New India Assurance- Cancer Guard Policy

India's largest Multinational Premier General Insurance Company New India Assurance Company Limited, has launched a specialized product offering comprehensive insurance solution which shall reimburse the costs towards cancer treatment called "New India Cancer Guard Policy". The policy comes at a time when Cancer treatment has moved on from the conventional approach to a more holistic treatment using the advanced technology. In a function where CMD New India Assurance, Shri Atul Sahai, Dr Anil D'Cruz Director Oncology at Apollo Hospitals and several other senior officials were present. During the launch of the product, CMD Shri. Atul Sahai said that the medical advent and highly professional medical facilities have made it possible to avail specialised treatment in India. He told, although the regular Health policies of the Company cover cancer treatment, this specialized policy helps to opt for the changes in the treatment pattern, as well as meet the increased cost of treatment. Like a proton therapy costs anywhere between Rs.25 to Rs.30 lacs and cannot be addressed by the standard insurance policy usually taken for relatively smaller limits. With the advent of Gamma or cyber knife redefining the treatment protocols and confinement to a hospital, a specialized and comprehensive product is needed to cater to such treatments. While nobody wishes to suffer from such illnesses, one needs to have insurance in place if such need arises at a later date. The Highlights of the policy as explained: Offers to cover all methods of treatment for cancer, conventional and advanced, including but not limited to proton therapy and personalized targeted therapies. Offers OPD treatment as Cancer treatment at times may not require immediate hospitalization. Offers cost for reconstruction of the affected body parts following an Onco surgery. Medical second opinion for surgery. Follow up treatment and medical expenses for organ transplant. Offers cancer care Benefit of lump sum payment of 50% of the sum insured on detection of advanced stage of cancer. The sum insured offered ranges from Rs. 5 lacs to Rs.50 lacs. The New India Assurance has the largest health insurance business in the country. The insurer wrote health premiums of Rs.5149.70 crores at end of Q2 as against the premium of Rs.4227.80 crores as against Q2 of 2018.
