Dear Sir/Madam,

DroneAacharya Aerial Innovations Ltd. launches pioneering DGCA-certified drone pilot training for Maharashtra Police, a groundbreaking leap in law enforcement technology. Senior officials commence training today, equipped to utilize drones for surveillance, reconnaissance, and swift response.

Founder Mr. Prateek Srivastava hails this collaboration, calling it pivotal for law enforcement. This initiative can further be leveraged to train 1,95,000 Maharashtra Police officials, enhancing safety statewide. DroneAacharya plans to extend this model to other State Police Departments, revolutionizing law enforcement across India. This visionary program signifies the commitment to advancing technology for operational efficiency and public safety.

DroneAcharya Conducts DGCA certified drone pilot training for Maharashtra Police, Pioneering Statewide Program

DroneAcharya Aerial Innovations Limited proudly announces the initiation of a groundbreaking training program for the senior officials of Maharashtra Police. As the highest-rated DGCA certified drone pilot training organization in India, DroneAcharya marks a pioneering move through the first-ever DGCA certified drone pilot training for the esteemed Maharashtra Police Department.

The inaugural batch of senior officials from Maharashtra Police commences their training today, marking a significant leap in the integration of cutting-edge technology for law enforcement in the state. This pioneering initiative equips police officials with the expertise and proficiency to effectively utilize drones as an 'Eye in the Sky,' enabling unparalleled capabilities in surveillance, site reconnaissance, target locking, and swift response strategies.

Mr. Prateek Srivastava, the Founder and Managing Director of DroneAcharya, expressed immense pride in this collaboration, emphasizing its substantial value in enhancing law enforcement capabilities. "This training represents a pivotal step in harnessing the potential of drones as a force multiplier for law enforcement. Maharashtra Police's commitment to staying at the forefront of technological advancements is commendable, and DroneAcharya is honored to be a part of this transformative journey."

"The training program holds immense significance for Maharashtra Police officials, enabling them to leverage drone technology for swift and efficient operations, enhancing public safety and security across

the state”, states Mr. Amit Takte, the Chief Technology Officer of DroneAcharya. “The scalable nature of this training program foresees the potential to train a staggering 1,95,000 officials within the Maharashtra Police Department, ensuring widespread proficiency and utilization of drone capabilities”, he adds.

DroneAcharya aims to extend this pioneering training model to collaborate with other State Police Departments, fostering technological advancement and operational efficiency in law enforcement nationwide. This visionary approach underscores DroneAcharya's commitment to revolutionizing law enforcement methodologies across India.
