Contingencies	Nil	0.23
Total	111.67	41.94

F. Payment to Operational Creditors:

It is a hard fact that working capital is non-negotiable/ essential requirement for the company to remain 'ongoing'/ operational and no provision has been made in the base resolution pan for additional funding from secured creditors/ lenders to the company. At the same time in the present status of the company no other lender is willing to fund the company towards the working capital requirement. Since the current secured creditors of the company are going to get the allocated amount and exit as part of settlement as envisaged and agreed in the

Base Resolution Plan, it is essential that the working capital requirement is met by keeping the ongoing operational creditors in confidence with righteous intentions to pay their full dues.

The Suppliers/ Trade Creditors:

Category 1- The creditors aggregating to Rs. 8.96 cr. which are ongoing or revolving, still supplying or willing to continue to supply the material to the company.

In the PPIRP process, company has secured their interest and their creditors are willing to continue to support the process/ company operation by virtue of continuous supply of goods/ services to the company. The company shall make their due payments in parts over a time period of 3-5 years while making prompt payments towards the fresh supplies/ services provided. This will reduce the quantum of amount dues of such creditors in gradual manner and at the same time will ease out the burden at both the parties, keeping the cash flow situation maintained and no impairment to the creditors. A comfort letter to support from these creditors has been obtained by the company.

Category 2- The creditors aggregating to Rs. 1.0 cr which were one time/ specific material suppliers and are overdue payments.

These creditors can be paid upfront within 30 days once the plan is approved by NCLT since these amounts are not revolving by nature of transactions.

The secured creditors of the company can be paid as per the plan. Hence the plan provides repayment of 100% of operational overdue debts before payment to Financial Creditors and there is no impairment to Operational Creditors involved.

G. Payment to Workmen/ Employees Dues:

The workmen dues related to the salaries and wages are being paid timely. There are no dues as on date and there is no pressing liability related to workmen. It is stated that dues of Rs. 1.63 crores, an amount of Rs. 0.61 crore is towards Statutory dues related to gratuity benefits of workmen who would be willing to rejoin the company and take their gratuity dues in the next 2-3 years. The balance amount of Rs. 1.02 crore is related to other employees which will also be paid in next 3-6 years. These payments would be met from the future cash flows of the company.

H. Mandatory compliances with provisions of IBC, 2016 and PPIRP Regulations:
