According to the latest PLFS report, female unemployment rate remained in double digits for 8 quarters in a row

SURYA SARATHI RAY  
New Delhi, May 7

SIGNALING A MARGINAL improvement in the job market, the urban unemployment rate fell below the pre-pandemic level for the first time in the October-December, 2021 period at 8.8%, according to the latest quarterly periodic labour force survey (PLFS) data released by the ministry of statistics and programme implementation (MoSPI).

In January-March quarter which immediately preceded the pandemic, the urban joblessness rate was 9.1%, but it jumped to 21.2% in the subse-

quent quarter which saw the first wave of the pandemic and the consequent nation-wide lockdown. The rate has since come down through the pace was not steady. The second Covid wave led to a temporary spike in the rate.

However, despite the fall in urban unemployment rate in the October-December 2021, nine of the 21 states surveyed in the latest round of PLFS had double-digit unemployment rate in their urban areas. The highest rate was in Uttarak-

hand at 15.5%. In the July-September 2021 period, 11 states had double-digit unemployment rate in their urban areas.

Urban unemployment rate in the January-March quarter of the current year might have come down a bit further going by the findings of the Center for Monitoring of Indian Economy (CMIE). Though CMIE data is not strictly comparable with PLFS outcome, urban unemployment rate, according to CMIE, fell to 8.14% in January, 7.57% in February and 8.28% in

## NHFS survey shows marginal rise in women employment

ACCORDING TO THE National Family Health Survey (NFHS)-5 conducted from 2019-21, 32% of married girls and women aged 15-49 are employed. Among them, 83% earn cash, while 15% does not receive any payment.

The employment rate among women in this age group shows a marginal increase—to 32%—from 31% as recorded in NFHS-4.

The percentage of earning women has also increased by 3%, it said. The latest NHFS survey has not seen a change in the percentage of employed men, while those that earn cash has increased from 91% to 95%.

In India, only 32% of married girls and women aged 15-49 are employed, compared to 98% of married men in the same age group.

Among working girls and women, 83% earn cash, including 8% who are compensated both in cash and in kind. Fifteen per cent of the employed women are not paid for their work, the survey stated.

March compared with 7.37% in October, 8.2% in November and 9.3% in December.

The latest PLFS report, however, showed that female unemployment rate in urban areas remained in double digits for eight quarters through

October-December 2021. Incidentally, the rate was 10.5% in the pre-pandemic January-March, 2020 quarter. Unemployment rate for males, however, fell to 8.3% in the October-December 2021 quarter, the lowest in two years.

RUSSIA'S INVASION OF Ukraine has opened arbitrage opportunities so enticing that Reliance Industries deferred maintenance work at the world's biggest oil refining complex to churn out more diesel and naphtha after prices surged.

The refiner, owned by Indian billionaire Mukesh Ambani, is buying discounted cargoes of crude after self-sanctions on Russian fuels by some European Union companies pushed up margins on some oil products to three-year highs.

Reliance's giant twin refineries can process about 1.4 million barrels daily of almost all varieties of crude. The firm is also known for its agility in oil trading, which helps it benefit from price swings.

"We have minimised feedstock cost by sourcing arbitrage barrels," joint chief financial officer V Srikanth said in a briefing on Friday.

Indian refiners have been

Flows of Russian oil to India aren't sanctioned, and while purchases remain minuscule in comparison to India's total consumption, they help keep a lid on rapidly accelerating inflation that's stoking protests in other parts of the subcontinent.

State-owned and private refiners in the world's third-biggest oil importer have bought more than 40 million barrels of Russian crude since

the war in late February, Bloomberg has reported.

Diesel margins shot up 71% in January-March from the previous quarter, while those on gasoline were up 17% and naphtha prices rose 18.5%, according to presentation by the company.

Mumbai-based Reliance, which earns about 60% of its income from oil, reported lower-than-expected quarterly profit on Friday as higher tax liabilities and costs across other parts of the conglomerate offset gains made from fuel exports.

Net income rose 22% to ₹162 billion (\$2.1 billion) in the three months ended March 31, falling short of the average ₹168.2 billion profit estimated by a Bloomberg survey of analysts.

"Reduced diesel imports by Europe from Russia and low global inventories" will support margins, Srikanth said. However, a possible disruption from the coronavirus surge in China and other supply chain issues could hurt demand, he added.

# Blast at Tata Steel plant in Jamshedpur, three injured

THREE PEOPLE SUSTAINED minor injuries in an explosion in a gas pipeline in Tata Steel plant here on Saturday, a company official said. The blast occurred around 10.20 am, and the injured employees were taken to Tata Main Hospital and administered first aid, he said.

"This morning, we reported an incident of blasting sound in a coke

plant unit, which was non-operational and is undergoing a dismantling process, at our Jamshedpur Works. Our emergency response team immediately reached the incident site; the area was cordoned off and the situation brought under control," the steelmaker said in a statement.

Two of the injured people have

been discharged and one is under observation, it said, adding there has been no impact on production.

As per the standard safety protocol, the incident was immediately reported to authorities concerned, and further investigation to ascertain the cause of the explosion is underway, it said.

mega IPO of the state-owned insurer. The initial public offering (IPO) will close on May 9.

The government aims to generate about ₹21,000 crore by diluting 3.5% stake in the insurance behemoth. LIC reduced its IPO size to 3.5% from 5% decided earlier due to the prevailing choppy market conditions. Even after the reduced size of about ₹20,557 crore, LIC IPO is going to be the biggest initial

public offering ever in the country.

So far, the amount mobilised from the IPO of Paytm in 2021 was the largest ever at ₹18,300 crore, followed by Coal India (2010) at nearly ₹15,500 crore and Reliance Power (2008) at ₹11,700 crore.

LIC was formed by merging and nationalising 245 private life insurance companies on September 1, 1956, with an initial capital of ₹5 crore.

Its product portfolio comprises 32 individual plans (16 participating and 16 non-participating) and seven individual optional rider benefits. The insurer's group product portfolio comprises 11 group products.

As of December 2021, LIC had a market share of 61.6% in terms of premiums or gross written premium, 61.4% in terms of new business premium, 71.8% in terms of the number of individual policies issued and 88.8% in terms of the number of group policies issued.

**एपी, संयुक्त राष्ट्र**

रशियाने युक्रेनवर २४ फेब्रुवारीपासून केलेल्या लष्करी कारवाईनंतर संयुक्त राष्ट्र संघटनेच्या सुरक्षा परिषदेने शुक्रवारी युक्रेनप्रश्नी अधिकृत निवेदन मांडून ते स्वीकृत केले. त्यात नमूद केले आहे, की रशिया-युक्रेनमध्ये दहा आठवड्यांपासून सुरू असलेल्या ‘वाद’वर शांततापूर्ण तोडगा काढण्याच्या संयुक्त राष्ट्र संघटनेचे सरचिटणीस अँतोनिओ गुतेरेस यांच्या

प्रयत्नांना आमचा ‘ठाम पाठिंबा’ आहे. शुक्रवारी सुरक्षा परिषदेची अल्प काळ बैठक चालली. त्यानंतर संक्षिप्त अध्यक्षीय निवेदन मंजूर करण्यात आले. त्यात या युक्रेनप्रश्नाला ‘युद्ध’,

**तारापूरमधील विराज कंपनीत संपकऱ्यांकडून अन्य कामगार, पोलिसांना मारहाण**

पालघर : तारापूर औद्योगिक वसाहतीमधील पोलाद उत्पादनात अग्रेसर असणाऱ्या विराज प्रोफाइल लिमिटेड या कंपनीमध्ये कामगारांतील वाद विकोपाला जाऊन काही कामगारांना तसेच पोलिसांनाही मारहाण झाल्याचे समजते, पण त्याला पोलिसांकडून अधिकृत दुजोरा मिळू शकला नाही. विराज कंपनीत नव्याने स्थापन झालेल्या एका कामगार संघटनेने १६ मे पासून संपाची नोटीस बजावली होती. संपाच्या कालावधीत कंत्राटी कामगारांमार्फत काम सुरू ठेवले जाण्याची शक्यता पाहता कामगारांनी काही दिवसांपासूनच उत्पादन बंद केले होते. या कामगारांनी कंपनी आवारापासून ५० मीटर दूर राहावे असे आदेश औद्योगिक न्यायालय तसेच पालघर प्रथमवर्ग न्यायालयाने दिले होते. या आदेशाची अंमलबजावणी करण्यासाठी पोलिसांची मदत घेऊन प्रयत्न सुरू असताना काही कामगारांना पोलिसांकडून मारहाण झाल्याचा आरोप कामगारांच्या प्रतिनिधींकडून होत आहे.
