**Sub: Intimation of receipt of new work order**

Pursuant to Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we are pleased to inform that our company is receipt of new work order from India's largest paint manufacturer company ASIAN PAINTS LIMITED for the proprietary TRL RAIN Technology plant worth INR 1.54 Crores to treat their Effluent at their Asian Paints Plant, Khandala, Dist. Satara, Maharashtra and feel proud to have them in our Customer List. On successful installation of first plant, Asian Paints Limited would install such plants at their all other manufacturing units.

This order has been received after conducting numerous trials, technical discussions through VCs, detailed technical due diligence for a period of two years, comparison of worldwide available & existing technologies for the paint industry effluent treatment and its Techno-Economic Analysis. The receipt of order from an industry leader such as Asian Paints Limited validates the technical superiority of TRL's offerings.

We expect the influx of orders to increase substantially in coming times as we intend to forge a long-term relationship with Asian Paints Limited in order to address their waste water treatment problems.

Post the receipt of this order the cumulative order book of the company stands at about 150 Crores and has achieved sales of INR 16.52 Crores as on July 17, 2023.

This is for your information and record.

Yours Sincerely,

**For, TAYLORMADE RENEWABLES LIMITED**
