AGENDA

1. 360 ONE at a Glance

2. Business Introduction

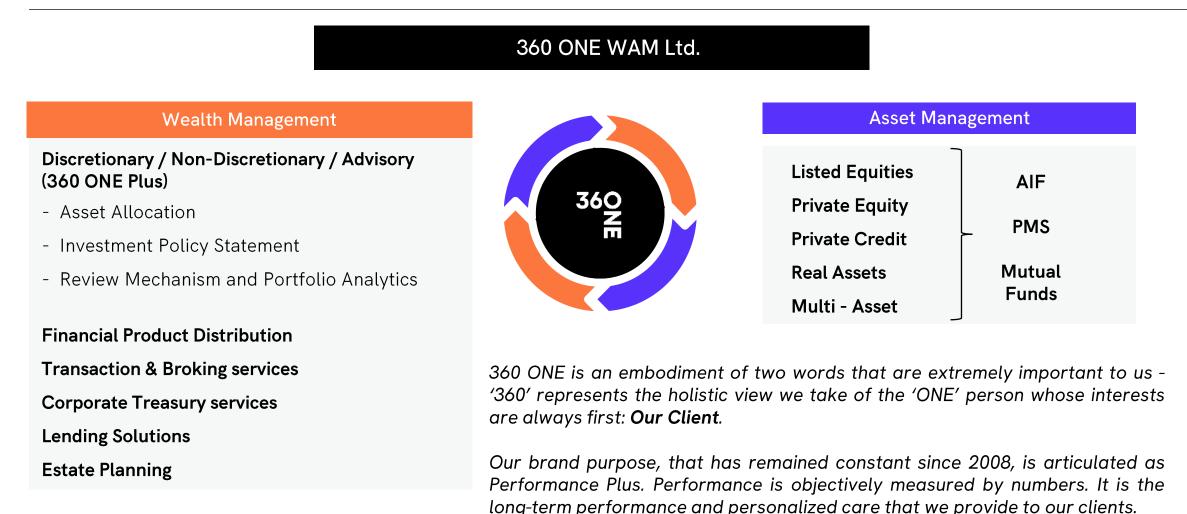

3. Financial Update - Q3 FY25

4. Proposed Acquisition of B&K Securities and

B&K Finserv

B&K - One of India's leading brokerage and corporate advisory houses

Proposed acquisition is subject to regulatory approvals

B&K Securities - Key businesses

Institutional Equity Broking

- Full-Service Broking Offering with coverage of over 450 stocks
- Strong Focus on Domestic Mutual Funds and Insurance Companies
- Broking services primarily focused on equities (one of the widest coverage on mid cap stocks)

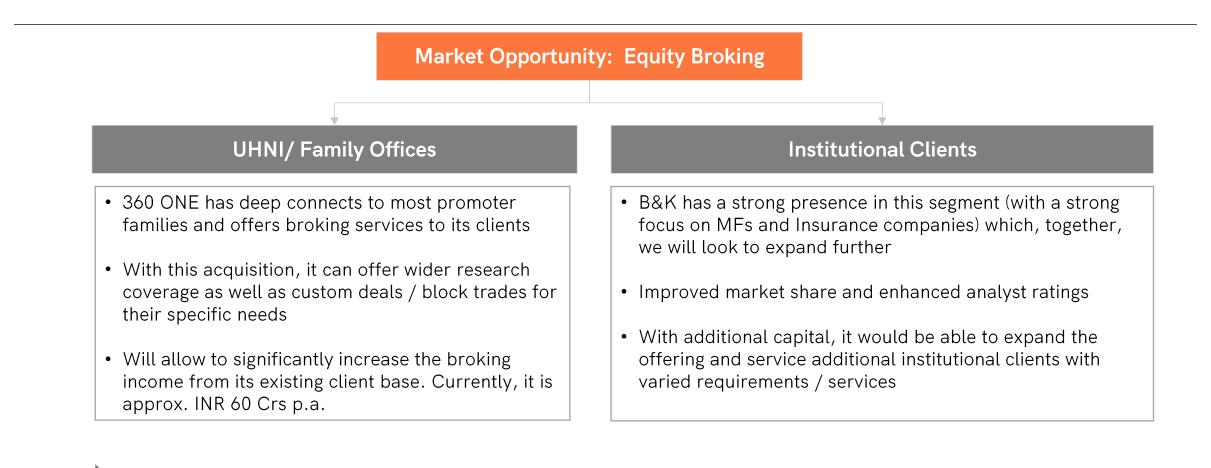

Equity Capital Markets

- Recently launched segment offering merchant banking services to select set of clients
- Team expansion underway to offer full fledged ECM Capabilities to its domestic institutional clients and treasury clients

Corporate Treasury

- Manages >INR 14k Crs of assets for domestic companies including start ups
- Offers this on the distribution platform for Mutual Funds

Business Synergies 1: Equity Broking

We can now deepen our offering across all segments where we have a presence (UHNI, HNI) and all new market segments through B&K (DII + FIIs)

Business Synergies 2: Equity Capital Markets

Proposed acquisition is subject to regulatory approvals

Business Synergies 3: Corporate Treasury

Market Opportunity: Corporate Treasury Services

Synergy Area:

- B&K has an active corporate treasury offering covering MFs, Bonds, listed equities with assets >INR 14k Crs. Currently, it is offered only on distribution model, and not as Registered Investment Advisor (RIA). 360 ONE offers these services in a limited way (not been a key focus area) through RIA
- This is, potentially, a new offering providing a deeper platform to service corporate treasuries (both on Advisory & Broking)

Potential Synergies

- Client Introduction: Can offer services to 360 ONE Clients promoter led companies which have treasuries, looking for active advisory
- Combined Platform Offering: Advisory, Broking, Technology; more opportunities in Fixed Income + Products
- Research Synergies: Can leverage research into MFs and other investments, in conjunction with in-house product team, expanding efficiencies
- Recently, in December 2024, SEBI has allowed RA to act as RIA. With this change and 360 ONE's existing RIA licence, the business can grow significantly, adding to Assets under Advice (AUA)

Recap of Business Synergies

- Once complete (post regulatory approvals), this strategic acquisition plays an important part in completing our wealth and asset management platform
- The synergies from Broking mean that 360 ONE is able to service all segments and additionally open up new lines of revenue
- For the Wealth Management Business, the addition of Investment Banking capabilities was a missing piece in our offering with this team, we are able to service UHNI Promoter Families across all parts of their cap table not just investments

This acquisition strengthens 360 ONE's position as a market leader, enabling integration of research, advisory, and execution capabilities across a wider spectrum of services and new market segments

Proposed acquisition is subject to regulatory approvals
