24. Overview of the entity's material responsible business conduct issues-

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format

S.No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
01	Employee Training and Well Being	Risk and Opportunity	<p>Opportunity: We have consistently invested in the growth & development of our people and in aligning them with our strategic business imperatives. Our human resource is the source of our strength and a key competitive advantage.</p> <p>Risk: Retaining key talent is of vital importance in the financial services industry and higher turnover could lead to increased cost of rehiring and diminishing morale among the existing workforce.</p>	A key objective of our people strategy is to enable alignment of employees with strategic business imperatives to facilitate seamless execution of strategy. We have consistently invested in the growth & development of our people.	<p>Positive: Retention of key talent increases productivity.</p> <p>Negative: Increasing attrition leads to increase in cost of re-hiring, loss of productivity and wage inflation.</p>
02	Social Performance	Opportunity	We are committed to provide resources and support activities focused on enhancing economic and social development. This is done by supporting programs aligned with our focus areas of education, skill development and sustainable livelihood, health care for the under-privileged.	NA	<p>Positive: We actively engage with the communities by providing clean cooking solution to women in rural and marginalized areas. Such projects also attract investments thus they become a revenue stream for the company.</p>

03	Greenhouse Gas Emissions	Risk	GHG emissions pose a reputational risk for EKI. We provide climate consulting solutions to companies, therefore high/increasing GHG emissions can lead to reputational damage.	We have taken several steps to mitigate this risk including- Measuring and reporting our GHG emissions, Setting targets to reduce our emissions, Implementing energy efficiency measures, Investing in renewable energy, and Purchasing carbon offsets	Negative: The likelihood of occurrence of this risk is very low. We have to purchase equivalent amount of carbon offsets to neutralize our emissions. Also, poor performance on climate can also lead to decrease in access to capital from investors.
04	Waste	Risk	As an environmentally responsible organization, we consider waste generated in operations as a risk because of potential reputational risk due to high/increases waste intensity.	We are taking several steps to track and mitigate waste related risk. Some of these steps include designated bins for dry and wet waste in offices to facilitate waste segregation at source. Also, we track our daily waste generation and maintain a log to monitor our performance. Additionally, we have provided training on resource optimization and waste minimization to all our employees through internal learning and development system.	The financial implication of this risk is non-substantial because we are not a waste intensive organization. However, if this risk is not appropriately managed, we may have to incur higher cost of waste disposal.
05	Gender Balance/ Diversity, Equity & Inclusion DE & I	Opportunity	Gender balance and diversity will help EKI to attract and retain top talent. In today's competitive market, we need to be able to offer a diverse and inclusive workplace in order to attract the best employees. Gender balance and diversity will help EKI to better understand and meet the needs of our customers.	We have implemented gender-inclusive recruitment and promotion policies. Provide training to eliminate biases	Potential loss of talent and market opportunities. May face reputational damage if not addressed.
06	Business Ethics	Risk	Unethical Business Practices can be a risk. Practices such as price-fixing or false advertising can lead to legal repercussions and loss of trust	We have developed a strong code of ethics. Monitor business activities closely. Establish whistleblower mechanisms.	Legal penalties and lost business due to damaged reputation.

07	Data Security	Risk	Unauthorized access or misuse of personal data can harm stakeholders and lead to legal consequences.	Invest in robust cybersecurity measures. Train employees on data protection protocols.	Legal fines, reputational damage, and potential loss of client
08	Promotion of Clean Cook Stoves.	Opportunity	Clean cook stoves reduce indoor air pollution and improve health in local communities. We are engaging with local communities to understand their needs, and customize solutions. We also offer training and maintenance. Investment in clean cookstoves is a business opportunity for EKI.		Increased sales and brand reputation. Reduction in health-related costs for communities.
09	Regulatory Changes in Carbon Markets	Risk	The regulatory landscape for carbon credits can change, impacting the value and availability of credits thus posing a risk on our business.	We stay updated with the global regulatory changes. We also diversify our portfolio to reduce reliance on any single market.	Potential loss or gain in carbon credit values.
