Re: Intimation under Regulation 30 of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015

Dear Sir,

Pursuant to Regulation 30 of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015, we wish to inform you that the Company has recently commissioned 12.4 MW of Waste Heat Recovery System (WHRS) and 10 MW of solar power at its cement plant in Satna, Madhya Pradesh, as part of its sustainability initiatives. This is in addition to 12.5 MW of solar power capacity that was already commissioned in 2019-20 and 10 MW of WHRS that was commissioned in November 2020 at the same location.

The Company now has total 22.4 MW of WHRS capacity and 22.5 MW of solar capacity at Satna, Madhya Pradesh, which has been installed in a phased manner. This will help the Company reduce its dependence on non-renewable sources of energy.

Thanking you,

Yours faithfully,

for **PRISM JOHNSON LIMITED**

ANEETA S. KULKARNI
COMPANY SECRETARY
