINANCIAL STATEMENTS as on and for the year ended 31st March 2020

3.4.1.2. Subsequent Measurement:

- Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced.
- Major Inspection/ Repairs/ Overhauling expenses are recognized in the carrying amount of the item of property, plant and equipment as a replacement if the recognition criteria are satisfied. Any unamortized part of the previously recognized expenses of similar nature is derecognized.

3.4.1.3. Depreciation:

- Depreciation on Property, Plant and Equipment is provided under Straight Line Method at rates determined based on the useful life of the respective assets and their residual value in accordance with Schedule II of the Companies Act, 2013 or as reassessed by the Company based on the technical evaluation.
- In respect of the Plant and Machinery other than continuous process plant under Textile Division, useful life of 30 years has been considered on the basis of technical evaluation, which is different from life specified in Schedule II.
- In respect of spares for specific machinery, it is depreciated over the remaining useful life of the related machinery as estimated by the management.
- Depreciation on additions / (disposals) during the year is provided on a pro-rata basis i.e., from / (up to) the date on which asset is ready for use / (disposed of).
- Depreciation method, useful life and residual values are reviewed at each financial year-end and adjusted if appropriate.

3.4.1.4. Disposal of Assets

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between net disposal proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss.

3.4.1.5. Capital Work in Progress

Capital work-in-progress is stated at cost which includes expenses incurred during construction period, interest on amount borrowed for acquisition of qualifying assets and other expenses incurred in connection with project implementation in so far as such expenses relate to the period prior to the commencement of commercial production.

3.4.2. Bearer Plants

3.4.2.1. Recognition and Measurement:

- Bearer Plants, comprising of mature tea bushes are stated in the balance sheet at cost, less any accumulated depreciation and accumulated impairment losses (if any).
- Cost of bearer plants includes the cost of uprooting, land development, rehabilitation, planting of Guatemala, planting of shade trees, cost of nursery, drainage, cultivation, fertilizers, agro-chemicals, pruning and infilling etc.

NOTES TO STANDALONE FINANCIAL STATEMENTS as on and for the year ended 31st March 2020 *(Contd.)***3.4.2.2. Subsequent Measurement:**

Costs incurred for infilling including block infilling are generally recognized in the Statement of Profit and Loss unless there is a significant increase in the yield of the sections, in which case such costs are capitalized and depreciated over the remaining useful life of the respective sections.

3.4.2.3. Depreciation:

- Depreciation on bearer plants is recognized so as to write off its cost over useful lives, using the straight-line method.
- Estimated useful life of the bearer plants has been determined by the Management. The residual value in case of Bearer Plants has been considered as NIL.
- The estimated useful life, residual value and depreciation method are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

3.4.2.4. Capital Work in Progress

Young tea bushes and shade trees, including the cost incurred for procurement of new seeds and maintenance of nurseries, are carried at cost less any recognized impairment losses under capital work-in-progress. Cost includes the cost of land preparation, new planting and maintenance of newly planted bushes until maturity. On maturity, these costs are classified under bearer plants. Depreciation of bearer plants commence on maturity.

3.5. INTANGIBLE ASSETS**3.5.1. Recognition and Measurement**

Software which is not an integral part of related hardware is treated as intangible asset and is stated at cost on initial recognition and subsequently measured at cost less accumulated amortization and accumulated impairment loss, if any.

3.5.2. Subsequent Expenditure

Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Company and the cost of the item can be measured reliably. All other expenditure is recognized in the Statement of Profit and Loss.

3.5.3. Amortization

- Intangible assets are amortized over a period of five years.
- The amortization period and the amortization method are reviewed at least at the end of each financial year. If the expected useful life of the assets is significantly different from previous estimates, the amortization period is changed accordingly.

3.5.4. Intangible Assets under Development

Intangible Assets under development is stated at cost which includes expenses incurred in connection with their development in so far as such expenses relate to the period prior to their getting the assets ready for use.

3.6. LEASES

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

NOTES TO STANDALONE FINANCIAL STATEMENTS as on and for the year ended 31st March 2020

3.6.1. As a lessee:

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use Assets (ROU Assets)

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. Refer to the accounting policies in Note 3.15 Impairment of non-financial assets.

ii) Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs. In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is re-measured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset. Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of properties, machinery and equipment (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

3.6.2. As a lessor:

Lease income from operating leases where the Company is a lessor is recognized in income on a straight line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

NOTES TO STANDALONE FINANCIAL STATEMENTS as on and for the year ended 31st March 2020 (*Contd.*)**3.7. REVENUE RECOGNITION**

Revenue from contracts with customers is recognized on transfer of control of promised goods or services to a customer at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract. This variable consideration is estimated based on the expected value of outflow. Revenue (net of variable consideration) is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

3.7.1. Sale of Products:

Revenue from sale of products is recognized when the control on the goods have been transferred to the customer. The performance obligation in case of sale of product is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract.

3.7.2. Revenue from construction contracts:

Revenue from fixed-price construction contract, where the performance obligations are satisfied over time and where there is no uncertainty as to measurement or collectability of consideration, is recognized as per the percentage-of completion method. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is assessed by the Management. Efforts or costs expended have been used to measure progress towards completion. Provisions for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date. The significant terms of payment of the contract are the Job advances, progressive payments and mile stone payments as mutually agreed upon.

3.7.3. Rental Income:

Rental income from operating lease is recognized on a straight-line basis over the term of the relevant lease unless the payments are structured to increase in line with expected general inflation to compensate for the company's expected inflationary cost increases.

3.7.4. Other Income:

3.7.4.1. Interest Income: For all debt instruments measured either at amortized cost or at fair value through other comprehensive income (FVTOCI), interest income is recorded using the effective interest rate (EIR) through Statement of Profit and Loss. EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset.

3.7.4.2. Dividend Income: It is accounted for in the period in which the right to receive the same is established.

3.7.4.3. Other Income: Other items of income are accounted for as and when the right to receive such income arises, it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably.

NOTES TO STANDALONE FINANCIAL STATEMENTS as on and for the year ended 31st March 2020

3.8. EMPLOYEE BENEFITS

3.8.1. Short Term Benefits

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as the related services are provided. Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period.

3.8.2. Other Long Term Employee Benefits

The liabilities for earned leaves that are not expected to be settled wholly within twelve months are measured as the present value of the expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the government securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of related obligation. Re-measurements as the result of experience adjustment and changes in actuarial assumptions are recognized in statement of profit and loss immediately.

3.8.3. Post-Employment Benefits

The Company operates the following post-employment schemes:

➤ Defined Contribution Plan

Defined contribution plans such as Provident Fund, Employee State Insurance etc. are charged to the statement of profit and loss as and when incurred. Further for certain employees the monthly contribution for provident fund is made to a trust administered by the company. The interest payable by the trust is notified by the government. The company has an obligation to make good the shortfall, if any. Based on the guidance note on measurement of provident fund liabilities from The Actuarial Society the actuary has provided the valuation of interest guaranteed on Provident Fund.

➤ Defined Benefit Plans

The liability or asset recognized in the Balance Sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods. The defined benefit obligation is calculated annually by Actuaries using the projected unit credit method.

The liability recognized for defined benefit plans is the present value of the defined benefit obligation at the reporting date less the fair value of plan assets, together with adjustments for unrecognized actuarial gains or losses and past service costs. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. The benefits are discounted using the government securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of related obligation.

Re-measurement of the net defined benefit obligation, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling, are recognized in other comprehensive income. Re-measurement recognized in other comprehensive income will not be reclassified to the statement of profit and loss.

NOTES TO STANDALONE FINANCIAL STATEMENTS as on and for the year ended 31st March 2020 *(Contd.)***3.9. GOVERNMENT GRANTS**

Government grants are recognized at their fair value, where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognized as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed.

The grant relating to the acquisition/ construction of an item of property, plant and equipment is included in non-current liability as deferred income and is credited to statement of profit and loss on the same systematic basis as the respective asset is depreciated over its expected life and is presented in other operating income.

Alternatively, the same can be presented by deducting the grant from the carrying amount of the asset.

3.10. FOREIGN CURRENCY TRANSACTIONS

- Foreign currency (other than the functional currency) transactions are translated into the functional currency using the spot rates of exchanges at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rate of exchanges at the reporting date.
- Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities are generally recognized in statement of profit and loss in the year in which they arise except for exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those qualifying assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings, the balance is presented in the Statement of Profit and Loss within finance costs.
- Non- monetary items are not retranslated at period end and are measured at historical cost (translated using the exchange rate at the transaction date).

3.11. BORROWING COSTS

- Borrowing Costs consists of interest and other costs that an entity incurs in connection with the borrowings of funds. Borrowing costs also includes foreign exchange difference to the extent regarded as an adjustment to the borrowing costs.
- Borrowing costs directly attributable to the acquisition or construction of a qualifying asset are capitalized as a part of the cost of that asset which necessarily takes a substantial period of time to complete and prepare the asset for its intended use or sale.
- Transaction costs in respect of long term borrowing are amortized over the tenure of respective loans using Effective Interest Rate (EIR) method. All other borrowing costs are recognized in the statement of profit and loss in the period in which they are incurred.

3.12. INTEREST IN SUBSIDIARIES

Investments in subsidiaries are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, the difference between net disposal proceeds and the carrying amounts are recognized in the statement of profit and loss.

NOTES TO STANDALONE FINANCIAL STATEMENTS as on and for the year ended 31st March 2020

3.13. FINANCIAL INSTRUMENTS

A financial instrument is any contract that gives rise to a financial asset to one entity and a financial liability or equity instrument to another entity.

3.13.1. Financial Assets

➤ **Recognition and Initial Measurement:**

All financial assets are initially recognized when the company becomes a party to the contractual provisions of the instruments. A financial asset is initially measured at fair value plus, in the case of financial assets not recorded at fair value through statement of profit and loss, transaction costs that are attributable to the acquisition of the financial asset.

➤ **Classification and Subsequent Measurement:**

For the purposes of subsequent measurement, financial assets are classified in four categories:

- ❖ Measured at Amortized Cost;
- ❖ Measured at Fair Value Through Other Comprehensive Income (FVTOCI);
- ❖ Measured at Fair Value Through Statement of Profit and Loss (FVTPL); and
- ❖ Equity Instruments measured at Fair Value Through Other Comprehensive Income (FVTOCI).

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

- ❖ **Measured at Amortized Cost:** A debt instrument is measured at the amortized cost if both the following conditions are met:
 - The asset is held within a business model whose objective is achieved by both collecting contractual cash flows; and
 - The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit or loss. The losses arising from impairment are recognised in the Statement of profit and loss. This category generally applies to trade receivables, cash and bank balances, loans and other financial assets of the company.

- ❖ **Measured at FVTOCI:** A debt instrument is measured at the FVTOCI if both the following conditions are met:
 - The objective of the business model is achieved by both collecting contractual cash flows and selling the financial assets; and
 - The asset's contractual cash flows represent SPPI.

Debt instruments meeting these criteria are measured initially at fair value plus transaction costs. They are subsequently measured at fair value with any gains or losses arising on remeasurement recognized in other comprehensive income, except for impairment gains or losses and foreign exchange gains or losses. Interest calculated using the effective interest method is recognized in the statement of profit and loss in investment income.

NOTES TO STANDALONE FINANCIAL STATEMENTS as on and for the year ended 31st March 2020 *(Contd.)*

- ❖ **Measured at FVTPL:** FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as FVTPL. In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.
- ❖ **Equity Instruments measured at FVTOCI:** All equity investments in the scope of Ind AS – 109 are measured at fair value. Equity instruments which are, held for trading are classified as at FVTPL. For all other equity instruments, the company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. In case the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of investment.
- **Derecognition:**

The Company derecognizes a financial asset on trade date only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.
- **Impairment of Financial Assets:**

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS – 109 requires expected credit losses to be measured through a loss allowance. The company recognizes impairment loss for trade receivables that do not constitute a financing transaction using expected credit loss model, which involves use of a provision matrix constructed on the basis of historical credit loss experience. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

3.13.2. Financial Liabilities

- **Recognition and Initial Measurement:**

Financial liabilities are classified, at initial recognition, as at fair value through Statement of profit and loss, loans and borrowings, payables or as derivatives, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.
- **Subsequent Measurement:**

Financial liabilities are measured subsequently at amortized cost or FVTPL. A financial liability is classified as FVTPL if it is held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in Statement of profit and loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest rate method. Interest expense and foreign exchange gains and losses are recognized in statement of profit and loss. Any gain or loss on derecognition is also recognized in statement of profit and loss.
- **Financial Guarantee Contracts:**

Financial guarantee contracts issued by the company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirement of Ind AS- 109 and the amount recognized less cumulative amortization.

NOTES TO STANDALONE FINANCIAL STATEMENTS as on and for the year ended 31st March 2020

➤ **Derecognition:**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

3.13.3. Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the counterparty.

3.13.4. Derivative financial instruments:

The Company enters into derivative financial instruments viz. foreign exchange forward contracts, to manage its exposure to foreign exchange rate risks. The Company does not hold derivative financial instruments for speculative purposes.

Derivatives are initially recognized at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognized in Statement of profit and loss immediately.

3.14. Earnings Per Share

Basic Earnings per share (EPS) amounts are calculated by dividing the profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted EPS amounts are calculated by dividing the profit attributable to equity shareholders adjusted for the effects of potential equity shares by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

3.15. Impairment of Non-Financial Assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. An asset is treated as impaired when the carrying cost of the asset exceeds its recoverable value being higher of value in use and net selling price. Value in use is computed at net present value of cash flow expected over the balance useful lives of the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows which are largely independent of the cash flows from other assets or group of assets (Cash Generating Units – CGU).

An impairment loss is recognized as an expense in the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in earlier accounting period is reversed if there has been a change in recoverable amount.

3.16. Provisions, Contingent Liabilities and Contingent Assets

3.16.1. Provisions:

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost.

NOTES TO STANDALONE FINANCIAL STATEMENTS as on and for the year ended 31st March 2020 *(Contd.)***3.16.2. Contingent Liabilities:**

Contingent liability is a possible obligation arising from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefit will be required to settle the obligations or reliable estimate of the amount of the obligations cannot be made. The Company discloses the existence of contingent liabilities in Other Notes to the Financial Statements.

3.16.3. Contingent Assets:

Contingent asset usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits. Contingent Assets are not recognized though are disclosed, where an inflow of economic benefits is probable and where the amount can be measured reliably.

3.17. Biological Assets and Agricultural Produce**3.17.1. Biological Assets:**

Biological assets of the company comprise of un-harvested green tea leaves that are classified as current biological assets.

The Company recognizes biological assets when, and only when, the Company controls the assets as a result of past events, it is probable that future economic benefits associated with such assets will flow to the company and the fair value or cost of the assets can be measured reliably. Expenditure incurred on biological assets is measured on initial recognition and at the end of each reporting period at its fair value less costs to sell. The gain or loss arising from a change in fair value less cost to sell of biological assets is included in Statement of Profit and Loss for the period in which it arises.

3.17.2. Agricultural Produce:

The Company recognizes agricultural produce when, and only when, the Company controls the assets as a result of past events, it is probable that future economic benefits associated with such assets will flow to the Company and the fair value or the cost of the assets can be measured reliably. Agricultural produce harvested from the Company's biological assets are valued at fair value less cost to sell at the point of harvest. A gain or loss arising on initial recognition of agricultural produce at fair value less cost to sell shall be included in Statement of Profit and Loss for the period in which it arises.

The Company's agricultural produce comprises of green leaves plucked from its tea estates.

3.18. Operating Segment:

Operating Segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors. Segments are organized based on businesses which have similar economic characteristics as well as exhibit similarities in nature of production processes, the type and class of customer and distribution methods.

Segment revenue arising from third party customers is reported on the same basis as revenue in the financial statements. Inter-segment revenue is reported on the basis of transactions which are primarily market led. Segment results represent profits before finance charges, unallocated corporate expenses and taxes. "Unallocated Expenses" include revenue and expenses that relate to initiatives/ costs attributable to the enterprise as a whole and are not attributable to individual segments.

3.19. SIGNIFICANT JUDGEMENTS AND KEY SOURCES OF ESTIMATION IN APPLYING ACCOUNTING POLICIES

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances. Information about significant judgements and key sources of estimation made in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements is included in the following notes:

- **Revenue Recognition:** In case of construction contracts, the Company uses the percentage of completion method in accounting for its fixed-price contracts. Use of the percentage of completion method requires the Company to estimate the efforts or costs expended to date as a proportion of the total efforts or costs to be expended. Efforts or costs expended have been used to measure progress towards completion.
- **Recognition of Deferred Tax Assets:** The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilized. In addition, significant judgement is required in assessing the impact of any legal or economic limits.
- **Useful lives of depreciable/ amortizable assets (tangible and intangible):** Management reviews its estimate of the useful lives of depreciable/ amortizable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to actual normal wear and tear that may change the utility of property, plant and equipment.
- **Classification of Leases:** The Company enters into leasing arrangements for various assets. The classification of the leasing arrangement as a finance lease or operating lease is based on an assessment of several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to purchase and estimated certainty of exercise of such option, proportion of lease term to the asset's economic life, proportion of present value of minimum lease payments to fair value of leased asset and extent of specialized nature of the leased asset.
- **Defined Benefit Obligation (DBO):** Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, medical cost trends, anticipation of future salary increases and the inflation rate. The Company considers that the assumptions used to measure its obligations are appropriate. However, any changes in these assumptions may have a material impact on the resulting calculations.
- **Provisions and Contingencies:** The assessments undertaken in recognizing provisions and contingencies have been made in accordance with Indian Accounting Standards (Ind AS) 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events is applied best judgement by management regarding the probability of exposure to potential loss.
- **Impairment of Financial Assets:** The Company reviews its carrying value of investments carried at amortized cost annually, or more frequently when there is indication of impairment. If recoverable amount is less than its carrying amount, the impairment loss is accounted for.
- **Allowances for Doubtful Debts:** The Company makes allowances for doubtful debts through appropriate estimations of irrecoverable amount. The identification of doubtful debts requires use of judgment and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the period in which such estimate has been changed.

NOTES TO STANDALONE FINANCIAL STATEMENTS as on and for the year ended 31st March 2020 *(Contd.)*

- **Fair value measurement of financial Instruments:** When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The input to these models are taken from observable markets where possible, but where this not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.
- **Fair Value of Biological Assets:** The fair value of Biological Assets is determined based on recent transactions entered into with third parties or available market price.
- **Uncertainties relating to the global health pandemic from COVID-19:** The Company has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of receivables, projects work- in -progress and inventories including biological assets. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Company, as at the date of approval of these financial statements has used internal and external sources of information including credit reports and related information, economic forecasts. The Company has performed sensitivity analysis on the assumptions used and based on current estimates expects the carrying amount of these assets will be recovered. The impact of COVID-19 on the Company's financial statements may differ from that estimated as at the date of approval of these financial statements.

3.20. Recent accounting pronouncements - Standard issued but not yet effective

Ministry of corporate affairs (MCA) notifies new standards or amendments to the existing standards. There is no such notification which would have been applicable from April 01, 2020.

Transaction Price - Unstatisfied Performance Obligation

The remaining performance obligation disclosure provides the aggregate amount of the transaction price yet to be recognised as at the end of the reporting period and an explanation as to when the Company expects to recognise these amounts in revenue. Applying the practical expedient as given in Ind AS 115, the Company has not disclosed the remaining performance obligation related disclosures for contracts as the revenue recognised corresponds directly with the value to the customer of the entity's performance completed to date.

There are no aggregate value of performance obligations that are completely or partially unsatisfied as of 31st March, 2020, other than those meeting the exclusion criteria mentioned above.

NOTE 41 | LEASES
41.1 - As Lessee

Effective April 1, 2019, the Company has adopted Ind AS 116 to its leases using modified retrospective transition method. Accordingly, the comparative information for periods relating to earlier years is not restated. The lease liability is measured at the present value of remaining lease payments discounted using incremental borrowing rate at the date of initial application and right of use asset has been recognized at an amount equal to the lease liability plus prepaid rentals recognised in the Balance Sheet before the date of initial application, if any. Further, the Company has exercised the following practical expedient;

- i) The Company has not reassessed whether a contract is, or contains, a lease at the date of initial application i.e. the contracts classified as leases as on March 31, 2019 as per Ind-AS 17 is treated as leases under Ind-AS 116 and not applying this standard to contracts that were not previously identified as containing a lease applying Ind AS 17.
- ii) Leases for which the lease term ends within 12 months of the date of initial application have been accounted as short term leases.

Further, refer Note 3.6: Significant Accounting Policies for detailed measurement and recognition principles on Leases.

On transition, the adoption of the new standard resulted in recognition of 'Right of Use' asset of Rs 33.52 lakhs, and a lease liability of Rs 43.61 lakhs. The effect of this adoption is insignificant on the profit / loss before tax, profit / loss for the period and earnings per share. Ind AS 116 will result in an increase in cash inflows from operating activities and an increase in cash outflows from financing activities on account of lease payments.

The weighted average incremental borrowing rate applied to lease liabilities as at 1st April, 2019 is 10%.

The changes in the carrying value of right of use (ROU) assets for the year ended 31st March, 2020 are disclosed in Note 4.

As per the requirement of Ind As -107 maturity analysis of lease liability have been shown under maturity analysis of Long term borrowing under Liquidity risk Note 51B(a).

The Company does not face a significant liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to lease liabilities as and when they fall due.

Machinery Hire Charges and Rental expense recorded for short-term leases or cancellable in nature was Rs 234.78 lakhs (P.Y. - ₹ 157.79 lakhs) and ₹ 60.29 lakhs (P.Y. - ₹ 61.53 lakhs) for the year ended 31st March, 2020 (Refer Note - 35).

41.2 - As Lessor

The company has given office premises under cancellable operating leases. The leasing arrangements range between 3 years and 15 years generally or longer and are usually renewable by mutual consent on mutually agreeable terms. Initial direct costs for such leases are borne by the company and charged off to revenue. Lease rentals are recognised as income for Rs 749.36 Lakhs during the year (P.Y. Rs 646.98 Lakhs). The gross value and accumulated depreciation of such asset as at 31st March, 2020 was Rs 17.16 Lakhs (P.Y. Rs 17.12 Lakhs) and Rs 3.26 Lakhs (P.Y. Rs 2.48 Lakhs) respectively.

NOTE 44 | DISCLOSURE PURSUANT TO INDIAN ACCOUNTING STANDARD - 19 'EMPLOYEE BENEFITS' AS NOTIFIED U/S 133 OF THE COMPANIES ACT, 2013

44.1 - Defined Contribution Plan:

a) Provident Fund

Provident Fund (other than government administered) as per the provisions of the Employees Provident Funds and Miscellaneous Provisions Act, 1952. In respect of certain employees, Provident Fund contribution is made to Trust Funds administered by the Company towards defined benefit plans. The Company shall make good for deficiency, if any, in the interest rate declared by the trust vis-à-vis statutory rate. Based on the Guidance Note on measurement of Provident Fund liabilities from The Actuarial Society the actuary has provided the valuation of interest guaranteed on Provident Fund. Accordingly, there is no shortfall of interest required to be provided for as at 31st March, 2020 as well as in the previous year.

Notes to Standalone Financial Statements as on and for the year ended 31st March 2020 (Contd.)

- b) The Company makes a contribution for Provident Fund towards defined contribution plans for eligible employees. The amount recognized as an expense for the Defined Contribution Plans are as under:

(₹ in Lakhs)

Particulars	For the year ended 31st March 2020	For the year ended 31st March 2019
Provident Fund	881.68	870.72
Employee State Insurance Scheme	113.01	159.66

44.2 - Defined Benefit Plan:
a) Gratuity Plan

Every employee who has completed five years or more of service is entitled to gratuity on terms not less favourable than the provisions of the Payment of Gratuity Act, 1972. The present value of defined obligation and related current cost are measured using the Projected Unit Credit Method with actuarial valuation being carried out at Balance Sheet date.

b) Risk Exposure

Through its defined benefit plans, the company is exposed to a number of risks, the most significant of which are detailed below:

INTEREST RATE RISK	The defined benefit obligation calculation uses a discount rate based on government bonds. If bond yield fall, the defined benefit obligation will tend to increase.
SALARY INFLATION RISK	Higher than expected increase in salary will increase the defined benefit obligation.
DEMOGRAPHIC RISK	This is the risk of variability of results due to unsystematic nature of decrements that includes mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria.

c) Reconciliation of the net defined benefit (asset)/ liability

The following table shows a reconciliation from the opening balances to the closing balances for the net defined benefit (asset)/ liability and its components:

Insurer Managed Fund	100%	100%

The Employee's Gratuity Fund Scheme, a defined benefit plan, is administered by Life Insurance Corporation of India (LIC) and SBI Life Insurance Company Ltd. (SBI Life). LIC or SBI Life make payments to vested employees or their nominees upon retirement, death, incapacitation or cessation of employment of an amount based on the respective employee's salary and tenure of employment subject to a maximum limit as prescribed.

h) Asset-Liability Matching Strategy

The money contributed by the Company to the Gratuity Fund to finance the liabilities of the plan has to be invested.

The Employee's Gratuity Fund Scheme, a defined benefit plan, is administered by the Life Insurance Corporation of India (LIC) and SBI Life Insurance Company Ltd (SBI Life). The Insurance Company in turn manages the funds as per the mandate provided to them by the Trustees. Due to the restrictions in the type of investments that can be held by the fund, it is not possible to explicitly follow an asset liability matching strategy.

There is no compulsion on the part of the Company to fully prefund the liability of the Plan. The Company's philosophy is to fund these benefits based on its own liquidity and the level of under funding of the plan.

i) Actuarial Assumptions

Particulars	Gratuity	
	2019-2020	2018-2019
Financial Assumptions		
Discount Rate	6.70%	7.60%
Salary Escalation Rate	4.00%	4.00%
Demographic Assumptions		
Mortality Rate	Indian Assured Lives Mortality (2006-08) Ultimate	Indian Assured Lives Mortality (2006-08) Ultimate
Withdrawal Rate	1.00%	1.00%

- j) The estimates of future salary increases, considered in actuarial valuation, taken into account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.
- k) At 31st March 2020, the weighted average duration of the defined benefit obligation was 11 years (PY - 11 years). The distribution of the timing of benefits payment i.e., the maturity analysis of the benefit payments is as follows:

(₹ in Lakhs)

Expected benefits payment for the year ending on	2019-2020	2018-2019
Within next 12 months (Next Annual report period)	305.58	378.45
Following 2 - 5 years	935.00	1,052.73
After 5 years	1,493.51	1,522.19
Total Expected payment	2,734.09	2,953.37

- l) The Company expects to contribute ₹ 310 Lakhs (previous year ₹ 400 Lakhs) to its gratuity liability.

m) Sensitivity Analysis

The sensitivity analyses below have been determined based on a method that extrapolates the impact on defined benefit obligation (DBO) as a result of reasonable changes in key assumptions occurring at the end of the reporting period. Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below:

(₹ in Lakhs)

Particulars	Gratuity	
	2019-2020	2018-2019
Effect on DBO due to 1% increase in Discount Rate	(223.84)	(210.55)
Effect on DBO due to 1% decrease in Discount Rate	262.03	245.41
Effect on DBO due to 1% increase in Salary Escalation Rate	264.21	250.02
Effect on DBO due to 1% decrease in Salary Escalation Rate	(229.17)	(217.40)

Although the analysis does not take into account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

NOTE 51 | FINANCIAL RISK MANAGEMENT

The Company's business activities are exposed to a variety of financial risks, namely liquidity risk, market risk and credit risk. The Company's senior management has the overall responsibility for establishing and governing the Company's financial risk management framework. The Company's Audit Committee, is responsible for developing and monitoring the Company's financial risk management policies. The Company's financial risk management policies are established to identify and analyze the risks faced by the Company, to set and monitor appropriate controls.

(A) Credit risk

Credit risk refers to risk that counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, bank balances, loans, investments and other financial assets.

At each reporting date, the Company measures loss allowance for certain class of financial assets based on historical trend, industry practices and the business environment in which the Company operates.

Credit risk arising from investments, derivative financial instruments and balances with banks is limited because the counterparties are banks and recognized financial institutions with high credit worthiness.

(i) Provision for expected credit losses

The Company measures Expected Credit Loss (ECL) for financial instruments based on historical trend, industry practices and the business environment in which the Company operates.

For financial assets, a credit loss is the present value of the difference between:

- (a) the contractual cash flows that are due to an entity under the contract; and
- (b) the cash flows that the entity expects to receive

The Company recognises in profit and loss, the amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date in accordance with Ind AS 109.

In determination of the allowances for credit losses on trade receivables, the Company has used a practical expedience by computing the expected credit losses based on ageing matrix, which has taken into account historical credit loss experience and adjusted for forward looking information.

(ii) The movement of Trade Receivables and Expected Credit Loss are as follows : (₹ in Lakhs)

Particulars	As at 31st March 2020	As at 31st March 2019

Loss Allowance in 31st March 2020	670.81	4,093.47

(B) Liquidity risk

Liquidity risk is the risk that the Company will face in meeting its obligations associated with its financial liabilities. The Company has an established liquidity risk management framework for managing its short term, medium term and long term funding and liquidity management requirements.

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of cash credit facilities agreed with the banks to ensure that there is sufficient cash to meet all its normal operating commitments in a timely and cost effective manner.

The following table shows the maturity analysis of the Company's derivative and non-derivative financial liabilities based on contractually agreed undiscounted cash flows.

(C) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk.

a) Interest rate risk:

Interest rate risk is measured by using cash flow sensitivity for changes in variable interest rate. Any movement in the reference rates could have an impact on the Company's cash flow as well as cost. The management is focused towards reducing the volatility due to interest rates, which is reflected in proportion of variable interest rate borrowing to total borrowing.

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:
(₹ in Lakhs)

Particulars	As at 31st March 2020	%	As at 31st March 2019	%
Variable rate borrowings	17,575.29	62.00%	16,290.55	52.56%
Fixed Rate borrowings	10,771.69	38.00%	14,700.78	47.44%
Total Borrowings	28,346.98	100.00%	30,991.33	100.00%

Preference Shares, Fixed Deposit (From Public) and Inter Corporate Deposits are considered as Fixed rate borrowings and other borrowings are considered as Variable rate Borrowings.

Sensitivity: A change of 50 bps in interest rates of variable rate borrowings would have following Impact on profit before tax.

(₹ in Lakhs)

Particulars	For the year ended 2019-20	For the year ended 2018-19
50 bps increase would decrease the profit before tax by	(87.88)	(81.45)
50 bps decrease would increase the profit before tax by	87.88	81.45

b) Foreign currency risk:

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate due to changes in foreign exchange rates. The Company enters into forward exchange contracts to hedge against its foreign currency exposures relating to the recognized underlying liabilities / assets and firm commitments. The Company's policy is to hedge its exposures other than natural hedge. The Company does not enter into any derivative instruments for trading or speculative purposes.

The Company's Derivative instruments and unhedged foreign currency exposure at the end of the reporting period are as follows:

(i) Derivatives Outstanding as at the reporting date

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF GILLANDERS ARBUTHNOT AND COMPANY LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **Gillanders Arbuthnot & Company Limited** (hereinafter referred to as “the Holding Company”) and its foreign subsidiary and a step down foreign subsidiary (the Holding Company and its subsidiaries/step down subsidiary together referred to as “the Group”) comprising of the consolidated Balance sheet as at March 31 2020, the consolidated Statement of Profit and Loss, including other comprehensive income, the consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as “the consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries and step down subsidiary, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standard) Rules, 2015, as amended (Ind AS) and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2020, their consolidated losses including other comprehensive income, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the “Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements” section of our report. We are independent of the Group in accordance with the ‘Code of Ethics’ issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matter

We draw attention to Note 54 of the consolidated financial statements, which describes the extent to which the COVID-19 Pandemic will impact the Group’s results which depend on future developments that are highly uncertain.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2020. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor’s responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Independent Auditors' Report (Contd.)

Key Audit Matter	How our audit addressed the key audit matter
1. Revenue Recognition (See note 27 to the Consolidated Financial Statements)	
<p>Revenue recognition is significant audit risk within the Group.</p> <p>The revenue standard establishes a comprehensive framework for determining whether, how much and when revenue is recognized. This involves certain key judgments relating to identification of distinct performance obligations, determination of transaction price of identified performance obligation, the appropriateness of the basis used to measure revenue recognized over a period. Additionally, the standard mandates robust disclosures in respect of revenue and periods over which the remaining performance obligations will be satisfied subsequent to the balance sheet date.</p> <p>Risk exists that revenue is recognized without substantial transfer of control and is not in accordance with Ind AS-115 "Revenue from Contracts with Customers".</p>	<p>Our audit consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows:</p> <ul style="list-style-type: none"> ▪ Evaluated the design and tested the operative effectiveness of the internal controls relating to revenue recognition, discounts and rebates. ▪ Tested sample of sale transactions to their respective customer contracts, underlying invoices and related documents. ▪ Obtained confirmations from customers on sample basis to support existence assertion of trade receivables and assessed the relevant disclosures made in the financial statements; to ensure revenue from contracts with customers are in accordance with the requirements of relevant accounting standards. ▪ In case of construction contracts, reviewed the Group's estimation process (including the approval of project budget, monitoring of project costs and activities, and management's review and customer's approval of project's stage of completion and milestones achieved) used in determining the amounts of revenue and costs recognised in Group's financial statements.
2. Impairment of Assets (See note 4 to the Consolidated Financial Statements)	
<p>Significant judgment is involved in assessing property, plant and equipment for impairment. At the end of every reporting period, the Group assesses whether there is any indication that an asset or cash generating unit (CGU) may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset or CGU.</p> <p>The determination of recoverable amount, being the higher of fair value less costs to sell and value-in-use involves significant estimates, assumptions and judgments of the long-term financial projections.</p> <p>Impairment of assets is a key audit matter considering the significance of the carrying value, long term estimation and the significant judgments involved in the impairment assessment.</p>	<p>Our audit procedures included considering the Group's accounting policies with respect to impairment in accordance with Ind AS 36 "Impairment of Assets".</p> <p>We performed test of controls over impairment process through inspection of evidence of performance of these controls. We performed the following tests of details:</p> <ul style="list-style-type: none"> ▪ We obtained the management's impairment assessment. ▪ We evaluated the key assumptions including projected cash flows. In determining future cash flows management is required to make assumptions relating to future profitability, including revenue growth and operating margins, and the determination of an appropriate discount rate, all of which are subject to management override as the outcome of the impairment assessments could vary significantly if different judgments are applied. ▪ We have tested the workings of management for ascertaining fair value and costs of disposal of CGU for ascertaining recoverable amount.

Independent Auditors' Report (Contd.)

Key Audit Matter	How our audit addressed the key audit matter
3. Expected Credit Loss (See note 50A to the Consolidated Financial Statements)	
<p>The Group assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS – 109 requires expected credit losses to be measured through a loss allowance. The Group recognizes impairment loss for trade receivables that do not constitute a financing transaction using expected credit loss model, which involves use of a provision matrix constructed on the basis of historical credit loss experience. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.</p>	<p>Our Audit procedure on evaluation of Expected credit loss (ECL) model include:</p> <ul style="list-style-type: none"> ▪ Obtained an understanding of the Group's process for estimating the ECL of various eligible assets included in the Consolidated Financial Statements. ▪ Evaluated the detailed analysis performed by management on revenue by selecting samples for the existing contracts with customers. ▪ Evaluated the calculation of historical loss rate on the basis of historical trends, industry practices, business environment in which group operates & forward-looking information.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the presentation of the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including Ind AS. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group is also responsible for overseeing the financial reporting process of the Group.

Independent Auditors' Report *(Contd.)*

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143 (3) (i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Independent Auditors' Report (Contd.)

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the financial year ended March 31, 2020 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

1. The consolidated annual financial statements include the financial statements/ financial information of one foreign subsidiary, including one step down foreign subsidiary, whose financial statements / financial information reflect total assets of Rs. 13562.72 lakhs as at 31st March, 2020 and total revenue of Rs. 4513.34 Lakhs and net cash inflow of Rs. 164.03 Lakhs for the year ended 31st March 2020.

Annexure 1 to the Independent Auditors' Report (Contd.)

“Annexure 1” to the Independent Auditor’s Report of even date on the Consolidated Financial Statements of Gillanders Arbuthnot & Company Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated financial statements of **Gillanders Arbuthnot & Company Limited** as of and for the year ended March 31, 2020, we have audited the internal financial controls with reference to financial statements of **Gillanders Arbuthnot & Company Limited** (hereinafter referred to as the “Holding Company”) and its subsidiary companies, which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Holding Company and its subsidiary companies which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Holding Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Holding Company’s internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, both, issued by Institute of Chartered Accountants of India, and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls over financial reporting with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to financial statements of the Holding Company.

Meaning of Internal Financial Controls With reference to financial statements With Reference to these Consolidated Financial Statements

A company’s internal financial control over financial reporting with reference to the consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to financial statements includes those policies and procedures that

Annexure 1 to the Independent Auditors' Report (Contd.)

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls With reference to financial statements With Reference to these Consolidated Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, maintained in all material respects, adequate internal financial controls over financial reporting with reference to consolidated financial statements and such internal financial controls over financial reporting with reference to consolidated financial statements were operating effectively as at March 31, 2020, based on the internal control with reference to financial statements criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our report under Section 143(3) (i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting with reference to consolidated financial statements of the Holding Company, insofar as it relates to the branch not audited by us, is based on the corresponding reports of the said branch auditors. Our opinion is not modified in respect of this matter.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS as on and for the year ended 31st March 2020

1. CORPORATE AND GENERAL INFORMATION

Gillanders Arbuthnot and Company Limited (GACL) including its subsidiaries collectively referred to as “Group” deals in manufacture and sale of tea, macademia nuts, manufacture and sale of yarn and fabric made out of Cotton and Man Made Fibres, Manufacture and sale of Steel Structural, Pipes and Equipment and designing, supplying, erection and commissioning of projects on turnkey basis, and letting out of property on Rent.

2. BASIS OF PREPARATION

2.1. Statement of Compliance

These Consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (“Ind AS”) as prescribed by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 (“the Act”), read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended), other relevant provisions of the Act and other accounting principles generally accepted in India.

The Consolidated financial statements of the Group for the year ended 31st March, 2020 has been approved by the Board of Directors in their meeting held on 30th June 2020.

2.2. Basis of Accounting

The Group maintains accounts on accrual basis following the historical cost convention, except for followings:

- Certain Financial Assets and Liabilities is measured at Fair value/ Amortised cost (refer note 47);
- Derivative Financial Instruments measured at fair value;
- Defined Benefit Plans – Plan assets measured at Actuarial Valuation; and
- Biological Assets – At fair value less cost to sell

2.3. BASIS OF CONSOLIDATION

2.3.1. Subsidiaries

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries (“Group”). Control is achieved when the Parent Company has:

- Power of the investee;
- Is exposed or has rights to variable returns from its involvement with the investee; and
- Has the ability to use its power over the investee to affect its returns.

Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date when control ceases. Profit/ (loss) and Other Comprehensive Income (‘OCI’) of subsidiaries acquired or disposed of during the period are recognised from the effective date of acquisition, or up to the effective date of disposal, as applicable. The financial statements of all entities used for the purpose of consolidation are drawn up to the same reporting date as that of the Parent company, i.e., year ended on 31st March. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

The Group consolidates the financial statements of the parent and its subsidiaries on line by line basis adding together the items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset.

Non-controlling interests, presented as part of equity, represent the portion of a subsidiary’s statement of profit and loss and net assets that is not held by the Group. Profit/ (loss) and each component of OCI are attributed to the equity holders of the Parent Company and to the non-controlling interests, even if this results in the non-controlling interests having a

deficit balance. The Group attributes total comprehensive income or loss of the subsidiaries between the owners of the parent and the non-controlling interests based on their respective ownership interests.

Enterprises consolidated as subsidiary in accordance with Indian Accounting Standard 110 on Consolidated Financial Statements (CFS)

Name of the Enterprise	Country of Incorporation	Percentage of ownership interest as at 31st March, 2020	Percentage of voting power as at 31st March, 2020	Percentage of ownership interest as at 31st March, 2019	Percentage of voting power as at 31st March, 2019
Subsidiaries (Held directly) Gillanders Holdings (Mauritius) Limited (GHML) (WOS of GACL)	Mauritius	100.00	100.00	100.00	100.00
Subsidiaries (Held indirectly) Naming'omba Tea Estates Limited (WOS of GHML)	Malawi	100.00	100.00	100.00	100.00

2.3.2. Business Combinations

The Group applies the acquisition method in accounting for business combinations. The consideration transferred by the Group to obtain control of a subsidiary is calculated as the sum of the fair values of assets transferred on acquisition-date, liabilities incurred and the equity interests issued by the Group, which includes the fair value of any asset or liability arising from a contingent consideration arrangement. Acquisition costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values on acquisition date. However, deferred tax asset or liability and any liability or asset relating to employee benefit arrangements arising from a business combination are measured and recognized in accordance with the requirements of Ind AS 12, Income Taxes and Ind AS 19, Employee Benefits, respectively.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognized for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the excess is recognized as Capital Reserve.

Business combinations involving entities or business under common control have been accounted for using the pooling of interest method. The assets and liabilities of the combining entities are reflected at their carrying amounts. No adjustments have been made to reflect fair values, or to recognize any new assets or liabilities except changes made to harmonize the accounting policies.

2.4. Functional and Presentation Currency

The Consolidated Financial Statements are presented in Indian Rupee (INR), which is the functional currency of the Parent Company and the currency of the primary economic environment in which the Parent Company operates. All financial information presented in INR has been rounded off to the nearest lakhs as per the requirements of Schedule III, unless otherwise stated.

2.5. Use of Estimates and Judgements

The preparation of consolidated financial statements in conformity with Ind AS requires judgements, estimates and assumptions to be made that affect the reported amount of assets and liabilities, disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Revision to accounting estimates are recognized in the period in which the estimates are revised and future periods affected. For details of estimates and judgement used in preparation of Consolidated Financial statements (refer note 3.18).

Notes to Consolidated Financial Statements as on and for the year ended 31st March 2020 (Contd.)

2.6. Presentation of Consolidated Financial Statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 (“the Act”). The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 “Statement of Cash flows”. The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Division II of Schedule III to the Act, are presented by way of notes forming part of the Consolidated financial statements along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended).

2.7. Operating Cycle for current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Group’s normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1 “Presentation of Financial Statements”. The Group has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

An asset is classified as current when it is:

- Expected to be realized or is intended to be sold or consumed in the normal operating cycle; or
- Held primarily for the purpose of trading or;
- Expected to be realized within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All the other assets are classified as non-current.

Similarly, a liability is current if:

- It is expected to be settled in normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current. Deferred Tax Assets and Liabilities are classified as non-current assets and liabilities respectively.

2.8. Measurement of Fair Values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest. A fair value measurement of a non-financial asset takes into account a market participant’s ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Notes to Consolidated Financial Statements as on and for the year ended 31st March 2020 (Contd.)

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 — Inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 — Inputs which are unobservable inputs for the asset or liability.

External valuers are involved for valuation of significant assets & liabilities. Involvement of external valuers is decided by the management of the Group considering the requirements of Ind AS and selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

3. SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the consolidated financial statements are as given below. These accounting policies have been applied consistently to all the periods presented in the consolidated financial statements.

3.1. INVENTORIES

Inventories are valued at the lower of cost and net realizable value (NRV). Cost is measured by including, unless specifically mentioned below, cost of purchase and other costs incurred in bringing the inventories to their present location and condition. NRV is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

- **Raw Materials, Stores and Spare Parts:** At cost (on weighted average basis) or Net Realizable Value whichever is lower. Cost of harvested tea leaves, produced from own gardens, is measured at fair value less cost to sell at the point of harvest of tea leaves. Materials and other items held for use in the production of inventories are not written down below costs, if finished goods in which they will be incorporated are expected to be sold at or above cost.
- **Stock in Process:** Is valued with material at lower of weighted average cost and market rate and estimated conversion cost. In case of textile, in view of substantially large number of items in stock in progress, it is not feasible to maintain the status of movement of each item at shop floor on perpetual basis. The Company, however, physically verifies such stocks at the end of the year and valuation is made on the basis of such physical verification.
- **Finished Goods:** Finished goods produced from agricultural produce are valued at lower of cost and the net realizable value. Cost is arrived at by adding the cost of conversion to the fair value of agricultural produce. Other finished goods are measured at cost or NRV whichever is lower.
- **Contract in Progress:** For long term contracts, contract in progress is valued at realizable value/ contractual rate and provision for losses, as may be estimated for completion thereof.
- **Stock in Trade:** Measured at cost (i.e., purchase cost) or net realizable value whichever is lower.
- **Waste/ Scrap:** Waste and Scrap (including tea waste) are valued at estimated realizable value.

3.2. CASH AND CASH EQUIVALENTS

Cash and cash equivalents in the Balance Sheet comprise cash at bank and in hand and short-term deposits with banks that are readily convertible into cash which are subject to insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments.

Notes to Consolidated Financial Statements as on and for the year ended 31st March 2020 (Contd.)

3.3. INCOME TAX

Income Tax expenses comprise current tax and deferred tax charge or credit.

Current Tax is measured on the basis of estimated taxable income for the current accounting period in accordance with the applicable tax rates and the provisions of the Income-tax Act, 1961 and other applicable tax laws.

Deferred tax is provided, on all temporary differences at the reporting date between the carrying amount of assets and liabilities for financial reporting purposes and its tax base. Deferred tax assets and liabilities are measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted at the reporting date. Tax relating to items recognized directly in equity or Other Comprehensive Income (OCI) is recognized in equity or OCI and not in the Statement of Profit and Loss. Deferred tax assets include Minimum Alternate Tax (MAT) paid (tax credit) in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability and is considered as an asset if it is probable that future taxable profit will be available against which these tax credit can be utilized.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable.

3.4. PROPERTY, PLANT AND EQUIPMENT

3.4.1. Tangible Assets (Other than Bearer Plants)

3.4.1.1. Recognition and Measurement:

- Property, plant and equipment held for use in the production or/and supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost, less any accumulated depreciation and accumulated impairment losses (if any).
- Cost of an item of property, plant and equipment acquired comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting any trade discounts and rebates, any directly attributable costs of bringing the assets to its working condition and location for its intended use and present value of any estimated cost of dismantling and removing the item and restoring the site on which it is located.
- In case of self-constructed assets, cost includes the costs of all materials used in construction, direct labour, allocation of directly attributable overheads, directly attributable borrowing costs incurred in bringing the item to working condition for its intended use, and estimated cost of dismantling and removing the item and restoring the site on which it is located. The costs of testing whether the asset is functioning properly, after deducting the net proceeds from selling items produced while bringing the asset to that location and condition are also added to the cost of self-constructed assets.
- If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.
- Profit or loss arising on the disposal of property, plant and equipment are recognized in the Statement of Profit and Loss in the year of disposal.

3.4.1.2. Subsequent Measurement:

- Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced.

Notes to Consolidated Financial Statements as on and for the year ended 31st March 2020 (*Contd.*)

- Major Inspection/ Repairs/ Overhauling expenses are recognized in the carrying amount of the item of property, plant and equipment as a replacement if the recognition criteria are satisfied. Any Unamortized part of the previously recognized expenses of similar nature is derecognized.

3.4.1.3. Depreciation:

- Depreciation on Property, Plant & Equipment is provided under Straight Line Method at rates determined based on the useful life of the respective assets and their residual value in accordance with Schedule II of the Companies Act, 2013 or as reassessed by the Group based on the technical evaluation.
- In respect of the Plant and Machinery other than continuous process plant under Textile Division, useful life of 30 years has been considered on the basis of technical evaluation, which is different from life specified in Schedule-II.
- In respect of spares for specific machinery, it is depreciated over the remaining useful life of the related machinery as estimated by the management.
- Depreciation on additions / (disposals) during the year is provided on a pro-rata basis i.e., from / (up to) the date on which asset is ready for use / (disposed of).
- Depreciation method, useful life and residual values are reviewed at each financial year-end and adjusted if appropriate.

3.4.1.4. Disposal of Assets

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between net disposal proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss.

3.4.1.5. Capital Work in Progress

Capital work-in-progress is stated at cost which includes expenses incurred during construction period, interest on amount borrowed for acquisition of qualifying assets and other expenses incurred in connection with project implementation in so far as such expenses relate to the period prior to the commencement of commercial production.

3.4.2. Bearer Plants**3.4.2.1. Recognition and Measurement:**

- Bearer Plants, comprising of mature tea bushes are stated in the balance sheet at cost, less any accumulated depreciation and accumulated impairment losses (if any).
- Cost of bearer plants includes the cost of uprooting, land development, rehabilitation, planting of Guatemala, planting of shade trees, cost of nursery, drainage, cultivation, fertilizers, agro-chemicals, pruning and infilling etc.

3.4.2.2. Subsequent Measurement:

Costs incurred for infilling including block infilling are generally recognized in the Statement of Profit and Loss unless there is a significant increase in the yield of the sections, in which case such costs are capitalized and depreciated over the remaining useful life of the respective sections.

3.4.2.3. Depreciation:

- Depreciation on bearer plants is recognized so as to write off its cost over useful lives, using the straight-line method.
- Estimated useful life of the bearer plants has been determined by the Management. The residual value in case of Bearer Plants has been considered as NIL.
- The estimated useful life, residual value and depreciation method are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

Notes to Consolidated Financial Statements as on and for the year ended 31st March 2020 (Contd.)

3.4.2.4. Capital Work-in-Progress:

Young tea bushes and shade trees, including the cost incurred for procurement of new seeds and maintenance of nurseries, are carried at cost less any recognized impairment losses under capital work-in-progress. Cost includes the cost of land preparation, new planting and maintenance of newly planted bushes until maturity. On maturity, these costs are classified under bearer plants. Depreciation of bearer plants commence on maturity.

3.5. INTANGIBLE ASSETS

3.5.1. Recognition and Measurement

Software which is not an integral part of related hardware, is treated as intangible asset and is stated at cost on initial recognition and subsequently measured at cost less accumulated amortization and accumulated impairment loss, if any.

3.5.2. Subsequent Expenditure

Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Group and the cost of the item can be measured reliably. All other expenditure is recognized in the Statement of Profit and Loss.

3.5.3. Amortization

- Intangible assets are amortized over a period of five years.
- The amortization period and the amortization method are reviewed at least at the end of each financial year. If the expected useful life of the assets is significantly different from previous estimates, the amortization period is changed accordingly.

3.5.4. Intangible Assets under Development

Intangible Assets under development is stated at cost which includes expenses incurred in connection with their development in so far as such expenses relate to the period prior to getting the assets ready for use.

3.6. LEASES

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

3.6.1. As a Lessee:

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use Assets (ROU Assets)

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. Refer to the accounting policies in Note 3.15 Impairment of non-financial assets.

Notes to Consolidated Financial Statements as on and for the year ended 31st March 2020 (*Contd.*)**ii) Lease Liabilities**

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs. In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is re-measured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset. Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

iii) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of properties, machinery and equipment (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that is considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

3.6.2. As a Lessor:

Lease income from operating leases where the Group is a lessor is recognized in income on a straight line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

3.7. REVENUE RECOGNITION

Revenue from contracts with customers is recognized on transfer of control of promised goods or services to a customer at an amount that reflects the consideration to which the Group is expected to be entitled to in exchange for those goods or services.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Group as part of the contract. This variable consideration is estimated based on the expected value of outflow. Revenue (net of variable consideration) is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

3.7.1. Sale of Products:

Revenue from sale of products is recognized when the control on the goods have been transferred to the customer. The performance obligation in case of sale of product is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract.

3.7.2. Revenue from construction contracts:

Revenue from fixed-price construction contract, where the performance obligations are satisfied over time and where there is no uncertainty as to measurement or collectability of consideration, is recognized as per the percentage-of completion

Notes to Consolidated Financial Statements as on and for the year ended 31st March 2020 (Contd.)

method. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is assessed by the Management. Efforts or costs expended have been used to measure progress towards completion. Provisions for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date. The significant terms of payment of the contract are the Job advances, progressive payments and mile stone payments as mutually agreed upon.

3.7.3. Rental Income:

Rental income from operating lease is recognized on a straight-line basis over the term of the relevant lease unless the payments are structured to increase in line with expected general inflation to compensate for the company's expected inflationary cost increases.

3.7.4. Other Income:

3.7.4.1. Interest Income: For all debt instruments measured either at amortized cost or at fair value through other comprehensive income (FVTOCI), interest income is recorded using the effective interest rate (EIR) through Statement of profit and loss. EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset.

3.7.4.2. Dividend Income: Dividend income is accounted in the period in which the right to receive the same is established.

3.7.4.3. Other Income: Other items of income are accounted as and when the right to receive such income arises it is probable that the economic benefits will flow to the group and the amount of income can be measured reliably.

3.8. EMPLOYEE BENEFITS

3.8.1. Short Term Benefits

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as the related services are provided. Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period.

3.8.2. Other Long Term Employee Benefits

The liabilities for earned leaves that are not expected to be settled wholly within twelve months are measured as the present value of the expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the government securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of related obligation. Re-measurements as the result of experience adjustment and changes in actuarial assumptions are recognized in statement of profit and loss immediately.

3.8.3. Post-Employment Benefits

The Group operates the following post-employment schemes:

➤ Defined Contribution Plan

Defined contribution plans such as Provident Fund, Employee State Insurance etc. are charged to the statement of profit and loss as and when incurred. Further for certain employees the monthly contribution for provident fund is made to a trust administered by the group. The interest payable by the trust is notified by the government. The group has an obligation to make good the shortfall, if any. Based on the guidance note on measurement of provident fund liabilities from The Actuarial Society the actuary has provided the valuation of interest guaranteed on Provident Fund.

➤ Defined Benefit Plans

The liability or asset recognized in the Balance Sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The Group's net obligation in respect

Notes to Consolidated Financial Statements as on and for the year ended 31st March 2020 (*Contd.*)

of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods. The defined benefit obligation is calculated annually by Actuaries using the projected unit credit method.

The liability recognized for defined benefit plans is the present value of the defined benefit obligation at the reporting date less the fair value of plan assets, together with adjustments for unrecognized actuarial gains or losses and past service costs. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. The benefits are discounted using the government securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of related obligation.

Remeasurement of the net defined benefit obligation, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling, are recognized in other comprehensive income. Remeasurement recognized in other comprehensive income will not be reclassified to the statement of profit and loss.

3.9. GOVERNMENT GRANTS

Government grants are recognised at their fair value, where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed.

The grant relating to the acquisition/ construction of an item of property, plant and equipment is included in non-current liability as deferred income and is credited to statement of profit and loss on the same systematic basis as the respective assets are depreciated over their expected life and are presented in other operating income.

Alternatively, the same can be presented by deducting the grant from the carrying amount of the asset.

3.10. FOREIGN CURRENCY TRANSACTIONS

- Foreign currency (other than the functional currency) transactions are translated into the functional currency using the spot rates of exchanges at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rate of exchanges at the reporting date.
- Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities are generally recognized in the statement of profit and loss in the year in which they arise except for exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those qualifying assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings, the balance is presented in the statement of profit and loss within finance costs.
- Non-monetary items are not retranslated at period end and are measured at historical cost (translated using the exchange rate at the transaction date).
- On Consolidation, the assets and liabilities of foreign operations are translated into INR (Indian Rupees) at the exchange rates prevailing at the reporting date and their statements of profit and loss are translated at exchange rates prevailing at the date of transactions. For practical reasons, the group uses an average rate to translate income and expense items, if the average rate approximates the exchange rates at the date of transactions. The exchange differences arising on translation for consolidation are recognized in Consolidated Statement of Profit and Loss and shown separately in the movement of reserve under foreign currency translation reserve.

3.11. BORROWING COSTS

- Borrowing costs consists of interest and other costs that an entity incurs in connection with the borrowings of funds. Borrowing costs also includes foreign exchange difference to the extent regarded as an adjustment to the borrowing costs.
- Borrowing costs directly attributable to the acquisition or construction of a qualifying asset are capitalized as a part of the cost of that asset which necessarily takes a substantial period of time to complete and prepare the asset for its intended use or sale.

Notes to Consolidated Financial Statements as on and for the year ended 31st March 2020 (Contd.)

- Transaction costs in respect of long term borrowing are amortized over the tenure of respective loans using Effective Interest Rate (EIR) method. All other borrowing costs are recognized in the statement of profit and loss in the period in which they are incurred.

3.12. FINANCIAL INSTRUMENTS

A financial instrument is any contract that gives rise to a financial asset to one entity and a financial liability or equity instrument to another entity.

3.12.1. Financial Assets

➤ Recognition and Initial Measurement:

All financial assets are initially recognized when the group becomes a party to the contractual provisions of the instruments. A financial asset is initially measured at fair value plus, in the case of financial assets not recorded at fair value through Statement of profit and loss, transaction costs that are attributable to the acquisition of the financial asset.

➤ Classification and Subsequent Measurement:

For the purposes of subsequent measurement, financial assets are classified in four categories:

- ❖ Measured at Amortized Cost;
- ❖ Measured at Fair Value Through Other Comprehensive Income (FVTOCI);
- ❖ Measured at Fair Value Through Statement of Profit and Loss (FVTPL); and
- ❖ Equity Instruments designated at Fair Value Through Other Comprehensive Income (FVTOCI).

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Group changes its business model for managing financial assets.

❖ **Measured at Amortized Cost:** A debt instrument is measured at the amortized cost if both the following conditions are met:

- The asset is held within a business model whose objective is achieved by both collecting contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the Statement of profit or loss. This category generally applies to trade receivables, cash and bank balances, loans and other financial assets of the group.

❖ **Measured at FVTOCI:** A debt instrument is measured at the FVTOCI if both the following conditions are met:

- The objective of the business model is achieved by both collecting contractual cash flows and selling the financial assets; and
- The asset's contractual cash flows represent SPPI.

Debt instruments meeting these criteria are measured initially at fair value plus transaction costs. They are subsequently measured at fair value with any gains or losses arising on remeasurement recognized in other comprehensive income, except for impairment gains or losses and foreign exchange gains or losses. Interest calculated using the effective interest method is recognized in the statement of profit and loss in investment income.

❖ **Measured at FVTPL:** FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as FVTPL. In addition, the group may elect to

Notes to Consolidated Financial Statements as on and for the year ended 31st March 2020 (*Contd.*)

designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

- ❖ **Equity Instruments designated at FVTOCI:** All equity investments in the scope of Ind AS – 109 are measured at fair value. Equity instruments which are, held for trading are classified as at FVTPL. For all other equity instruments, the group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. In case the group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of investment.

➤ **Derecognition:**

The Group derecognizes a financial asset on trade date only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

➤ **Impairment of Financial Assets:**

The Group assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS – 109 requires expected credit losses to be measured through a loss allowance. The group recognizes impairment loss for trade receivables that do not constitute a financing transaction using expected credit loss model, which involves use of a provision matrix constructed on the basis of historical credit loss experience. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

3.12.2. Financial Liabilities

➤ **Recognition and Initial Measurement:**

Financial liabilities are classified, at initial recognition, as at fair value through Statement of profit and loss, loans and borrowings, payables or as derivatives, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

➤ **Subsequent Measurement:**

Financial liabilities are measured subsequently at amortized cost or FVTPL. A financial liability is classified as FVTPL if it is held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in statement of profit and loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest rate method. Interest expense and foreign exchange gains and losses are recognized in profit and loss. Any gain or loss on derecognition is also recognized in the statement of profit and loss.

➤ **Financial Guarantee Contracts:**

Financial guarantee contracts issued by the group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirement of Ind AS 109 and the amount recognized less cumulative amortization.

➤ **Derecognition:**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

Notes to Consolidated Financial Statements as on and for the year ended 31st March 2020 (Contd.)

3.12.3. Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the counterparty.

3.12.4. Derivative financial instruments

The Group enters into derivative financial instruments viz. foreign exchange forward contracts, to manage its exposure to foreign exchange rate risks. The Group does not hold derivative financial instruments for speculative purposes.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in Statement of profit and loss immediately.

3.13. Earnings Per Share

Basic Earnings per share (EPS) amounts are calculated by dividing the profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted EPS amounts are calculated by dividing the profit attributable to equity shareholders adjusted for the effects of potential equity shares by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

3.14. Impairment of Non-Financial Assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. An asset is treated as impaired when the carrying cost of the asset exceeds its recoverable value being higher of value in use and net selling price. Value in use is computed at net present value of cash flow expected over the balance useful lives of the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows which are largely independent of the cash flows from other assets or group of assets (Cash Generating Units – CGU).

An impairment loss is recognized as an expense in the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in earlier accounting period is reversed if there has been an improvement in recoverable amount.

3.15. Provisions, Contingent Liabilities and Contingent Assets

3.15.1. Provisions

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost.

3.15.2. Contingent Liabilities

Contingent liability is a possible obligation arising from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefit will be required to settle the obligations or reliable estimate of the amount of the obligations cannot be made. The Group discloses the existence of contingent liabilities in Other Notes to these Consolidated Financial Statements.

Notes to Consolidated Financial Statements as on and for the year ended 31st March 2020 (*Contd.*)**3.15.3. Contingent Assets**

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits. Contingent Assets are not recognized though are disclosed, where an inflow of economic benefits is probable and where the amount can be measured reliably.

3.16. Biological Assets and Agricultural Produce**3.16.1. Biological Assets**

Biological assets of the group comprise of un-harvested green tea leaves, Macademia Nuts and Timber Plantation that are classified as current biological assets.

The Group recognizes biological assets when, and only when, the Group controls the assets as a result of past events, it is probable that future economic benefits associated with such assets will flow to the group and the fair value or cost of the assets can be measured reliably. Expenditure incurred on biological assets is measured on initial recognition and at the end of each reporting period at its fair value less costs to sell. The gain or loss arising from a change in fair value less cost to sell of biological assets is included in Statement of Profit and Loss for the period in which it arises.

3.16.2. Agricultural Produce

The Group recognizes agricultural produce when, and only when, the Group controls the assets as a result of past events, it is probable that future economic benefits associated with such assets will flow to the Group and the fair value or the cost of the assets can be measured reliably. Agricultural produce harvested from the Group's biological assets are valued at fair value less cost to sell at the point of harvest. A gain or loss arising on initial recognition of agricultural produce at fair value less cost to sell shall be included in Statement of Profit and Loss for the period in which it arises.

The Group's agricultural produce comprises of green leaves and macadamia nuts plucked from its tea estates.

3.17. Operating Segment

Operating Segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors. Segments are organized based on businesses which have similar economic characteristics as well as exhibit similarities in nature of production processes, the type and class of customer and distribution methods.

Segment revenue arising from third party customers is reported on the same basis as revenue in the financial statements. Inter-segment revenue is reported on the basis of transactions which are primarily market led. Segment results represent profits before finance charges, unallocated corporate expenses and taxes. "Unallocated Expenses" include revenue and expenses that relate to initiatives/ costs attributable to the enterprise as a whole and are not attributable to individual segments.

3.18. SIGNIFICANT JUDGEMENTS AND KEY SOURCES OF ESTIMATION IN APPLYING ACCOUNTING POLICIES

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Group and that are believed to be reasonable under the circumstances. Information about Significant judgements and Key sources of estimation made in applying accounting policies that have the most significant effects on the amounts recognized in the Consolidated financial statements is included in the following notes:

- **Revenue Recognition:** In case of construction contracts, the Group uses the percentage of completion method in accounting for its fixed-price contracts. Use of the percentage of completion method requires the Group to estimate the efforts or costs expended to date as a proportion of the total efforts or costs to be expended. Efforts or costs expended have been used to measure progress towards completion.
- **Recognition of Deferred Tax Assets:** The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Group's future taxable income against which the deferred tax assets can be

Notes to Consolidated Financial Statements as on and for the year ended 31st March 2020 (Contd.)

utilized. In addition, significant judgement is required in assessing the impact of any legal or economic limits.

- **Useful lives of depreciable/ amortizable assets (tangible and intangible):** Management reviews its estimate of the useful lives of depreciable/ amortizable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to actual normal wear and tear that may change the utility of Property, plant and equipment.
- **Classification of Leases:** The Group enters into leasing arrangements for various assets. The classification of the leasing arrangement as a finance lease or operating lease is based on an assessment of several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to purchase and estimated certainty of exercise of such option, proportion of lease term to the asset's economic life, proportion of present value of minimum lease payments to fair value of leased asset and extent of specialized nature of the leased asset.
- **Defined Benefit Obligation (DBO):** Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, medical cost trends, anticipation of future salary increases and the inflation rate. The Group considers that the assumptions used to measure its obligations are appropriate. However, any changes in these assumptions may have a material impact on the resulting calculations.
- **Provisions and Contingencies:** The assessments undertaken in recognizing provisions and contingencies have been made in accordance with Indian Accounting Standards (Ind AS) 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events is applied best judgement by management regarding the probability of exposure to potential loss.
- **Impairment of Financial Assets:** The Group reviews its carrying value of investments carried at amortized cost annually, or more frequently when there is indication of impairment. If recoverable amount is less than its carrying amount, the impairment loss is accounted for.
- **Allowances for Doubtful Debts:** The Group makes allowances for doubtful debts through appropriate estimations of irrecoverable amount. The identification of doubtful debts requires use of judgment and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the period in which such estimate has been changed.
- **Fair value measurement of financial Instruments:** When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The input to these models are taken from observable markets where possible, but where this not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.
- **Fair Value of Biological Assets:** The fair value of Biological Assets is determined based on recent transactions entered into with third parties or available market price.
- **Uncertainties relating to the global health pandemic from COVID-19:** The Group has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of receivables, projects work-in-progress and inventories including biological assets. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Group, as at the date of approval of these financial statements has used internal and external sources of information including credit reports and related information, economic forecasts. The Company has performed sensitivity analysis on the assumptions used and based on current estimates expects the carrying amount of these assets will be recovered. The impact of COVID-19 on the Group's financial statements may differ from that estimated as at the date of approval of these financial statements.

3.19. Recent Accounting Pronouncements - Standard issued but not yet effective

Ministry of corporate affairs (MCA) notifies new standards or amendments to the existing standards. There is no such notification which would have been applicable from April 01, 2020.

Transaction Price - Unstatisfied Performance Obligation

The remaining performance obligation disclosure provides the aggregate amount of the transaction price yet to be recognised as at the end of the reporting period and an explanation as to when the Group expects to recognise these amounts in revenue. Applying the practical expedient as given in Ind AS 115, the Group has not disclosed the remaining performance obligation related disclosures for contracts as the revenue recognised corresponds directly with the value to the customer of the entity's performance completed to date.

There are no aggregate value of performance obligations that are completely or partially unsatisfied as of 31st March, 2020, other than those meeting the exclusion criteria mentioned above.

NOTE 41 | OPERATING LEASES
41.1 - As Lessee

Effective April 1, 2019, the Group has adopted Ind AS 116 to its leases using modified retrospective transition method. Accordingly, the comparative information for periods relating to earlier years is not restated. The lease liability is measured at the present value of remaining lease payments discounted using incremental borrowing rate at the date of initial application and right of use asset has been recognized at an amount equal to the lease liability plus prepaid rentals recognised in the Balance Sheet before the date of initial application, if any. Further, the Company has exercised the following practical expedient;

- i) The Group has not reassessed whether a contract is, or contains, a lease at the date of initial application i.e. the contracts classified as leases as on March 31, 2019 as per Ind-AS 17 is treated as leases under Ind-AS 116 and not applying this standard to contracts that were not previously identified as containing a lease applying Ind AS 17.
- ii) Leases for which the lease term ends within 12 months of the date of initial application have been accounted as short term leases.

Further, refer Note 3.6: Significant Accounting Policies for detailed measurement and recognition principles on Leases.

On transition, the adoption of the new standard resulted in recognition of 'Right of Use' asset of Rs 33.52 lakhs, and a lease liability of Rs 43.61 lakhs. The effect of this adoption is insignificant on the profit / (loss) before tax, profit / (loss) for the period and earnings per share. Ind AS 116 will result in an increase in cash inflows from operating activities and an increase in cash outflows from financing activities on account of lease payments.

Notes to Consolidated Financial Statements as on and for the year ended 31st March 2020 (Contd.)

The weighted average incremental borrowing rate applied to lease liabilities as at 1st April, 2019 is 10%.

The changes in the carrying value of right of use (ROU) assets for the year ended 31st March, 2020 are disclosed in Note 4.

As per the requirement of Ind As -107 maturity analysis of lease liability have been shown under maturity analysis of Long term borrowing under Liquidity risk Note 51B(a). The Company does not face a significant liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to lease liabilities as and when they fall due.

Machinery Hire Charges and Rental expense recorded for short-term leases or cancellable in nature was ₹ 234.78 lakhs (P.Y. - ₹ 157.79 lakhs) and ₹ 60.29 lakhs (P.Y. - ₹ 61.53 lakhs) for the year ended 31st March, 2020 (Refer Note - 35).

41.2 - As Lessor

The company has given office premises under cancellable operating leases. The leasing arrangements range between 3 years and 15 years generally or longer and are usually renewable by mutual consent on mutually agreeable terms. Initial direct costs for such leases are borne by the company and charged off to revenue. Lease rentals are recognised as income for ₹ 749.36 Lakhs during the year (P.Y. ₹ 646.98 Lakhs). The gross value and accumulated depreciation of such asset as at 31st March, 2020 was ₹ 17.16 Lakhs (P.Y. ₹ 17.12 Lakhs) and Rs 3.26 Lakhs (P.Y. ₹ 2.48 Lakhs) respectively.

NOTE 50 | FINANCIAL RISK MANAGEMENT

The Group's business activities are exposed to a variety of financial risks, namely liquidity risk, market risk and credit risk. The Group's senior management has the overall responsibility for establishing and governing the Group's financial risk management framework. The Group's Audit Committee, is responsible for developing and monitoring the Group's financial risk management policies. The Group's financial risk management policies are established to identify and analyze the risks faced by the Group, to set and monitor appropriate controls.

(A) Credit risk

Credit risk refers to risk that counterparty will default on its contractual obligations resulting in financial loss to the Group. Credit risk arises primarily from financial assets such as trade receivables, bank balances, loans, investments and other financial assets.

At each reporting date, the Group measures loss allowance for certain class of financial assets based on historical trend, industry practices and the business environment in which the Company operates.

Credit risk arising from investments, derivative financial instruments and balances with banks is limited because the counterparties are banks and recognized financial institutions with high credit worthiness.

(i) Provision for expected credit losses

The Group measures Expected Credit Loss (ECL) for financial instruments based on historical trend, industry practices and the business environment in which the Group operates.

For financial assets, a credit loss is the present value of the difference between:

- (a) the contractual cash flows that are due to an entity under the contract; and
- (b) the cash flows that the entity expects to receive

The Group recognises in profit or loss, the amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date in accordance with Ind AS 109.

In determination of the allowances for credit losses on trade receivables, the Group has used a practical expedience by computing the expected credit losses based on ageing matrix, which has taken into account historical credit loss experience and adjusted for forward looking information.

(ii) The movement of Trade Receivables and Expected Credit Loss are as follows :

(₹ in Lakhs)

Particulars	As at 31st March 2020	As at 31st March 2019

Loss Allowance in 31st March 2020	670.81	4,093.47

(B) Liquidity risk

Liquidity risk is the risk that the Group will face in meeting its obligations associated with its financial liabilities. The Group has an established liquidity risk management framework for managing its short term, medium term and long term funding and liquidity management requirements.

The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of cash credit facilities agreed with the banks to ensure that there is sufficient cash to meet all its normal operating commitments in a timely and cost effective manner.

The following table shows the maturity analysis of the Group's derivative and non-derivative financial liabilities based on contractually agreed undiscounted cash flows.

(C) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk.

Notes to Consolidated Financial Statements as on and for the year ended 31st March 2020 (Contd.)

a) Interest rate risk:

Interest rate risk is measured by using cash flow sensitivity for changes in variable interest rate. Any movement in the reference rates could have an impact on the Company's cash flow as well as cost. The management is focused towards reducing the volatility due to interest rates, which is reflected in proportion of variable interest rate borrowing to total borrowing.

The exposure of the Group's borrowing to interest rate changes at the end of the reporting period are as follows:

(₹ in Lakhs)

Particulars	As at 31st March 2020	%	As at 31st March 2019	%
Variable rate borrowings	21,859.10	59.65%	24,457.04	62.46%
Fixed Rate borrowings	14,788.16	40.35%	14,700.78	37.54%
Total Borrowings	36,647.26	100.00%	39,157.82	100.00%

Working Capital Loan from Banks which are linked with one year fixed Marginal Cost of funds based Lending Rate (MCLR) of respective Banks are considered as Fixed rate borrowings and other borrowings are considered as Variable rate Borrowings.

Sensitivity: A change of 50 bps in interest rates of variable rate borrowings would have following Impact on profit before tax

(₹ in Lakhs)

Particulars	For the year 2019-20	For the year 2018-19
50 bps increase would decrease the profit before tax by	(109.30)	(122.29)
50 bps decrease would increase the profit before tax by	109.30	122.29

b) Foreign currency risk:

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate due to changes in foreign exchange rates. The Group enters into forward exchange contracts to hedge against its foreign currency exposures relating to the recognized underlying liabilities / assets and firm commitments. The Group's policy is to hedge its exposures other than natural hedge. The Group does not enter into any derivative instruments for trading or speculative purposes.

The Group's Derivative instruments and unhedged foreign currency exposure at the end of the reporting period are as follows:
