NON-PAYMENT OF DUES

# Madras HC dismisses SpiceJet's plea against winding-up order

Gives airline time till January 28 to file appeal in SC

**FE BUREAU** Chennai, January 11

**THE MADRAS HIGH** Court on Tuesday dismissed the appeal by SpiceJet against its singlejudge order to wind up the lowcost airline on a Credit Suisse AG's petition relating to nonpayment of \$24 million to SR Technics, a maintenance and repair company.

A division bench of justices Paresh Upadhyay and Sathi Kumar Sukumara Kurup, extended the suspension of the order till January 28, to enable the airline to move a further appeal before the Supreme Court.

"Since we have not entertained these appeals, there is nothing to be stayed so far this order is concerned. However, to see that challenge if any to this order remains meaningful to the appellant, the stay granted by the company court which is in force till today shall stand extended till Ianuary 28," the bench said.

The Madras HC had on

December 6 ordered the winding up of the airline on a petition filed by Credit Suisse-to whom SR Technics had given the right to collect all payments. The court also directed an official liquidator to take over the assets of the airline.

The order has subsequently stayed for three weeks following a plea by the airline and on the condition that it deposits \$5 million with the court within two weeks.

Aggrieved by the windingup order, SpiceJet appealed against the order saying the documents relied by Credit Suisse are not stamped and therefore the courts in India will not take cognizance. Further, S R Technics did not have a valid license from the Director-General of Civil Aviation (DGCA) and therefore it could not have

legally maintained the aircraft/engines of the company and consequently, no amount could be said to be payable by SpiceJet to it and thereby there was a bonafide dispute about the said payment.

SpiceJet further submitted the order on the company petition praying for the winding up of the company to be set aside and appointment of a provisional liquidator be also set aside. It was submitted that given the errors in the impugned orders, the matter may be remanded back to the company court.

The counsel for Credit Suisse AG argued that the order passed by the company court ordering admission of the winding-up petition and appointment of the official liquidator can not be said to be erroneous in any manner

and no interference be made by this court.

Dragging SpiceJet to court for non-payment of dues, Credit Suisse AG had prayed for winding up of the Indian firm under the provisions of the Companies Act, 1956 and appoint the official liquidator of the high court as the liquidator with all powers under Section 448 of the Companies Act to take charge of SpiceJet's assets, properties, stock in trade and books of accounts. The proceedings before the

Madras High Court were raised out of an old agreement dated November 24, 2011, between SpiceJet and SRT Technics (SRT) for the provision of engine maintenance services.

Credit Suisse AG initiated the company petition as a purported assignee of SRT claiming non-payment of amounts aggregating to \$24.01 million under the agreement. SpiceJet opposed the peti-

tion because there was no legally enforceable debt. After all, SRT did not possess the relevant DGCA approval for the provision of services under the agreement.According to SpiceJet, SRT made fraudulent misrepresentation to the company of having applicable DGCA approval for providing the services.

PRESS TRUST OF INDIA

Mumbai, January 11

WASTE MANAGEMENT-**FOCUSED** start-up Recykal on Tuesday announced a \$22-million (around ₹162.58 crore) fundraise led by Morgan Stanley India.

Existing investors Circulate Capital, Vellayan Subbiah, and Arun Venkatachalam from the Murugappa family also participated in the fund raising, which will be deployed for expansion of services pan-India, hiring talent and building hyper-local waste processing infrastructure.

The Hyderabad-based company serves the over \$100 billion per year, highly fragmented and otherwise informal waste management industry with solutions including a B2B platform which connects sellers and buyers, and also helps plastic generating companies like Cola giants meet the extended producer responsibility compliance norms.

"We researched for three years before launching the company. We have a network across the country now and have been growing at a pace of over three times now," its founder and chief executive Abhay Deshpande told *PTI*.

The serial entrepreneur said Recykal had a revenue of ₹1.8 crore in FY19, which is likely to touch ₹220 crore in FY22. He also made it clear that though the company has a social impact, the team wants to pitch itself as a commercial venture and not as a social impact venture.

Morgan Stanley will get board representation on the company, Deshpande said, without disclosing the exact stake to be held or Recykal's valuations.

to comfortable levels and there is no pressure on mills to sign

million tonnes of sugar in

"Surplus has gone down because of last year's record exports and continuous diver-

sion of sugar for ethanol," said BB Thombare, president of the West Indian Sugar Mills Association.

The government has raised the price at which oil marketing companies will buy ethanol from sugar mills, making production of the biofuel lucrative.

Most of the sugar exports contracts were signed by mills in western state of Maharashtra and neighbouring Karnataka, but mills in top producing Uttar Pradesh were holding off because of higher local prices, said Gupta of AISTA.
