# Upgradation of Credit Rating by ICRA

Credit Rating		
Type of Credit Rating	Existing	Revised
Long - Term Rating	[ICRA]BBB+ (Stable) (pronounced ICRA triple B plus)	[ICRA]A- (Stable) (pronounced ICRA A minus)
Short - Term Rating	[ICRA]A2 (pronounced ICRA A two)	[ICRA]A2+ (pronounced ICRA A two plus)

## The Rating upgrade factors in:

- Consistent healthy performance of Pearl Global over the last two years despite the evolving demand slowdown in its key market, the US, amid inflationary pressure which is affecting discretionary spending by the consumers
- The impact of demand slowdown has also been partially offset for Indian exporters because of business re-route from China and the China-plus- one policy proposed to be followed by the large buyers
- Pearl Global's geographically diversified manufacturing base across leading apparel-exporting regions of India, Bangladesh, Vietnam and Indonesia place it more favorably than its peers to benefit from the said potential shift
