HETTO TAKE COMMITTEE

Drumpf As Trumps one-time my sor Steve Bannon told me recently he is technically an Irish-American, stillobservingsomeofIreland'sgreat rituals, butheandhisfamilyarefully integrated into the United States and are identified only as Americans. Have people of Indian subcontinent origin reached that stage in America and Great Britain?

Oneviewisthattheircolour(brown/ non-white) might make this process slower and more halting. There may still be lingering suspicious about their fealty and loyalty. Bannon himself is leery of the South Asians in Silicon Valley, where they hold some of thetop jobs that involves af eguarding American technological, economic, andstrategicprimacy. Sundar Pichai and Sat ya Nadel la are among the top fivetechhonchosintheU.S. andinasmuch asthey have done brilliantly for their company, there is still a lurking suspicion evidenta asub-textdar ing Congressional hearings - about

tivist with strong views onimmigration(the joke in the US was Donald Trump will ask to borrow her, notjust because her name is "pretty" but aiso because he needs a strong immigration hand to replace his now departed Homeland Security Secretary Kirstjen Nielsen). In Canada, Trudeau appointed a Sikh, Har jit Singh Saljan, as the defence minister.

However, it is in the United States that Indian-origin pols (a catch-all term for politician, political player political appointee, etc) are present in the broadestspectrum -acrossio ciety and across parties.
