UP distilleries gear up to make sanitizers

DEEPA JAINANI Lucknow, March 24

AS THE DEMAND for hand sanitizers has surged and stores have put up signs of 'hand sanitisers not available' amid the outbreak of coronavirus, the Uttar Pradesh sugar and excise department has been working overtime to ease its norms so that more and more companies are able to manufacture the product.

The UP government has launched a multi-pronged strategy to increase the production of sanitizers. While state distilleries have been roped in to manufacture hand sanitisers, cosmetic companies, which already have the licence from the drugs department, have been allowed to manufacture sanitizers after getting clearances from the

excise department.

As many as 20 companies, mostly sugar distilleries, have applied for permission of li-

As many as 20 companies, mostly sugar distilleries, have applied for permission of licences and these firms would be manufacturing approximately 50,000 litre of hand sanitizers daily

cences to manufacture hand sanitizers.

As per details obtained from the UP sugar and excise department, these 21 companies would be manufacturing approximately 50,000 litre of hand sanitizers daily.

Among those who have already started production are, Modi Beauty Products, popular for Revion brand of cosmetics, which will be producing 4,000 litre of hand sanitisers in three

other costs.

Speaking to FE, principal secretary, excise and sugar, Sanjay Bhoosreddy said, when reports started coming in that overnight, the stock of hand sanitizers was getting exhausted and an acute scarcity of hand sanitizers was being reported by hospitals and thegeneral public, with prices going up by 4 to 5 times of the normal MRP, the UP government thought of launching the initiative of roping in distilleries in UP to manufacture sanitizers.

"Also, hand sanitizer manufacturing companies had been complaining of shortage of raw material suddenly. Sugar mills and distillers with ample alcohol stock have been directed to provide raw material to sanitizer manufacturers, or alternatively, they can set up their own brands to sell in retail market".

Steel ministry wants free movement of alloy, inputs

SURYA SARATHI RAY New Delhi, March 24

EVEN AS THE Centre and states battle Covid-19 with lockdowns and other steps to ensure social distancing, the Union steel ministry has urged state governments to issue suitable instructions to allow un-restricted inter-state movement of trucks carrying raw materials and finished steel in order to maintain an

efficient supply chain. On Tuesday, steel secretary Binoy Kumar wrote to state chief secretaries arguing against imposition of any restrictions on the operation of steel plants, entryexit of workers engaged in these plants, movement of raw materials like iron ore, coal, limestone, dolomite, ferro-alloys, scrap, sponge iron, and intermediate or finished products to and from such plants.

The steel industry is facing difficulties in terms of shortage of labour and raw material supply owing to social distancing norms being enforced in view of the Covid-19 epidemic, Industry sources said around 20 people are required both for loading and unloading a truck. Steel plants referred to in the letter include both integrated steel plants as well as induction fumace or electric arc furnace-based steel units. Movement of the raw material and finished products, as requested by the secretary, should be allowed passage both through rail and road as well as through waterways or sea routes.

"This (the letter) is reference to the recent restrictions imposed by several state governments on the operation of non-essential commercial establishments and movement of people, in order to prevent the spread of Covid-19.1n. this regard, it has come to the notice of this ministry that several steel plant sacross the country are facing problems with regard to entry of workers, supply of raw material and despatch of finished steel etc. This is likely to adversely affect not only the operations of these steel plants but also has the potential to damage their plant and machinery," he wrote. The steel secretary has banked on the Sec 2(1)(a)(xii) of the Esma, 1981, which lists any service in any establishment... detailing with the production, supply/distribution of coal, power, steel or fertilisers'as an'essential service?
