## Announcement of Long-term Supply Agreement with large OEM for North American Rail-Road Industry

**Bhavnagar, Gujarat, India. Saturday, December 4, 2021-STEELCAST LIMITED**

We are pleased to announce that with Company's continuous efforts to reduce concentration and dependence on mining, earth-moving and construction equipment industry, the Company has signed a long-term supply agreement with a large Original Equipment Manufacturer (OEM) in USA, to supply steelcastings for the North American Rail-road industry.

This new agreement will help us to further consolidate our position in overseas market. Amidst a challenging environment, the entry into North American rail-road industry will help us to de-risk the business and will generate additional revenues for the Company.

The outreach to North American Rail-road industry signifies our capabilities and technological expertise in Steelcasting business.

The steelcastings covered in the agreement are in advance stage of development and will have potential volumes of Rs. 75 Crores per year in 2-3 years' time.

Considering the Company's high quality standards with on-time deliveries, the Management is confident to have a long-term association with this customer.

### About Us

Steelcast is one of the few companies in India and globally manufacturing steelcastings based on sand and shell castings process, catering to diverse industrial sectors like earth moving, mining & mineral processing, locomotives, rail road, construction, steel, cement etc.

We have wide range of casting products in carbon and low alloy steels. We cater to a host of Original Equipment Manufacturer (OEMs) and highly reputed multinationals clientele both in India and abroad including Fortune 500 companies.

Our plant is situated in Bhavnagar, Gujarat and it has great connectivity with Ports, major cities through road and rail and through water ways. We have experienced Board backed by a strong management team.
