'GST only on margin earned on resale of second-hand jewellery'

JEWELLERS WILL HAVE to pay GST only on the profit earned on resale of second-hand gold jewellery, the Karnataka bench of the AAR has ruled.

The application to the Authority for Advance Ruling (AAR) was filed by Bengaluru-based Aadhya Gold, seeking clarity on whether GST is to be

paid only on the difference between the selling and purchase price if it purchases used/ second-hand gold jewellery from individuals and there is no change in the form/ nature of goods at the time of sale.

The AAR said GST is payable only on the margin between the sale and purchase prices. —PTI

FPIs pull out ₹4,515 cr from Indian equities in July so far

PRESS TRUST OF INDIA
New Delhi, July 18

FOREIGN PORTFOLIO INVESTORS (FPIs) have pulled out ₹4,515 crore from the equities segment in the first half of July as they turn cautious towards the Indian market.

"With markets trading near all-time high, FPIs would have chosen to book profits. They have also been staying on the sidelines given high valuations and most likely on the back of the risk of a potential third wave of the coronavirus pandemic," said Morningstar India associate director (manager research) Himanshu Srivastava. Though the continuing firmness in the dollar and the possibility of rising bond yields in the US do not augur well for capital flows into emerging markets like India, there is no immediate worry at the moment, he said.

Besides, he also added that the outflows have not been huge which signifies that foreign investors are adopting a cautious stance towards Indian equities rather than being negative on it.

Overseas investors pulled out ₹4,515 crore from the equities during July 1-16, depositaries data showed. At the same time, they invested ₹3,033 crore in the debt segment. Net outflow during the period under review stood at ₹1,482 crore.

In June, FPIs became net buyers in Indian markets at ₹13,269 crore.

Commenting on the FPI activity in 2021 so far, V K Vijayakumar, chief investment strategist at Geojit Financial Services, said it has been "highly volatile".

Analysts expect 'muted' June quarter for telcos

ANALYSTS HAVE PREDICTED a "muted" June quarter for telecom companies due to slow smartphone sales amid lockdowns, free recharges given by telcos for low income users to help them stay connected during the pandemic and moderate subscriber additions.

J M Financial said while it expects "subdued activity" in the lower Arpu category and consolidation of SIM — similar to 1QFY21 period — it remains cautious of a possible sequential decline in usage metrics.

Wireless revenues for the quarter are anticipated to be relatively "tepid" dragged down by sluggish smartphone sales which were hit by localised lockdowns, free recharges doled out by companies for the bottom-of-the-pyramid subscribers and a moderation in subscriber additions, a report by Emkay said. IICI Securities expected Q1FY22 revenue growth for the sector to be "slow". —PTI
