# POSITIVE START FOR FY25: ANALYSTS

# Bajaj Finance stock rises on RBI relief

**FE BUREAU** Mumbai, May 3

SHARES OF BAJAJ FINANCE rose over 7% in intra-day trade on Friday, a day after the Reserve Bank of India (RBI) lifted restrictions on the non-banking financial company (NBFC).

However, the company's stock ended the day around 0.8% higher at ₹6,932.80 on the BSE.

RBI on Thursday allowed Bajaj Finance to resume the sanction and disbursal of new loans under 'eCOM' and online through its 'Insta EMI Card'.

On November 15 last year, RBI had directed the NBFC to stop sanction and disbursal of loans under its two lending products: 'e-COM' and 'Insta EMI Card' with immediate effect. In its notification, the central bank had said that the action was necessitated due to non-adherence of the company to the digital lending guidelines, particularly non-issuance of key fact statements to the borrowers under these products. Additionally, RBI also observed deficiencies in the key fact statements issued in respect to

The embargo on the two products had a significant impact on the company's profitability and new loan book in

2023-24 (April-March). Analysts note that while the removal of restrictions is on expected lines, the relief within six months is a "positive surprise". Further, it demonstrates the ability of the management to course-correct promptly when needed, they said. "The recent development in

fiscal, and is expected to boost investor confidence processes, commitment of management in making things right," brokerage firm Emkay Global Financial Services said in a report on Friday.

The brokerage added that the early resolution of these restrictions increases confidence on the FY25 outlook and raises hopes of approval by RBI for renewal of the company's cobranded credit card with RBL Bank in December 2024.

In the aftermath of the central bank's action, Bajaj Finance had announced that it has temporarily suspended issuance of existing member identification cards (EMI cards) to new customers till such time that the deficiencies observed by RBI are rectified.

The company continued to offerfinancing to new and existing customers at dealer stores.

"RBI lifting restrictions on some of Bajaj Finance's products is highly positive for the stock. Short covering in the stock has the potential to trigger a surge in the stock,"VKVijayakumar, chief investment strategist, Geojit Financial Services.

# POSITIVE START FOR FY25: ANALYSTS

# Bajaj Finance stock rises on RBI relief

**FE BUREAU** Mumbai, May 3

SHARES OF BAJAJ FINANCE rose over 7% in intra-day trade on Friday, a day after the Reserve Bank of India (RBI) lifted restrictions on the non-banking financial company (NBFC).

However, the company's stock ended the day around 0.8% higher at ₹6,932.80 on the BSE.

RBI on Thursday allowed Bajaj Finance to resume the sanction and disbursal of new loans under 'eCOM' and online through its 'Insta EMI Card'. On November 15 last year,

RBI had directed the NBFC to stop sanction and disbursal of loans under its two lending products: 'e-COM' and 'Insta EMI Card' with immediate effect. In its notification, the central bank had said that the action was necessitated due to non-adherence of the company to the digital lending guidelines, particularly non-issuance of key fact statements to the borrowers under these products. Additionally, RBI also observed deficiencies in the key fact statements issued in respect to

The embargo on the two products had a significant impact on the company's profitability and new loan book in 2023-24 (April-March).

Analysts note that while the removal of restrictions is on expected lines, the relief within six months is a "positive surprise". Further, it demonstrates the ability of the management to course-correct promptly when needed, they said. "The recent development in

The brokerage added that the early resolution of these restrictions increases confidence on the FY25 outlook and raises hopes of approval by RBI for renewal of the company's cobranded credit card with RBL Bank in December 2024.

## POSITIVE START FOR FY25: ANALYSTS

# Bajaj Finance stock rises on RBI relief

**FE BUREAU** Mumbai, May 3

SHARES OF BAJAJ FINANCE rose over 7% in intra-day trade on Friday, a day after the Reserve Bank of India (RBI) lifted restrictions on the non-banking financial company (NBFC).

However, the company's stock ended the day around 0.8% higher at ₹6,932.80 on the BSE.

RBI on Thursday allowed Bajaj Finance to resume the sanction and disbursal of new loans under 'eCOM' and online through its 'Insta EMI Card'.

On November 15 last year, RBI had directed the NBFC to stop sanction and disbursal of loans under its two lending products: 'e-COM' and 'Insta EMI Card' with immediate effect. In its notification, the central bank had said that the action was necessitated due to non-adherence of the company to the digital lending guidelines, particularly non-issuance of key fact statements to the borrowers under these products. Additionally, RBI also observed deficiencies in the key fact statements issued in respect to

The brokerage added that the early resolution of these restrictions increases confidence on the FY25 outlook and raises hopes of approval by RBI for renewal of the company's cobranded credit card with RBL Bank in December 2024.

In the aftermath of the central bank's action, Bajaj Finance had announced that it has temporarily suspended issuance of existing member identification cards (EMI cards) to new customers till such time that the deficiencies observed by RBI are rectified.

The company continued to offerfinancing to new and existing customers at dealer stores.

### POSITIVE START FOR FY25: ANALYSTS

# Bajaj Finance stock rises on RBI relief

**FE BUREAU** Mumbai, May 3

SHARES OF BAJAJ FINANCE rose over 7% in intra-day trade on Friday, a day after the Reserve Bank of India (RBI) lifted restrictions on the non-banking financial company (NBFC).

However, the company's stock ended the day around 0.8% higher at ₹6,932.80 on the BSE.

RBI on Thursday allowed Bajaj Finance to resume the sanction and disbursal of new loans under 'eCOM' and online through its'Insta EMI Card'.

On November 15 last year, RBI had directed the NBFC to stop sanction and disbursal of loans under its two lending products: 'e-COM' and 'Insta EMI Card' with immediate effect. In its notification, the central bank had said that the action was necessitated due to non-adherence of the company to the digital lending guidelines, particularly non-issuance of key fact statements to the borrowers under these products. Additionally, RBI also observed deficiencies in the key fact statements issued in respect to

The embargo on the two products had a significant impact on the company's profitability and new loan book in 2023-24 (April-March).

Analysts note that while the removal of restrictions is on expected lines, the relief within six months is a "positive surprise". Further, it demonstrates the ability of the management to course-correct promptly when needed, they said.

The brokerage added that the early resolution of these restrictions increases confidence on the FY25 outlook and raises hopes of approval by RBI for renewal of the company's cobranded credit card with RBL Bank in December 2024.

In the aftermath of the central bank's action, Bajaj Finance had announced that it has temporarily suspended issuance of existing member identification cards (EMI cards) to new customers till such time that the deficiencies observed by RBI are rectified.

The company continued to offer financing to new and existing customers at dealer stores.

"RBI lifting restrictions on some of Bajaj Finance's products is highly positive for the stock. Short covering in the stock has the potential to trigger a surge in the stock,"VKVijayakumar,chief investment strategist, Geojit Financial Services.

POSITIVE START FOR FY25: ANALYSTS

# Bajaj Finance stock rises on RBI relief

**FE BUREAU** Mumbai, May 3

SHARES OF BAJAJ FINANCE rose over 7% in intra-day trade on Friday, a day after the Reserve Bank of India (RBI) lifted restrictions on the non-banking financial company (NBFC).

However, the company's stock ended the day around 0.8% higher at ₹6,932.80 on the BSE.

RBI on Thursday allowed Bajaj Finance to resume the sanction and disbursal of new loans under 'eCOM' and online through its 'Insta EMI Card'. On November 15 last year,

RBI had directed the NBFC to stop sanction and disbursal of loans under its two lending products: 'e-COM' and 'Insta EMI Card' with immediate effect. In its notification, the central bank had said that the action was necessitated due to non-adherence of the company to the digital lending guidelines, particularly non-issuance of key fact statements to the borrowers under these products. Additionally, RBI also observed deficiencies in the key fact statements issued in respect to

The embargo on the two products had a significant impact on the company's profitability and new loan book in 2023-24 (April-March).

Analysts note that while the removal of restrictions is on expected lines, the relief within six months is a "positive surprise". Further, it demonstrates the ability of the management to course-correct promptly when needed, they said.

the early resolution of these restrictions increases confidence on the FY25 outlook and raises hopes of approval by RBI for renewal of the company's cobranded credit card with RBL Bank in December 2024.

In the aftermath of the central bank's action, Bajaj Finance had announced that it has temporarily suspended issuance of existing member identification cards (EMI cards) to new customers till such time that the deficiencies observed by RBI are rectified.

# POSITIVE START FOR FY25: ANALYSTS

# Bajaj Finance stock rises on RBI relief

**FE BUREAU** Mumbai, May 3

SHARES OF BAJAJ FINANCE rose over 7% in intra-day trade on Friday, a day after the Reserve Bank of India (RBI) lifted restrictions on the non-banking financial company (NBFC).

However, the company's stock ended the day around 0.8% higher at ₹6,932.80 on the BSE.

RBI on Thursday allowed Bajaj Finance to resume the sanction and disbursal of new loans under 'eCOM' and online through its 'Insta EMI Card'.

On November 15 last year,

RBI had directed the NBFC to stop sanction and disbursal of loans under its two lending products: 'e-COM' and 'Insta EMI Card' with immediate effect. In its notification, the central bank had said that the action was necessitated due to non-adherence of the company to the digital lending guidelines, particularly non-issuance of key fact statements to the borrowers under these products. Additionally, RBI also observed deficiencies in the key fact statements issued in respect to

The embargo on the two products had a significant impact on the company's profitability and new loan book in 2023-24 (April-March).

Analysts note that while the removal of restrictions is on expected lines, the relief within six months is a "positive surprise". Further, it demonstrates the ability of the management to course-correct promptly when needed, they said. "The recent development in

The brokerage added that the early resolution of these restrictions increases confidence on the FY25 outlook and raises hopes of approval by RBI for renewal of the company's cobranded credit card with RBL Bank in December 2024.

In the aftermath of the central bank's action, Bajaj Finance had announced that it has temporarily suspended issuance of existing member identification cards (EMI cards) to new customers till such time that the deficiencies observed by RBI are rectified. The company continued to

POSITIVE START FOR FY25: ANALYSTS

# Bajaj Finance stock rises on RBI relief

**FE BUREAU** Mumbai, May 3

SHARES OF BAJAJ FINANCE rose over 7% in intra-day trade on Friday, a day after the Reserve Bank of India (RBI) lifted restrictions on the non-banking financial company (NBFC).

However, the company's stock ended the day around 0.8% higher at ₹6,932.80 on the BSE.

RBI on Thursday allowed Bajaj Finance to resume the sanction and disbursal of new loans under 'eCOM' and online through its 'Insta EMI Card'. On November 15 last year,

RBI had directed the NBFC to stop sanction and disbursal of loans under its two lending products: 'e-COM' and 'Insta EMI Card' with immediate effect. In its notification, the central bank had said that the action was necessitated due to non-adherence of the company to the digital lending guidelines, particularly non-issuance of key fact statements to the borrowers under these products. Additionally, RBI also observed deficiencies in the key fact statements issued in respect to

other digital loans sanctioned by the company.

The embargo on the two products had a significant impact on the company's profitability and new loan book in

2023-24 (April-March). Analysts note that while the removal of restrictions is on expected lines, the relief within six months is a "positive surprise". Further, it demonstrates the ability of the management to course-correct promptly when needed, they said.

"The recent development in the beginning of FY25 is a positive start for Bajaj Finance for the

fiscal, and is expected to boost investor confidence on processes, commitment of management in making things right," brokerage firm Emkay Global Financial Services said in a report on Friday.

The brokerage added that the early resolution of these restrictions increases confidence on the FY25 outlook and raises hopes of approval by RBI for renewal of the company's cobranded credit card with RBL Bank in December 2024.

In the aftermath of the central bank's action, Bajaj Finance had announced that it has temporarily suspended issuance of existing member identification cards (EMI cards) to new customers till such time that the deficiencies

offerfinancing to new and exist-

"RBI lifting restrictions on some of Bajaj Finance's products is highly positive for the stock. Short covering in the stock has the potential to trigger a surge in the stock,"VKVijayakumar, chief investment strategist, Geojit Financial Services.

# Bajaj Finance stock rises on RBI relief

**FE BUREAU** Mumbai, May 3

SHARES OF BAJAJ FINANCE rose over 7% in intra-day trade on Friday, a day after the Reserve Bank of India (RBI) lifted restrictions on the non-banking financial company (NBFC).

However, the company's stock ended the day around 0.8% higher at ₹6,932.80 on the BSE.

RBI on Thursday allowed Bajaj Finance to resume the sanction and disbursal of new loans under 'eCOM' and online through its 'Insta EMI Card'.

RBI had directed the NBFC to stop sanction and disbursal of loans under its two lending products: 'e-COM' and 'Insta EMI Card' with immediate effect. In its notification, the central bank had said that the action was necessitated due to non-adherence of the company to the digital lending guidelines, particularly non-issuance of key fact statements to the borrowers under these products. Additionally, RBI also observed deficiencies in the key fact statements issued in respect to

POSITIVE START FOR FY25: ANALYSTS

# Bajaj Finance stock rises on RBI relief

**FE BUREAU** Mumbai, May 3

SHARES OF BAJAJ FINANCE rose over 7% in intra-day trade on Friday, a day after the Reserve Bank of India (RBI) lifted restrictions on the non-banking financial company (NBFC).

However, the company's stock ended the day around 0.8% higher at ₹6,932.80 on the BSE.

RBI on Thursday allowed Bajaj Finance to resume the sanction and disbursal of new loans under 'eCOM' and online through its 'Insta EMI Card'. On November 15 last year,

RBI had directed the NBFC to stop sanction and disbursal of loans under its two lending products: 'e-COM' and 'Insta EMI Card' with immediate effect. In its notification, the central bank had said that the action was necessitated due to non-adherence of the company to the digital lending guidelines, particularly non-issuance of key fact statements to the borrowers under these products. Additionally, RBI also observed deficiencies in the key fact statements issued in respect to

the early resolution of these restrictions increases confidence on the FY25 outlook and raises hopes of approval by RBI for renewal of the company's cobranded credit card with RBL Bank in December 2024.

In the aftermath of the central bank's action, Bajaj Finance had announced that it has temporarily suspended issuance of existing member identification cards (EMI cards) to new customers till such time that the deficiencies observed by RBI are rectified.

# Bajaj Finance stock rises on RBI relief

**FE BUREAU** Mumbai, May 3

SHARES OF BAJAJ FINANCE rose over 7% in intra-day trade on Friday, a day after the Reserve Bank of India (RBI) lifted restrictions on the non-banking financial company (NBFC).

However, the company's stock ended the day around 0.8% higher at ₹6,932.80 on the BSE.

RBI on Thursday allowed Bajaj Finance to resume the sanction and disbursal of new loans under 'eCOM' and online through its 'Insta EMI Card'. On November 15 last year,

RBI had directed the NBFC to stop sanction and disbursal of loans under its two lending products: 'e-COM' and 'Insta EMI Card' with immediate effect. In its notification, the central bank had said that the action was necessitated due to non-adherence of the company to the digital lending guidelines, particularly non-issuance of key fact statements to the borrowers under these products. Additionally, RBI also observed deficiencies in the key fact statements issued in respect to

The embargo on the two products had a significant impact on the company's profitability and new loan book in

2023-24 (April-March). Analysts note that while the removal of restrictions is on expected lines, the relief within six months is a "positive surprise". Further, it demonstrates the ability of the management to course-correct promptly when needed, they said.

the early resolution of these restrictions increases confidence on the FY25 outlook and raises hopes of approval by RBI for renewal of the company's cobranded credit card with RBL Bank in December 2024.

In the aftermath of the central bank's action, Bajaj Finance had announced that it has temporarily suspended issuance of existing member identification cards (EMI cards) to new customers till such time that the deficiencies observed by RBI are rectified.

The company continued to offerfinancing to new and existing customers at dealer stores.

SHARES OF BAJAJ FINANCE rose over 7% in intra-day trade on Friday, a day after the Reserve Bank of India (RBI) lifted restrictions on the non-banking financial company (NBFC).

However, the company's stock ended the day around 0.8% higher at ₹6,932.80 on the BSE.

RBI on Thursday allowed Bajaj Finance to resume the sanction and disbursal of new loans under 'eCOM' and online through its 'Insta EMI Card'.

On November 15 last year,

RBI had directed the NBFC to stop sanction and disbursal of loans under its two lending products: 'e-COM' and 'Insta EMI Card' with immediate effect. In its notification, the central bank had said that the action was necessitated due to non-adherence of the company to the digital lending guidelines, particularly non-issuance of key fact statements to the borrowers under these products. Additionally, RBI also observed deficiencies in the key fact statements issued in respect to

other digital loans sanctioned by the company.

The embargo on the two products had a significant impact on the company's profitability and new loan book in 2023-24 (April-March).

Analysts note that while the removal of restrictions is on expected lines, the relief within six months is a "positive surprise". Further, it demonstrates the ability of the management to course-correct promptly when needed, they said. "The recent development in

the beginning of FY25 is a positive start for Bajaj Finance for the

fiscal, and is expected to boost investor confidence processes, commitment of management in making things right," brokerage firm Emkay Global Financial Services said in

a report on Friday. The brokerage added that the early resolution of these restrictions increases confidence on the FY25 outlook and raises hopes of approval by RBI for renewal of the company's cobranded credit card with RBL

tral bank's action, Bajaj Finance had announced that it has temporarily suspended issuance of existing member identification cards (EMI cards) to new customers till such time that the deficiencies observed by RBI are rectified.

"RBI lifting restrictions on some of Bajaj Finance's products is highly positive for the stock. Short covering in the stock has the potential to trigger a surge in the stock,"VKVijayakumar, chief investment strategist, Geojit Financial Services.
