**SALASAR TECHNO ENGINEERING LTD. SUCCESSFULLY INSTALLS AND COMMENCES OPERATION OF NEW ZINC GALVANIZATION PLANT OF AN ANNUAL CAPACITY OF 96000 METRIC TONS**

**New Delhi, 25<sup>th</sup> September 2023:** Salasar Techno Engineering Ltd. (“STEL” or “The Company”), a leading player in the engineering, designing, procurement, fabrication, galvanization, and EPC (Engineering, Procurement, and Construction) sectors, is thrilled to announce the successful installation and commissioning of its new Zinc Galvanization Plant (GI Plant). This state-of-the-art facility boasts an annual capacity of 96,000 Metric Tons and has commenced operations at its Unit - III, located in Village - Khera P.O. Pilkhuwa, Tehsil- Dhaulana, Distt - Hapur, Uttar Pradesh, India, with effect from 25th September, 2023.

The new Zinc Galvanization Plant represents a significant milestone in Salasar Techno Engineering Limited's journey of growth and expansion. With its cutting-edge technology and enhanced capacity, the plant being among one of the largest in the world, is poised to play a pivotal role in meeting the growing demand for high-quality galvanized products in various industries, especially for transmission line monopoles & large size structures including infrastructure, construction, automotive, and more.

Key features of the Zinc Galvanization Plant include:

1. **Enhanced Capacity:** With an annual capacity of 96,000 Metric Tons, the GI Plant will significantly boost our galvanization production capabilities.
2. **Advanced Technology:** The plant is equipped with the latest and most advanced galvanization technology to ensure the highest quality of products.
3. **Environmental Sustainability:** Salasar Techno Engineering Limited remains committed to environmental sustainability, and the new plant adheres to all environmental regulations and standards.
4. **Job Creation:** The expansion will create employment opportunities in the region, contributing to local economic development.

**From the corner of Management of STEL:**

Mr. Shashank Agarwal, Joint Managing Director of Salasar Techno Engineering Limited, expressed his delight at this achievement, stating, *"The successful installation and commissioning of our new Zinc Galvanization Plant is a testament to our commitment to excellence and innovation. This state-of-the-art facility will empower us to better serve our clients and meet the ever-growing demand for high-quality galvanized products."*

*The commissioning of the Zinc Galvanization Plant marks a significant step forward for Salasar Techno Engineering Limited, as the company continues to expand its portfolio of services and strengthen its position in the industry.*

### **About Salasar Techno Engineering Limited (STEL)**

Incorporated in 2006, STEL is a provider of customized steel fabrication & infrastructure solutions in India. It provides 360-degree solutions by carrying out engineering, designing, fabrication, galvanization and deployment. STEL's product portfolio includes telecommunication towers, power transmission line towers, smart lighting poles, utility poles, high mast poles, stadium lighting poles, monopoles, substation structures, solar module mounting structures, railway electrification (OHE), Road & Railway Over-Bridges (ROB) and customised galvanized & non-galvanized steel structures. STEL's services include providing complete Engineering, Procurement & Control (EPC) for projects such as rural electrification, power transmission lines and solar power plants. STEL is among the leading manufacturers with the current installed capacity of 1,15,000 MTPA having supplied, 50,000+ Telecom Towers, 702 km of Power Transmission Lines, 588 km Railway Track, to 600+ clients in 25+ Countries.
