JAN OUTFLOWS FPIs withdraw ₹28,243 cr as US Fed signals rate hike

PRESS TRUST OF INDIA
New Delhi, January 30

FOREIGN PORTFOLIO INVESTORS (FPIs) pulled out a whopping ₹28,243 crore from Indian equities in January as US Fed signalled interest rate hike.

As per the depositories data, FPIs took out ₹28,243 crore from equities between January 3 and 28. During the same period, they pumped in ₹2,210 crore into debt segment and ₹1,696 crore into hybrid instruments. he total net outflow stood at ₹24,337 crore.

With the latest pull out of funds from Indian markets, FPIs have become net sellers for fourth consecutive month.

"With US Fed signalling that it will start hiking interest rates soon and shrink its bond holdings, FPIs went on selling spree in the Indian equity markets," said Himanshu Srivastava, Associate Director — Manager

Research, Morningstar India. This is indicative of an end to the ultra-loose monetary policy regime.

"FPIs have been booking profits in IT where they have been sitting on big profits after the huge appreciation in the last two years," VK Vijayakumar, Chief Investment Strategist at Geojit Financial Services, noted.

FPI selling has depressed the stock prices of financials, particularly that of leading banks, he added.

Besides, the bond yields globally have surged in recent times in expectation of a hike in interest rates by the US Fed which has made investors risk-averse prompting them to cut exposure in riskier assets and move towards safe havens such as gold, Srivastava said.

The investment in Indian debt market could be a result of FPIs parking their investments from a short-term perspective

given their cautious stance towards Indian equities.

Other emerging markets like South Korea, Taiwan and Philippines witnessed negative flows of \$2.77 billion, \$2.5 billion and \$56 million, respectively, while Thailand and Indonesia witnessed inflows to the tune of \$442 million and \$418 million, respectively, said Shrikant Chouhan, Head — Equity Research (Retail), Kotak Securities.

The central bank's determination to curb high inflation and Fed's commencement of asset tapering after hiking borrowing costs will likely keep equity markets volatile, Chouhan said. Also, rising crude oil prices and inflation are expected to keep FPIs flows in emerging markets volatile.

Additionally, investors' focus will on the upcoming Union budget and state elections in India, he added.

Mcap of 9 of top 10 most-valued firms erodes by over ₹3 lakh crore

NINE OF THE top-10 most-valued companies together lost a whopping ₹3,09,178.44 crore in market valuation last week as selloffs continued.

From the top-10 list, State Bank of India was the lone gainer as its valuation jumped ₹18,340.07 crore to reach ₹4,67,069.54 crore.

Coming to those whose valuation got eroded were Reliance Industries (RIL), Tata Consultancy Services (TCS), HDFC Bank, Infosys, ICICI Bank, Hindustan Unilever (HUL), HDFC, Bajaj Finance and Bharti Airtel.

The market valuation of RIL diminished by ₹96,512.22 crore to ₹15,79,779.47 crore, taking the biggest hit among the top-10 firms. TCS suffered an erosion of ₹53,488.29 crore to ₹13,65,042.43 crore from its valuation.

The market capitalisation (mcap) of Infosys tumbled ₹42,392.63 crore to ₹7,08,751.77 crore and that of HDFC Bank tanked ₹31,815.01 crore to reach ₹8,11,061.12 crore.

The valuation of Bajaj Finance declined by ₹30,333.64 crore to ₹4,14,699.49 crore and that of ICICI Bank dipped by ₹16,291.53 crore to ₹5,42,407.86 crore.

Bharti Airtel's market capitalisation plunged ₹15,814.77 crore to ₹3,93,174.23 crore.

Investment via P-notes rises to ₹95,501 cr

PRESS TRUST OF INDIA
New Delhi, January 30

Of the total ₹95,501 crore invested through the route till Dec 2021, ₹84,948 crore was invested in equities, ₹10,322 crore in debt, ₹231 crore in hybrid securities

of the tune of ₹1.06 lakh crore. Abhay Agarwal, founder and fund manager, Piper Serica, a Sebi-registered PMS, said P-notes data for December suggest a flattish trend. It suggests equity inflows of about ₹675 crore and debt inflows of about ₹716 crore.

This positive inflow is surprising since FPIs were aggressive sellers in equity and debt segment throughout December with net outflows of ₹19,026 crore and ₹11,799 crore, respectively.

At the same time, it is difficult to extrapolate the numbers for one month into a longer-term trend. The P-note flows are expected to be flat to negative in the month of January, he said.

Of the total ₹95,501 crore invested through the route till December 2021, ₹84,948 crore was invested in equities, ₹10,322 crore in debt, ₹231 crore in hybrid securities.

Sonam Srivastava, founder, Wright Research, Sebi-RIA said that P-notes participation is near the minimum level in six months forequities but has seen an uptick in the debt side. This pattern is as expected globally.

"We have seen a flight from risky assets among managers and a preference for debt with rising interest rates yields. The

perception of Indian markets being overvalued last quarter has added to this slowdown, and the announcement by the FED that they are going to raise interest rates has also made the equity markets vulnerable," she added.

The assets under the custody of FPIs rose to ₹5.72 lakh crore in December-end from ₹5.24 lakh crore in November-end.

Piper Serica's Agarwal said FPIs have been aggressive sellers across the board in emerging markets especially in Asia. While the fear of Omicron has receded the fear of Fed tapering has converted into a reality now.

"We are seeing sharp corrections in speculative assets classes especially cryptos as liquidity is winding up from global financial system. While India continues to be an extremely attractive opportunity for FPIs in the long term, we expect their short-term flows to be anemic at best due to technical factors," he added.

PNB Housing Fin focuses on affordable housing, to operationalise 25 new branches by March

PRESS TRUST OF INDIA
New Delhi, January 30

PNB HOUSING FINANCE is focussing on its high-yielding affordable housing business "Unnati" in tier-II and -III cities, and targets to operationalise 25 new branches by March this year.

Besides, the housing financier targets to increase the Unnati business from nine per cent currently to about 12-14% going forward. PNB Housing opened 13 Unnati locations during the quarter ended December 2021.

The company initiated a transformational "Project IGNITE" last fiscal year, aimed at boosting the affordable housing business, enhancing its core capabilities by catering to the self-employed segment as well as creating differentiators to beat the competition in the salaried segment loan market, among others.

The company is focussing on high-yielding affordable housing business Unnati in tier-II and -III geographies, its managing director and CEO Hardayal Prasad said during an earnings call after Q3FY22 results.

"We have already opened 13 Unnati locations during the quarter and 25 new locations will

be operationalised by March 2022...to increase our presence and enhance business in this segment," Prasad said.

Total AUM of Unnati stands at ₹3,089 crore as of December 31, 2021.

"Unnati has remained the focus for us and it will continue to grow. As of now, we are able to do 9% of the total actual business. We have also identified 50 branches across the geographies where we are pre-

sent...It will help us increase our reach and source our Unnati business in Q4 of the financial year 2022," its Business Head (Retail) Pankaj Jain said.

operationalised by March 2022...to increase our presence and enhance business in this segment," Prasad said.
