EIL inks Memorandum of Understanding with Detect Technologies Private Limited for Real Time Artificial Intelligence (AI) based Monitoring for Implementing Safe Practices at Construction Sites and Progress Monitoring for the Clients in India and abroad

New Delhi, April 12, 2024: Engineers India Limited (EIL) and Detect Technologies Private Limited have signed a Memorandum of Understanding (MoU) for Real Time Artificial Intelligence (AI) based Monitoring for Implementing Safe Practices at Construction Sites and Progress Monitoring for the Clients in India and abroad.

The MoU was signed in august presence of Ms. Vartika Shukla, C&MD, EIL and Shri Varun Kumar, Chief Business Officer & Shri R Ramachandran, Director, Detect Technologies Private Limited by Shri Rajeev Gupta, Director (Projects), EIL and Shri Tarun Kumar Mishra, Chief Strategy Officer, Detect Technologies Private Limited on 12th April, 2024.

Under the MoU, EIL and Detect Technologies will collaborate to provide Real Time Artificial Intelligence (AI) based monitoring for implementing safe practices and progress monitoring at construction sites for various projects being executed by EIL. This MoU will facilitate implementation, operation and maintenance of an AI based solution using cameras, drones, and cloud computing for maintaining safe work environment at site with an objective to avoid Loss Time Accidents/injuries, and monitoring of project progress.

This collaboration aligns with EIL's commitment to creating the safest possible environment for personnel at work sites by strictly adhering to the highest regulatory standards. This commitment ensures zero tolerance for safety and occupational hazards across various projects, thereby contributing to the social, economic, and holistic growth of society and the country at large.

“This MoU underscores EIL's commitment to ensuring the utmost safety standards across projects. By leveraging cutting-edge digital technologies, we aim to enhance safety, mitigate risks, and drive sustainable development in our operations” CMD EIL, Ms. Vartika Shukla commented while highlighting the significance of the collaboration with Detect Technologies in advancing real-time AI-based monitoring for safe construction practices.
