Tata Steel Back in Black, Posts ₹522-cr Profit in Q3

Robust India performance helps offset subdued demand at co's Dutch and British operations

Mumbai: Tata Steel, Asia's oldest manufacturer of the primary iron-ore-based steel, reported a profit of ₹522 crore in the third quarter, up from ₹300 crore in the second quarter. The company's consolidated net profit stood at ₹522 crore in October...

December against a loss both in the year-ago and a quarter ago periods. Consolidated sales for the quarter shrank 3% on year at ₹5,832 crore. The global operating environment has been complex, with economic slowdown in China and geopolitical tensions weighing on commodity prices in general, said P. Narayanan, chief executive officer and managing director, Tata Steel.

The company's consolidated earnings before interest, tax, depreciation and amortisation (EBITDA) jumped more than 50% on year to ₹653 crore in the quarter ended March 31, 2023. The operating profit was higher on a sequential basis as well. China exported up to eight million tonnes of steel each month in the quarter, the highest since 2015. "In spite of this, Tata Steel India has delivered better margins as it has higher deliveries and realisations on Q4/Q3," Narayanan said.

Tata Steel's sales volume in India rose 3% on quarter and 10% on year to 4.78 million tonnes, with sales in the automotive segment, the largest for the December quarter. In the Netherlands and the UK, the company's sales volumes were lower as compared with the previous year, pulling bottom lines for the rest of an operational level.

The UK business continues to face production shortfalls arising from the end-of-life condition of several of its heavy end assets. In the Netherlands, we expect blast furnace to restart by the end of January," Koushik Chatterjee, executive director and chief financial officer, was quoted as saying in a statement. Last week, Tata Steel announced it will be shutting its blast furnace and other heavy assets at Dec Pab in the UK by the end of the year.

FOR FIRST TIME CO'S PROFIT ZIPS PAST ₹2K-CR MARK IN A QUARTER

Bajaj Auto Q3 Profit Jumps 37%, Beats Street Estimates

Better product mix, strong sales of 3-wheelers and motorcycles help boost show

Mumbai: Bajaj Auto beat market estimates by posting a 37% year-over-year growth in fiscal third-quarter profit, led by a record profit mix and strong sales of three-wheelers and motorcycles in the domestic market.

The maker of the Pulsar and Discover motorcycles reported a net profit of ₹2,962 crore for the three months, the highest ever recorded with ₹1,491 crore a year earlier and the average of ₹784.50 crore in a Bloomberg poll of analysts. This was the first time the company's quarterly profit topped the ₹2,000-crore mark. It adds to the Pune-based manufacturer's rise by a third to ₹2,14 crore from ₹3,35 crore. Bajaj Auto sold 12,00,267 units of two- and three-wheelers (excluding electric scooters) in the third quarter, up 27% from a year earlier. Domestic sales grew 25%, compensating for a decline in exports.

IOC Profit Rises Nearly 18-fold to ₹8,063 cr in Q3

New Delhi: Indian Oil Corporation (IOC) posted a net profit of ₹8,063 crore in Q3 of this fiscal year, a nearly 18-fold rise from a year earlier, lifting its share cost 5% on Wednesday. Revenue from operations fell 5% to ₹29,022 crore in the December quarter due to lower average product prices.

DLF Posts 26% Rise in Q3 Profit at ₹648 cr

New Delhi: DLF on Wednesday posted a 26% rise in October-December net profit, benefitting from recent sales bookings in a quarter when the realtor launched multiple projects.

The average gross-refining margin for the April-December period was \$55.66 per barrel, lower than \$21.96 in the corresponding period last year. While refining margins were next to nil, high fuel prices have helped companies to increase retail prices to fully capture the gains. For several months, they incurred negative marketing margins on petrol and diesel as pump prices remained frozen.

The company reported a net profit of ₹648 crore for the quarter, when it booked a 60% crore of sales. DLF launched three new projects, one in Gurugram and the other in Panaji, involving more than 5 million square feet during the quarter. The company had net cash of ₹1,296 crore at the end of the quarter. The third-quarter results are a reversal of DLF's earlier City Developers, a subsidiary, rose 8% from a year earlier to ₹1,476 crore, while its profit increased 2% to ₹1,434 crore.

**Promising fair polls, CEC says 'parties must inspire, not divide'**  
While assuring a level playing field in the upcoming general elections, CEC Anshu Kumar on Wednesday appealed to all the political parties to maintain a discourse that inspires rather than divides, saying that it has been his duty to ensure free and fair elections since he took office in 2019. He pointed out that this would be the first such occasion when a PM engages with young voters in such a massive scale.

### ATS arrests 32-year-old Nashik engineer for 'sending funds to ISIS'

Nashik: Maharashtra Anti-Terrorism Squad (ATS) has arrested a 32-year-old engineer from Nashik in connection with the alleged links with the proscribed Islamic State of Iraq and Syria (ISIS) outfit. The suspect Haseeb Abdul Aziz Shaikh, a businessman, was produced before a Nashik court which has ordered his continued remand till March 11.

"Investigation revealed that the suspect had shown signs of radicalisation in recent years. He actively supported ISIS by transferring funds to the proscribed organisation," ATS said in a statement, adding "We have seized electronic devices including mobile phones, SIM cards, laptops and hard drives with incriminating documents in the suspect's possession."

Many associates of the accused are being probed across multiple states in the country, the ATS released a statement. Public prosecutor Anil Mehar said "The initial investigation revealed that Shaikh had been funding ISIS since 2018. He tried to probe and understood that Shaikh had been in touch with a woman in Syria who is an active member of the outfit. She tried to use her money to the organisation through her husband to reach the funds through other channels like his associates. Transfer of funds to terrorist organisations amounts to aiding war against the state," Mehar said. ATS is probing the complainant accused was plotting with the terrorist, said Mehar.
