### RBI Taking Steps to Promote Rupee as Currency for Global Trade: FM

New Delhi: Finance minister Nirmala Sitharaman on Monday said the RBI has taken steps to promote rupee as the preferred currency for global trade in order to promote exports. Last month, RBI asked banks to explore in place additional arrangements for export and import transactions in Indian rupees in view of increasing interest of the global trading community in the domestic currency. "RBI has put in place the arrangement for involving payment and settlement of exports and imports in INR in order to promote growth of global trade with emphasis on exports from India and to support the increasing interest of global trading community in INR," she said in a written reply to the Lok Sabha. According to the minister, this will reduce the dependence on hard currency, with emphasis on exports from India and to support the increasing interest of global trading community in INR. She also noted that an increase in exports may help reduce the trade deficit. PTI

# Cos Seek Refund after HC Reaffirms Advance Authorisation Benefit

### Income-tax department had earlier rejected claims; Delhi High Court recently ruled that these benefits should not be curtailed

Sachin Dave@timesgroup.com

Mumbai: Several companies that were under scrutiny by the government for availing tax benefits granted through advance authorisation scheme are set to approach the taxman for refunds following a court decision. The Delhi High Court recently dismissed the government's review petition on an earlier order that had said that these benefits should not be curtailed. The government had filed a review petition on an earlier order to

extend the benefit of Advance Authorisation Licences from July 1, 2017 till October 12, 2017 that is till the time GST exemption was officially notified by the government. Advance authorisation is a scheme whereby a company can import raw materials without paying duties on that if it can demonstrate that these raw materials are to be used in a final product that will eventually be exported. The tax department had rejected several claims for companies. The recent order could benefit the companies, say legal experts. "This will provide relief to a lot of

Govt was giving the benefits before GST was introduced in 2017. Thereafter, exporters no longer got complete exemption on imports those importers who may have taken the benefit and would have got the demands," said Abhishek A. Rastogi, partner at Khaitan & Co., who was representing some companies in the case. "There is also an option to claim back refund as

the court has now decided in favour of the importers claiming Advance Authorisation benefits." Companies take licences to avail certain benefits of government schemes such as Advance Authorisation and Export Promotion for Capital Goods, among others. In most cases, the tax department is seeking that exporters and the companies cough up the GST on the licence amount paid to the government. The government was giving the benefits before the GST was introduced in 2017. However, after GST was introduced, exporters no longer

got complete exemptions on imports. This meant that the exemption was not available against GST paid when goods were imported. Many companies had approached the Delhi High Court in this regard. The court extended the benefits of upfront duty exemption on import of goods under the licence to GST as well. "The entire benefit in the earlier regime was granted so that the Indian importers do not face the hassle of working capital and this aspect may be used for several other petitions under this regime," said Rastogi.

### Antidumping Duty Likely on Chinese Cutting Tool

New Delhi: The Directorate General of Trade Remedies (DGTR), an arm of the commerce ministry, has recommended imposition of antidumping duty on imports of a kind of cutting tool from China for five years to protect the domestic industry from cheap imports. The DGTR recommended the duty after conducting an investigation on the dumped imports of resin bonded thin wheels, which is used in various sectors ranging from welding and cutting.

The recommended duty is in the range of \$78.36 per tonne and \$89.12 per tonne on imports. While DGTR recommends the duty, the final decision rests with the ministry taking the final decision to impose the same within three months. DGTR had received an application from Grindwell Norton and Carborundum Universal for an antidumping investigation. PTI

### EPFO's ₹1.59 lakh crore Investment in ETFs Now Worth ₹2.26 lakh crore

New Delhi: Retirement fund body EPFO has invested \$15,299.46 crore in exchange-traded funds (ETFs) till March 2022 and its notional market value of these investments is ₹2,26,819.18 crore, Parliament was informed on Monday. EPFO has been investing in ETFs since August 2015. Initially, the body decided to invest 5% of its investible deposits in stock markets. Later, the proportion was increased to 10% in 2016-17 and 15% in 2017-18 onwards. Union minister of state for labour and employment Ra-

meshwar Telivastani in a written reply to the Lok Sabha that the Employees' Provident Fund Organisation (EPFO) has invested ₹2,29,299.46 crore in ETFs till March 31, 2022. The reply showed that the notional market value of the EPFO's investment in

ETFs stood at ₹2,26,819.18 crore on Monday, 2022. The minister also told the House that the EPFO invested ₹1,09,26,36 crore in ETFs in April-June period this year while the total investment in debt and equity was ₹94,477.67 crore. The body had invested ₹1,59,299.22 crore in 2021-22, ₹2,02,070.84 crore in 2020-21 and ₹3,501.09 crore in 2019-20 in ETFs. The EPFO invests 85% of the funds in debt instruments and 15% in ETFs, as per the investment pattern notified by the government. PTI
