Revolt Motors Delivers RV400 Bikes to Floramax in Korba

New Delhi, 31st July 2024: Revolt Motors, India's No.1 electric motorcycle company, proudly announces the delivery of RV400 bikes to the employees of Floramax as part of corporate sales. This significant purchase underscores the growing shift towards sustainable mobility solutions in the corporate sector.

Floramax, established in 2021, is a Korba-based company, specializing in retail and the sale of apparel and fast-moving consumer goods at competitive prices. The company is dedicated to empowering women through employment opportunities.

The decision to choose Revolt Motors was driven by the attractive low EMI, zero down payment, and the economical running cost of the RV400, which offers an impressive range of 150 km on a single charge. These bikes will be used by Floramax's sales executives for their daily field operations, enhancing efficiency and reducing the company's carbon footprint.

The delivery event was graced by notable attendees from Revolt Motors, including Harish Kaushik (North – Sales Head), Rachna Mehta (Senior Manager – Commercial), and Supratik Rath (Senior Manager – Sales). The event highlighted the commitment of both companies to sustainable practices. Floramax also expressed intentions to purchase more RV400 bikes, aiming to replace their existing ICE bikes with electric alternatives.

Commenting on the occasion, **Ms. Anjali Nashier Rattan, Co-Chairperson of RattanIndia Enterprises Limited, the parent company of Revolt Motors**, said, *"We are thrilled to partner with Floramax in their journey towards sustainable mobility. The enthusiastic adoption of our RV400 by Floramax reflects the growing confidence in electric vehicles. We are committed to expanding our presence and making electric bikes accessible to all."*

Revolt Motors continues to lead the charge in the EV market, known for its stylish and ergonomic design, coupled with premium features. For more information and to explore the full range of Revolt Motors electric motorcycles, visit <http://www.revoltmotors.com>.

With this collaboration, Revolt Motors and Floramax set a precedent for sustainable corporate mobility, paving the way for a greener future.
