# Introducing

## Navkar Corporation Limited

Founded in 2008, we have evolved, over the decades, in response to changing times, adopting best-of-breed technologies and globally acclaimed industry practices. This has enhanced our industry reputation and recall. Today, We are amongst the leading Container Freight Stations (CFS) and Inland Containers Depot (ICD) operators with a capacity of 535,500 TEUs (Twenty foot Equivalent Unit) per annum spread across three facilities Ajivali CFS I, Ajivali CFS II and Somathane CFS III and ICD Morbi with a capacity of 2,00,000 TEUs.

### Corporate Overview

Navkar Corporation Limited works with a clear vision and has developed an efficient logistics ecosystem that suits the needs of businesses involved in EXIM as well as Domestic trade. We simplify logistics with our ready access to ports and railway lines. Navkar Corporation Limited is the trusted logistics partner with years of experience and unwavering commitment to excellence. We have built comprehensive networks from India's leading ports to Multimodal Logistics Facilities and also from within domestic production centers to deliver our range of standard and custom tailored logistic solutions.

We have established three Container Freight Stations (CFS) in Panvel. Two of them in Ajivali village with installed capacity of 25,000 TEUs and 65,000 TEUs, respectively. The third located in Somatane village, with installed capacity of 4,45,500 TEUs. The Somatane facility also consists of a Private Freight Terminal having two railway sidings.

We have a Category 1 Container Train Operator (CTO) license enabling unencumbered and unrestricted access to Indian Railways Network for Domestic and Exim trade.

Our asset base includes a fleet of owned railway rakes for our EXIM and multimodal logistics business lines. Additionally we have a large fleet of leased rakes to support the business on an ongoing basis. This makes us an extremely strong player in container train operation

Our ICD facility in Morbi, Gujarat covers more than 150 acres in the ceramic manufacturing hub. The facility contains a rail terminal recognized by the Indian railway as a PFT under the Gati Shakti Scheme. We are located in close proximity to some of India's major consumption and production centers at the crossroads of traffic moving out from Mundra Port and diverging into parts of the Indian hinterland.

### Panvel, Maharashtra (Navkar CFS Yards I, II, III) Experience the Ease of Doing Business!

- Stretched across over 84 acres and strategically located at Nhava-Sheva port near Mumbai, Navkar CFS facilities are closer to port and at the junction of the roads leading to the Pune and Goa clusters.
- Our state-of-the-art Container Freight Stations (CFS) are equipped with industry-leading equipment and vehicles to efficiently handle the containers and cargoes, ensuring safe and secure movement of goods. Our customers are assured of faster transit times, given that the connectivity to the port experiences less traffic congestion.
- Presence of a Private Freight Terminal (PFT) recognized by Govt. of India under the Gati-Shakti Scheme adjunct to one of our CFSs (Navkar Yard 3) is a huge advantage for our customers. Our PFT possesses two completely concreted railway sidings. These sidings are used to advantage by our export customers to connect agricultural and other commodities for export to our CFS by rail in bulk, conducting cross stuffing within our CFS and moving containers by road or rail into Nhava Sheva Port for subsequent export.
- We have created a concreted and paved yard of over (84) acres for container stacking requirements at our CFS in Somathane which can handle up to 4,45,500 TEUs with adequate space and infrastructure to support our multimodal, PFT, Exim and Warehousing businesses. We are fully equipped to provide the full suite of services from this facility for all our business lines.

- Two of our container freight stations are located at Ajivali village, with a capacity of around 25,000 TEUs and 65,000 TEUs, respectively. These two CFSs are dedicated to the Exim business line and have facilities to support the warehousing and transportation requirements associated with this business line.
- Cargo handling operations at our facilities are supported by ancillaries like ETP, emulsifiers, sprinkler systems, and tagging technology to enhance the safety, sustainability and security of our services.
- IT enablement by way of CFS Management System, RFID, OCR, GPS tracking, Customs EDI and eSanchit automates and integrates our services thereby enhancing effectiveness and efficiency of our services.
- We have trained, qualified and motivated workforce to ensure time-bound, efficient and responsive service to our customers.

## Competitive Advantages of Navkar CFS

Excellent Rail connectivity for diversified cargo types in bulk and containerised form

Real time visibility of cargoes at all points within the supply chain

Large fleet of tractor trailers for movement of containers

Fast and smooth clearance of exim cargo

Best in Class repair at our MnR workshops in all our facilities

Cost-effective and agile solutions for all business lines

## Morbi, Gujarat – ICD

### Affordable Convenience!

- Our facility is spread over more than 150 acres close to the Industrial Hub of Morbi, known as the Ceramic Capital of the World. In addition we are in proximity to the consumption centers of Gujarat.
- Our facility includes a PFT notified by Indian Railways under the Gati-Shakti scheme, we are located on the trunk route from Ahmedabad to Gandhidham less than one Km from Vadharva station.
- Our PFT has 5 completely concreted railway sidings capable of handling python trains. The size and number of our sidings make us the largest cargo rail terminal anywhere in Western India outside of Mundra and Nhava Sheva Ports. We play an important role in increasing the rail connectivity for cargoes moving towards and from Mundra Port from the Saurashtra region. We are instrumental in a quantum increase in the rail coefficient of Mundra Port reducing the cost and carbon footprint associated with movement of cargoes by road.
- Our facility provides extensive contemporary warehousing to serve the requirements associated with our Exim, Multimodal and PFT business lines. We are capable of delivering all kinds of value adding services required by the industry of the region. Similarly we have the capability to devise and deliver Build to Suit infrastructure based solutions based solutions for specific customer requirements.

# Chairman's Message

## Dear Shareholders,

It is with a profound sense of pride and gratitude that I address you today as we reflect on another year of accomplishments by your company as it has navigated the volatility and uncertainty faced by the shipping and logistics industry in the past year. As we present our annual report for the Financial Year ending March 31, 2024, it is an opportune moment to celebrate our successes, acknowledge the challenges we have faced, and chart your company's course for the future.

The logistics sector has always been the one of the prime drivers of global commerce, and the past year has underscored this critical role. Despite a landscape marked by continued disruptions and rapid changes, Navkar Corporation Limited has navigated these waters with resilience and innovation.

Amidst challenging global events like the Russia-Ukraine conflict, Israeli invasion of Gaza, and the subsequent Red Sea crisis economies across the world are demonstrating remarkable resilience in managing consequent supply chain disruptions and economic challenges. This dynamic landscape also offers unique opportunities for strategic realignment and innovative customer solutions. We have noted a significant shift in trade flows across different geographies, which present unprecedented opportunity for Indian businesses.. The economic outlook for India continues to be positive, amidst all the disturbances and disruptions.

Government policy continues to be favourable for the logistics industry in India. Government programs like the Sagarmala, the Bharatmala, PM Gati-Shakti Scheme, Logistics Efficiency Enhancement Program and development of Dedicated Freight Corridors amongst others continue to provide impetus to the industry. In addition, the expansion of the National Highway (NH) network by 60% from 91287 Km to 146,145 Km in the last 9 years has been instrumental in improving connectivity across the length & breadth of the country.

## Trust drives us forward

The rapid evolution of the logistics landscape in the country is centered on the National Logistics Policy. The NLP aims to promote seamless movement of goods and enhance the competitiveness of Indian industries. It seeks to reduce the logistics cost from 16 per cent of Gross Domestic Product (GDP) to the global benchmark of 8 per cent by 2030.

Your company has worked diligently to overcome the challenges posed by a rapidly evolving strategic, regulatory and business landscape. From supply chain disruptions to fluctuating fuel prices and ever changing regulations, we have worked diligently to overcome hurdles in our pursuit for value creation.

- Our portion of the supply chain has been under significant strain, impacting efficiencies, effectiveness, agility and responsiveness. We have responded by streamlining our operations and aligning ourselves more closely with aspiration of our customers. Our strong relationship with major industry participants has helped us in this endeavor. We have therefore been able to shore up our market share and also enabled favorable commercial terms to help protect revenue and margin.
- Our services to the customers are marked by the best in class infrastructure we have positioned, customer centric approach in all our interactions with the customers and the ability to provide innovative and customized solutions to meet specific business needs.
- Our focus on pricing products competitively and with an understanding of the customer aspirations, enabled by sound operational, financial and human resources management helps us differentiate against our unorganized competitors.
- We have actively engaged with regulatory bodies and adapted our processes to remain compliant with new regulations. Our commitment to regulatory adherence has strengthened our operational integrity and credibility.

Your Company has made major investments for establishment of an Inland Container Depot at Morbi, Gujarat with an aggregate installed capacity of 2,00,000 TEUs per annum. This expansion of our Inland Container Depot (ICD) operations is a pivotal development that underscores our commitment to create customer value in new markets. This expansion encompasses a significant capacity enhancement for the company, enabled by cutting-edge technology, advanced cargo handling systems, and the thought leadership to bring innovative solutions meeting customer requirements. We look to improve turnaround times, and operational reliability with reduced overall cost for customers in this new market. This investment strengthens our position in the market and contributes to regional trade and commerce. The Company expects continued growth over the next financial year to cover the entire range of different commodities and geographies within the Saurashtra region.

Your Company will maintain its focus on driving scale and delivering a compelling value proposition to customers. Your Company will remain committed to cost management, continuous improvement, innovation, and customer-centricity as we navigate the dynamic and evolving landscape of the logistics industry.

Lastly, I take this opportunity to thank the shareholders, investors, bankers, board members, senior executives, customers and our employees for their continued faith and support.

*With sincere gratitude*

**Mr. Shantilal J Mehta**

**THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING:**

**Step 1** : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

**Step 2** : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on 9.00 a.m. Thursday September 19, 2024 and will end at 5.00 p.m. on Sunday September 22, 2024. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of September 16, 2024 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.

- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

**Step 1:** Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

## EXPLANATORY STATEMENT

Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 (“the Act”) and Regulation 36 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“Listing Regulations”)

**ITEM NO. 03**

The Members of the Company, at the 11<sup>th</sup> Annual General Meeting (“AGM”) of the Company held on September 27, 2019, had approved the appointment of M/s Uttam Abuwala Ghosh & Associates Chartered Accountants having Firm Registration No. 111184W as Statutory Auditors of the Company, to hold office from the conclusion of 11<sup>th</sup> AGM till the conclusion of this AGM.

In terms of the provisions of Section 139 of the Companies Act, 2013, the Companies (Audit and Auditors) Rules, 2014, and other applicable provisions, the Company can appoint or reappoint an audit firm as statutory auditors for not more than 2 (two) terms of 5 (five) consecutive years. M/s Uttam Abuwala Ghosh & Associates is eligible for re-appointment for a further period of five years. After evaluating various factors such as industry experience, competency of the audit team, efficiency in conduct of audit, independence, etc., the Board of Directors of the Company has, based on the recommendation of the Audit Committee, at its meeting held on August 09, 2024 proposed the re-appointment of M/s Uttam Abuwala Ghosh & Associates Chartered Accountants., as the Statutory Auditors of the Company, for a second term of five consecutive years from the conclusion of this AGM till the conclusion of the 21st AGM of the Company to be held in the year 2029. This re-appointment is subject to the approval of Members of the Company.

M/s Uttam Abuwala Ghosh & Associates have consented to the aforesaid re-appointment and confirmed that their appointment, if made, would be within the limits specified under Section 141(3) (g) of the Companies Act, 2013. They have further confirmed that they are not disqualified to be appointed as statutory auditors as per the provisions of Section 139(1), Section 141(2) and Section 141(3) of the Companies Act, 2013 and the Companies (Audit and Auditors) Rules, 2014, as applicable.

As per Section 142 of the Companies Act, 2013, the proposed remuneration payable to M/s Uttam Abuwala Ghosh & Associates for statutory audit services will be ₹ 45,36,800 subject to increment as may be mutually agreed between the Company and the said Statutory Auditors and as may be further approved by the Board from time to time, with power to the Board, including Audit committee(s) thereof, to alter and vary the terms and conditions of appointment etc.

Further, the Company may obtain certifications from M/s Uttam Abuwala Ghosh & Associates under statutory regulations and avail other permissible non-audit services, as may be required from time to time. The remuneration/fee for certifications and non-audit services will be paid on mutually agreed terms.

None of the Directors and Key Managerial Personnel of the Company or their relatives are concerned or interested, financially or otherwise, in the resolution set out in Item No. 3.

The Board of Directors recommends the resolution as set out in Item No. 3, for approval of the Members of the Company by way of an Ordinary Resolution.

## 5. STATE OF COMPANY'S AFFAIRS:

### BUSINESS OVERVIEW AND STATE OF COMPANY'S AFFAIRS:

The Company operates into (a) Container Freight Stations or CFSs (b) Inland Container Depot or ICD and (c) Rail Terminals also referred to as Private Freight Terminals or PFTs by the Indian Railways.

### Container Freight Stations

Container Freight Stations serve a gateway port. In our case, our three Container Freight Stations serves the gateway port of Nhava Sheva (also called Jawaharlal Nehru Port Trust). Company has three Container Freight Stations two at Ajiwali and one at Somathane – all in Panvel Taluka, Maharashtra, Import containers nominated by container shipping lines or consignees are required to be evacuated from the port premises and transported to our Container Freight Station. After arrival at the CFS, the import laden container is stacked and stored awaiting clearance by the consignee's clearing agent. The process of customs clearance of goods is carried out by the Customs Broker (earlier referred to as Custom House Agent). Similarly, CFS provides all the services for Export Cargoes. Our CFS provides all the services that are needed to facilitate the clearance of the cargoes (Exim and Domestic). To service the needs of customs clearance and delivery of the goods or the laden container itself, we are required to have an array of equipment (both big and small) that include

Reach Stackers, Fork Lifts, Cranes, slings, trailers, and other cargo handling equipment. For storage purposes there are warehouses which are marked for the storage of export and import goods. Open areas are marked for stacking and storing import and export containers. As a CFS we provide all the range of services that fall within the guidelines for handling cargoes and containers from the Container Yard (CY) of the port's terminal to the CFS and handover of the goods or the laden container at the CFS. Facilities for parking, container storing and repairs are available here.

#### Railway Terminals

Navkar operates two railway terminals referred to as Private Freight Terminals (PFTs). These terminals are at our Somathane (Panvel) facility and at ICD Morbi. The PFT at Somathane is served with three railway tracks. The railway terminals are used for handling export rakes of agro products, domestic rakes and container rakes (referred to as BLC rakes. The PFTs handle all types of railway rakes (Exim and domestic) at Somathane. All rakes arriving with cargoes are handled as per the guidelines of the Indian railways.

#### Inland Container Depot

The Company owns and operates an Inland Container Depot at Morbi in Gujarat. Located on Gujarat State Highway 7, this ICD at Morbi caters to the industries in the Suarashtra region of Gujarat. Our Morbi ICD serves both – Mundra & Kandla Ports, with a majority of the volumes getting routed through Mundra Port as the Base Port. ICD Morbi is spread over 147 acres and is supported by our own Gati-Shakti Cargo Terminal having 6 Railway sidings. The facility is equipped with the best of equipment and infrastructure – Over 2 lakhs square feet of contemporary warehousing, Rubber Tyre Gantry Cranes, Reach Stackers, Cranes, Fork lifts etc. for meeting all handling and storage requirements at the facility. The facility is supported by our own fleet of Trailers for container movement and incorporates a spacious parking area. handling all types of cargoes and containers. We have the best of facilities for container storage and repairs exceeding the standards specified by all our partner shipping lines.

The Import cycle commences with the laden import containers of the consignees being picked up at Mundra Port and being moved by rail to our ICD. At the ICD, the import laden containers are off-loaded from the rake and moved to stacks based on consignee identity. The consignee completes all formalities for custom clearance and container release with Indian Customs and Shipping Lines respectively with help of the Custom House Agent (CHA) and takes delivery of their import containers. In most cases, the consignee will work with the ICD on an

integrated service package wherein transportation of laden container from our ICD to the customer facility and empty container from customer facility back to our ICD is performed by the ICD. The Import Cycle gets concluded with the offloading of empty containers to shipping line at our ICD.

The Export Cycle commences with issue of empty containers to exporters from our ICD to shippers. Similar to Import customers, most Export customers contract our ICD for integrated service package wherein the transportation to and from the customer's facility is performed by the ICD. Shippers complete Customs formalities for LEO at our ICD and subsequently containers are moved to Mundra / Kandla Port by Rail or Road. The Exports Cycle concludes with Gate in at Port in the Terminals' capacity.

Pursuant to the applicable provisions of the Act and the SEBI Listing Regulations, the Board of your Company has carried out an annual evaluation of its own performance and that of its Committees as well as reviewed the performance of the Directors individually for financial year 2023-24. The performance evaluation of the Non-Independent Directors and the Board as a whole, was carried out by the Independent Directors. The Independent Directors also carried out evaluation of the Chairman of the Company, considering the views of the other Non-Executive Directors and assessed the quality, quantity and timeliness of flow of information between the Company Management and the Board that is necessary for the Board to effectively and reasonably perform their duties.

### Process of evaluation

Feedback for each of the evaluations was sought by way of internal structured questionnaires with the Directors and the Committee for accessing the questionnaires and submitting their feedback/comments. The questionnaires for performance evaluation are in alignment with the guidance note on Board evaluation issued by the Securities and Exchange Board of India ("SEBI"), vide its circular dated 5 January 2017 and cover various attributes/functioning of the Board such as adequacy of the composition of the Board and its Committees, Board culture, execution and performance of specific duties etc., based on the criteria approved by the NRC. The Members were also able to give qualitative feedback and comments apart from the standard questionnaires.

### Results of evaluation

The outcome of the evaluations was presented to the Board, the NRC and the Independent Directors at their respective meetings for assessment and development of plans/suggestive measures for addressing action points that arise from the outcome of the evaluation. The Directors expressed their satisfaction on the parameters of evaluation, the implementation and compliance of the evaluation exercise done and the results/outcome of the evaluation process. The outcome of the evaluations, with the feedback/comments given by the Board Members are provided in the section titled 'Report of Corporate Governance', which forms part of this report.

### Familiarisation Program for Independent Directors

The Directors are afforded many opportunities to familiarise themselves with the Company, its Management, and its operations during their association with the Company. # MANAGEMENT DISCUSSION AND ANALYSIS

## MANAGEMENT DISCUSSION AND ANALYSIS

The logistics industry plays a vital role in the dynamic economic landscape of India by enabling the efficient movement of goods and services throughout the country's large territory. As India strives to realise its ambitious economic goals, efficient management of its logistics sector emerges as a pressing imperative. Given its pivotal role in supporting various industries, from manufacturing to agriculture and e-commerce, the logistics sector faces a myriad of challenges, and offers a number of opportunities.

The Indian logistics sector is one of the largest in the world and presents a huge addressable opportunity. The sector is critical for the country's economic growth as it connects various elements of the economy and consists of transportation, warehousing and other supply chain solutions ranging from suppliers to end customers.

### OVERVIEW

Navkar Corporation Limited (hereinafter referred to as 'the Company', 'Navkar') is one of largest Integrated Logistics Services Providers having capabilities across Container Freight Stations (CFS) & Inland Container Depots (ICD), Rail Terminals (PFT), Container Train Operations (CTO), Warehousing and other supporting Logistics Solutions. The Company provides comprehensive, customised, technology-enabled logistics solutions at a transactional or strategic level to meet customer specific requirements. Our strength lies in our wide bouquet of offerings enabled by our extensive network of strategically located facilities and our transportation network integrating as a vast hub and spoke model designed to empower customers in enhancing the productivity of their supply chain. Our solutions seamlessly integrate multiple modes of logistics deploying industry-leading technology, infrastructure, processes, and human resources.

We operate in three distinct yet interwoven business streams, viz. Container Freight Station Operations, Inland Container Depot Operations, Container Train Operator Operations and Private Freight terminal Operations.

Our network consists of 3 CFSs in the vicinity of Nhava Sheva Port, 1 ICD in the hinterland of Saurashtra at Morbi served through Mundra and Kandla Ports, 2 PFTs, one adjacent to our CFS at Somathane and one adjacent to our ICD at Morbi, assorted bonded warehousing, general warehousing and transportation assets at all our facilities, and 8 owned container rakes.

We serve Indian and Multinational companies across a multitude

of sectors, including Manufacturing, Automotive, Chemicals and Fertilizers, Consumer Goods, Retail, Commodities, Paper, Iron & Steel, Non Ferrous Metals, Petrochemicals, Agri-commodities amongst other industries.

### BUSINESS STREAMS

Navkar operates in four distinct business streams, each with dedicated operations supported by business functions, viz. sales & marketing, operations, human resources, information technology and finance. Our marketing strategy focusses on offering customers the flexibility to choose between standalone and integrated solutions across the business streams to meet the exact demands of their business.

- 1. Container Freight Stations:** Navkar Corporation Ltd. owns three **Container Freight Stations (CFSs)** serving the gateway port of Nhava-Sheva. Our CFSs handle import and export containers, offering customs clearance services and also offer a variety of value additions for our customers. We own contemporary cargo and container handling, dedicated warehouses to meet customer needs, and container stacking yards. We provide end-to-end cargo and container services, including parking and repair facilities.
- 2. Inland Container Depot & Multi Modal Logistics Parks:** Navkar Corporation Ltd. owns one **Inland Container Depot (ICD)** at Vadharva near Morbi. The ICD is part of the **Multimodal Logistics Park** offering Warehousing (Domestic and Bonded), Multi Modal Transportation, Storage yard for empty and laden containers and storage and handling of various types of cargo ranging from bulk, block, palletized, liquid, Hazardous and Reefer cargos.
- 3. Private Freight Terminals:** Navkar Corporation Ltd. operates two **Private Freight Terminals (PFTs)** i.e. private railway terminals for handling Freight Trains. These terminals are to serve MMR (Mumbai Metropolitan Region) located at Somathane (Panvel) and to serve Saurashtra & Kutch regions of Gujarat with focus on Morbi located at Vadharva (Morbi). Our Rail Terminals are capable to handle all types of cargo trains ranging from trains for Steel cargo, Bulk cargo, Bagged cargo, Containerized cargo and Automobiles.
- 4. Container Train Operator:** Navkar Corporation Ltd. Owns Category 1 License issued by Indian Railway for operation of Container train on Indian Railway Network on PAN INDIA Basis. We own 8 container trains of heavy

duty payload on ownership basis in addition to operations of rake on lease basis time to time. Our rakes are deployed on EXIM and domestic circuit and giving regular service across Ports and Industrial centers.

## INDUSTRY OVERVIEW & TRENDS

### OVERVIEW OF THE GLOBAL ECONOMY

The global economy has demonstrated unprecedented resilience in meeting supply economic upheaval in 2023-24 caused by cataclysmic geopolitical events in the form of the continuing Russian invasion of Ukraine and the Israel Palestinian was culminating in the Red Sea Crisis. Global growth is projected by the World Bank to hold steady at 2.6% in 2024 before edging up to an average of 2.7% in 2025-26. That is well below the 3.1% average in the decade before COVID-19. The forecast implies that over the course of 2024-26, countries that collectively account for more than 80% of the world's population and global GDP would still be growing more slowly than they did in the decade before COVID-19. Several factors contribute to this tepid forecast, high central bank policy rates, withdrawal of fiscal support, high debt levels, slowing down economic activity, low productivity growth. Conversely many parts of the world are On the other hand, most of the regions are seeing a better than expected response to tight monetary policy manifested by reduction in inflation, also supported by resolution of supply side issues. Global inflation is expected to moderate to 3.5% in 2024 and 2.9% in 2025, however many central banks are expected to remain cautious in lowering policy interest rates.

IMF predicts slow global recovery on account of regional divergences. The Red Sea crisis has complicated and destabilized global supply chains which will get manifested in the 2024-25 period. Increased shipping and insurance costs coupled with longer lead times will contribute to this disruption and squeeze earnings further.

Ongoing trade disturbances, geo-economic disruptions, escalating geopolitical tensions, extreme climate change, and uncertain financial scenarios continue to pose risks affecting growth in trade and commerce.

This disruption and realignment provides a strategic opportunity for challengers like India to increase their share of the pie thereby boosting economic growth.

### OVERVIEW OF THE INDIAN ECONOMY

The Indian economy is a bright spot in this generally dismal scenario caused by the global disruptions. The economy has a positive outlook for coming years and is poised to be the fastest growing amongst the major economies globally. Various sources place the growth rate of Indian economy between 6.5% and 8% with the IMF indicating that India's economic growth forecast for the current year has been raised to 7.0

percent. The improvement in the growth estimate is attributed to the robust economic performance of the country, domestic demand and investment, is expected to continue driving growth of the economy. Indian economy has been strong in 2023, with substantially higher levels of capital formation enabling growth. However, private sector investment has been inadequate in spite of sustained implicit and explicit incentives from the government. Aggregate decline in participation of Foreign Direct Investment has also impacted the overall capital investments. The economy however is poised to grow backed by the services and financial sectors. Going forward, Government should prioritise reforms in the areas of learning and development, skilling of workforce, energy security, health and wellness, women's participation in the workforce and promotion of small businesses especially in the manufacturing industries to improve our growth prospects.

The phenomenal increase in the National Highways and Indian Railways networks is a key driver of growth in the economy. This phenomenal development enhances accessibility to the remote parts of the country thereby improving national connectivity. The investment in infrastructure entailed by this development has created numerous employment opportunities thereby propelling economic growth.

### OVERVIEW OF THE INDIAN LOGISTICS INDUSTRY

The Indian logistics industry is on the cusp of a giant leap forward, annual growth is expected to be in the range of 8.5% to 9.0% in the next decade. This growth will be propelled by new age businesses, drawing heavily on contemporary technology. Government intervention by way of industry friendly policies, support to advancement of requisite technologies and rapid infrastructure creation will be an enabler in this growth journey. We can already see evidence of this rapid growth with the advent of the physical and technological infrastructure to sustain road, rail, sea and air transportation, contemporary warehousing and peripheral services like freight forwarding, new age solutions and technological support forming the entire spectrum of activities. The industry has transformed to encompass hitherto unexplored activities like predictive planning, analytics, value-added services; comprehensive, customized and complex multimodal supply chain solutions, amongst others.

It is noteworthy that despite advancements, logistics costs in India remain high at 14% of GDP as compared to middle and low single digits in developed countries. Initiatives like Gati-Shakti programme, coupled with the major activity in infrastructure development and technology adoption is improving the efficiencies and economies in this sector

Customized and integrated solutions encompassing multimodal transportation and warehousing services along with other peripheral services are essential offerings in this evolving landscape.

## KEY GOVERNMENT INITIATIVES

Higher cost of logistics in India is driven by inefficiencies inherent to the industry in India. For example road transportation accounts for nearly 70% of goods moved, while rail, ocean, and air account for the balance 30%. In the last few years the Indian Government has taken cognizance of these factors and launched several initiatives to foster industry wide efficiencies.

- 1. National Logistics Policy:** The National Logistics Policy seeks to bring about a paradigm shift across the logistics landscape and enable reduction of logistics costs by half to benchmark levels by 2030. The policy envisions a Digital Integration System, ULIP, Comprehensive Logistics Action Plan, and Ease of Logistics Services, among other initiatives to achieve this task. The policy is supported by 13 State Logistics Policies diversifying and customizing policy frameworks to suit their specific needs.
- 2. Logistics Efficiency Enhancement Programme (LEEP):** LEEP is designed to improve freight transport efficiency. Associated cost, transportation time, and logistics practices like goods transferring and tracking through infrastructure technology and process interventions.
- 3. PM Gati Shakti Scheme:** The PM Gati Shakti Scheme was launched by the Government of India in 2021 with the purpose of creating a world-class, seamless multi-modal transport network in India. It will incorporate the infrastructure schemes of various Ministries and State Governments, Economic Zones to improve connectivity & make Indian businesses more competitive. It will also leverage technology extensively including spatial planning tools with ISRO and imagery developed by Bhaskaracharya National Institute for Space Applications and Geoinformatics.
- 4. Dedicated Freight Corridors:** This project involves the construction of the Eastern and Western Dedicated Railway Freight Corridors (DFCs), having a cumulative length of over 3,000 km. Dedicated Freight Corridor (DFC) project was conceived in 2005 and two DFCs, namely Eastern DFC (EDFC) and Western DFC (WDFC) were approved by Cabinet in 2008. The aim is to reduce overall logistics cost by increasing speed, optimizing capacity, and providing seamless connectivity with ports for expediting movement with efficiency. The end objective is to decongest high density rail routes and facilitate shift from road to rail and coastal shipping
- 5. Sagarmala Programme:** Sagarmala seeks to enhance the performance of the logistics sector by reducing logistics costs for both domestic and international trade. By leveraging coastal and waterway transportation, the program aims to minimize the need for extensive

infrastructure investments, thus making logistics more efficient and improving the competitiveness of Indian exports. 839 projects, calling for investment of nearly Rs. 5.8 lakh crores, are aimed to be undertaken for implementation under the Sagarmala Programme, out of which, 241 projects worth Rs.1.22 lakh crores have been completed.

- 6. Bharat Mala Pariyojana:** The Bharatmala Pariyojana envisages development of about 26,000 km length of Economic Corridors, which along with Golden Quadrilateral (GQ) and North-South and East-West (NS-EW) Corridors are expected to carry majority of the Freight Traffic on roads. Further, about 8,000 km of Inter Corridors and about 7,500 km of Feeder Routes have been identified for improving effectiveness of Economic Corridors, GQ and NS-EW Corridors. The programme envisages development of Ring Roads / bypasses and elevated corridors to decongest the traffic passing through cities and enhance logistic efficiency. As of December 2023, 76% of the planned length, equivalent to 26,418 km, was awarded for construction, and approximately 15,549 km was completed. Completion of the project is expected by 2026.

### About Navkar

- 1. CFS:** As on March 31, 2024 the company has three Container Freight Stations, two at Ajivali and one at Somathane in Panvel with aggregate installed capacity of over 5,35,000 TEUs per annum.
- 2. ICD:** In addition the company has one Inland Container Depot at Morbi in Gujarat with an installed capacity of 2,00,000 TEUs.
- 3. Railway terminals:** Company operates two Railway Terminals referred to as Private Freight Terminals (PFTs). These terminals are at our Somathane (Panvel) facility and at ICD Morbi. While the PFT at Somathane is served with three rail sidings, the one at ICD Morbi has five rail sidings. The railway terminals are used for handling export rakes carrying agro products, rakes carrying other commodities as part of domestic logistics solutions and rakes catering to the Exim business The PFTs handle all types of railway rakes (Exim and domestic) at Somathane and Morbi.
- 4. Container Train Operator:** The Company possesses a Category 1 CTO license allowing us unencumbered access to Indian Railways Network across India for Domestic and Exim trade. In addition the Company owns 8 container rakes (also known as BLCs) which are used to fulfil requirements of our Exim and Domestic Businesses.

### SEGMENT-WISE PERFORMANCE

The Company is engaged in the business of providing services of CFS, ICD, Rail Operations and other related services. There is no other reportable segment.

## OUTLOOK

India's GDP growth in FY 2024-25 is likely to be impacted by various factors like food inflation, reduced participation from Private Sector and Foreign Direct Investors in the India growth story, tight monetary policy and a continuing unstable financial outlook. Amid this scenario, the GDP growth is likely to be around 7% for this fiscal. The Annual budget is a balanced response by the Government to the projected 7% GDP growth rate for FY2024-25. The continuation in robust investments in the infrastructure sector by Government of India and the push for agricultural productivity, skilling and employment generation and Research & Development in the budget will support the onward growth of the economy.

## RISK AND CONCERNS

The Company is dedicated to identifying and managing the risks it is exposed to, both internal and external, and has put in place mechanisms to handle the same proactively and competently. The Company also recognizes that these risks potentially have an adverse impact on its ability to create sustainable value for its stakeholders. A comprehensive and robust mitigation plan has been put in place to address such risks. The major risks faced are as below

1. We operate in a highly competitive industry populated by a large number of unorganized players. Many segments

within the industry are highly commoditized and have low barriers to entry, creating a highly fragmented market where achieving substantial market share is difficult.

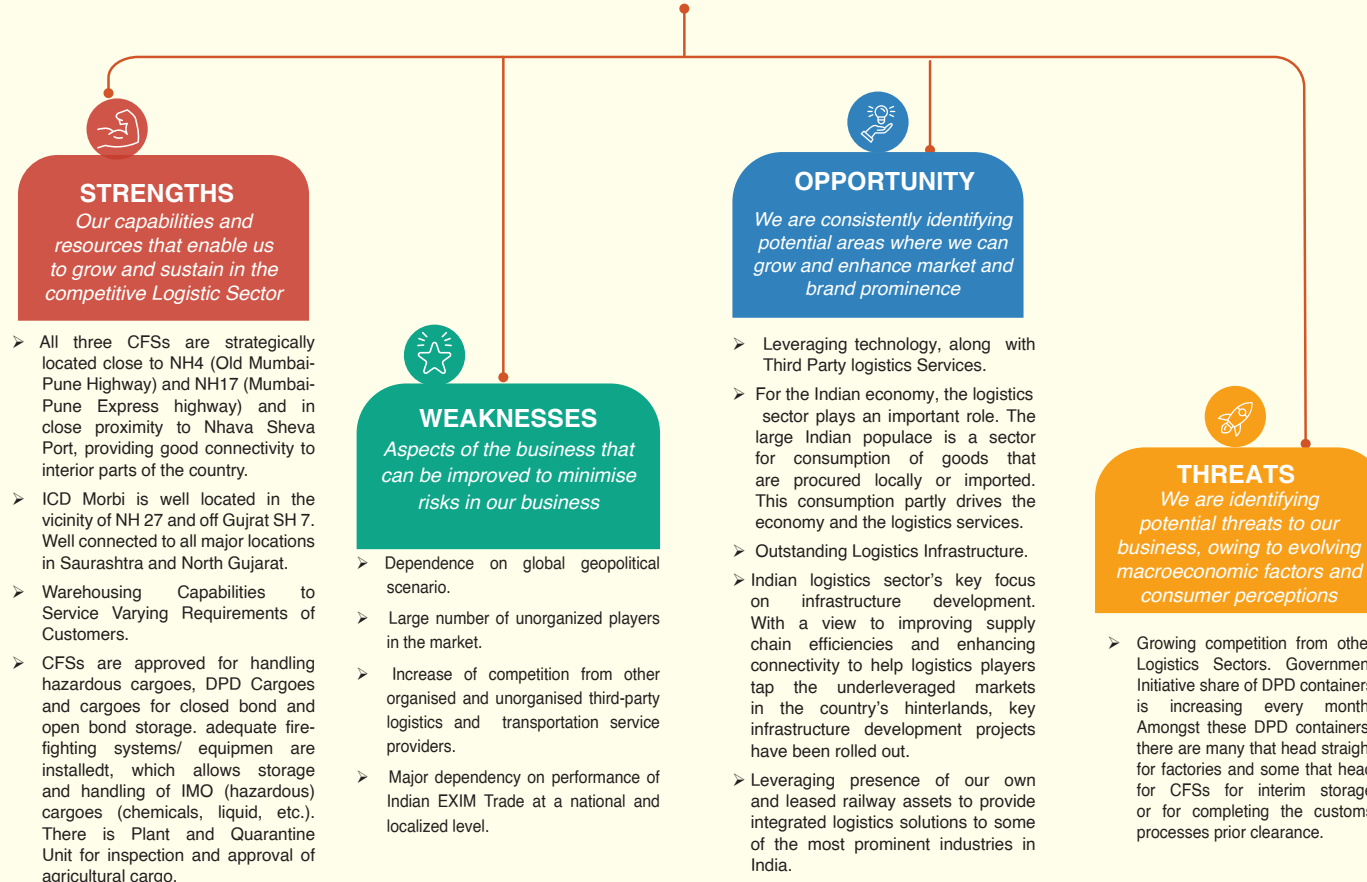

2. The high level of fragmentation and consequent competition may impact revenue and profitability adversely. To mitigate this, the Company creates value through integrated technology-based solutions, transport network-based solutions, and skill development of its employees.
3. The ICD / CFS business of the Company is subject to the performance of the Indian EXIM Trade which, in turn dependent on global economic conditions. A plethora of factors with potential impact on global economic conditions in turn have a cascading effect on the business. Given the projected growth in the Indian economy and expected recovery in global trade, rising spending in the infrastructure and manufacturing space, it is estimated that imports will continue to rise steadily.
4. Policy changes of the Government pertaining to Monetary & Fiscal Policies, political changes, microeconomic and macroeconomic changes, tax rates, infrastructure development and regulatory environment changes have potential impact on all business lines -

## Risk Mitigation

1. The Company has built a strong relationship with major industry participants viz. Shipping Lines, Custom Handling Agents, Freight Forwarders etc. This strong relationship shores up our existing market share in the business and also gives us an advantage in obtaining favorable and competitive commercial terms to protect our revenues and margins.
2. Our services to the customers are marked by the best in class infrastructure we have positioned, customer centric approach in all our interactions with the customers and the ability to provide innovative and customized solutions to meet specific business needs
3. Our focus on pricing products competitively and with an understanding of the customer expectation, enabled by sound operational, financial and human resources management helps us differentiate against our unorganized competitors
4. Completion of projects timely and within budget helps in keeping our costs in check contributing to the overall

5. The company has recognized the vagaries of the exim trade especially in the wake of the ongoing conflicts between Israel and Palestine on the one hand and Russia and Ukraine on the other, manifested as instability and uncertainty in ocean freight and further impacting international trade and cargo movements. Anticipating such disturbances in the past we have diversified our services to increase the contribution of businesses not dependent on ocean freight. Such businesses have contributed a major portion of our annual revenues in FY 2024. We continue to explore new avenues to channelize and harness any further opportunities in this segment.
6. The business strategy team in the Company is monitoring changes in relevant policies and other events and continually assessing the impact on our businesses with countermeasures being planned and executed expeditiously to minimize impact on revenue, profitability, customer service objectives

## INDEPENDENT AUDITORS' REPORT

**To the Members of NAVKAR CORPORATION LIMITED,  
Report on the Audit of Ind. AS Financial Statements –  
31<sup>st</sup> March, 2024**

### Opinion

We have audited the accompanying Ind AS financial statements of NAVKAR CORPORATION LIMITED ('the Company'), which comprise the Balance Sheet as at March 31, 2024, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and Statement of Cash Flows for the year then ended and notes to the Ind AS financial statements, including a summary of the material accounting policies and other explanatory information (hereinafter referred to as 'the Ind AS financial statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013, ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its loss (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act, and the Rules thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements for the financial year ended March 31, 2024. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matters	How our audit addressed the key audit matter
<p><b>1. Revenue from contracts with customers</b> (described in Note 2 (K) of the Ind AS financial statements)</p> <p><b>Assessment of Revenue from contracts with customers as a basis of accounting:</b></p> <p>Revenue from contracts with customers is recognized when control of the goods or services rendered are transferred to the customer, at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.</p> <p>The Company is engaged in Container Freight Station (CFS) and Inland Container Depot (ICD) operations and related activities. It has developed procedures to record the revenue on the basis of the movement of the cargo and revenue accrues as per Indian Accounting Standard, Ind AS 115.</p> <p>Due to different terms with different customers and transaction price, there is a risk that the revenue or discounts or rebates; might not be recorded correctly.</p> <p>Company auctions imported goods after the expiry of specified time limit after giving due notice to the party. Bids are invited and goods are sold to the party which bids highest amount. Company recognises the revenue as when the risk and rewards associated with the goods are transferred to the party and bid amount is due or received.</p> <p>Revenue is a key parameter to ascertain the Company's performance. The Company focuses on revenue as a key performance measure, which could create an incentive for revenue to be recognized before the risk and rewards have been transferred.</p>	<p><b>Our procedures included the following:</b></p> <ul style="list-style-type: none"> <li>We assessed the design and tested the operating effectiveness of internal controls related to revenue recognition, discounts and rebates.</li> <li>We performed sample tests of individual sales transaction and traced to related documents, considering the terms of performance.</li> <li>We tested cut-off procedures with respect to year-end sales transactions made.</li> <li>We also performed analytical procedures of revenue by streams to identify any unusual trends.</li> <li>We have identified invoices booked in tracker software and with books of account and verified the reconciliation for differences.</li> </ul> <p><b>Conclusion</b></p> <p>Based on our combination of procedures involving enquiry, observation, and inspection of evidence in respect of operation of these controls, we have concluded that the revenue has been recognized in accordance with the relevant Ind AS's.</p>

<p>Accordingly, due to the significant risk associated with revenue recognition in accordance with terms of Ind AS 115 'Revenue from contracts with customers', it has been considered to be a key audit matter in our audit of these Ind AS financial statements.</p>	
<p><b>2. Capitalization of property, plant and equipment and related depreciation</b></p>	
<p>The company has incurred significant capital expenditure on account of execution of its Morbi Project and other fixed assets to improve operational efficiency at other locations amounting to INR 330.20 crores (excluding ROU Assets) and further expenditure of INR 287.05 crores towards Capital Work in Progress.</p> <p>We considered Capital expenditure as a Key audit matter due to:</p> <ul style="list-style-type: none"> <li>Significance of amount incurred on such items during the year ended March 31, 2024.</li> <li>Judgment and estimate required by management in assessing assets meeting the capitalization criteria set out in Ind AS 16 Property, Plant and Equipment.</li> <li>Judgment involved in determining the eligibility of costs including borrowing cost and other directly attributable costs like employee cost for capitalization as per the criteria set out in Ind AS 16 Property, Plant and Equipment along with Ind AS 23 Borrowing Costs.</li> </ul>	<p><b>Our procedures included the following:</b></p> <ul style="list-style-type: none"> <li>We obtained an understanding of the Company's capitalization policy and assessed for compliance with the relevant accounting standards.</li> <li>We performed substantive testing on a sample basis for element of capitalized costs along with reconciliation directly attributable cost, including verification of underlying supporting evidence and understanding nature of the costs capitalized.</li> <li>In relation to borrowing costs we obtained the supporting calculations, verified the inputs to the calculation and tested the arithmetical accuracy of the model.</li> </ul> <p><b>Conclusion:</b> Based on the procedures performed no issues were noted from our testing with respect to capitalization of work in progress and Property, Plant and Equipment.</p>

#### Other Information

The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Director Report but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of Management for the Ind AS Financial Statements

The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under Section 133 of the Act, read with relevant rules issued thereunder. This responsibility also includes maintenance of adequate accounting records in accordance

with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

#### Auditors' Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to Ind AS financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements for the financial year ended March 31, 2024 and are therefore the

key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on Other Legal and Regulatory Requirements

- As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- As required by Section 143(3) of the Act, we report that:
  - We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the statement of changes in equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
  - In our opinion, the aforesaid Ind AS financial statements comply with the Ind AS specified under Section 133 of the Act, read with relevant rules issued thereunder;
  - On the basis of the written representations received from the directors as on March 31, 2024 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act and;
  - With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these Ind AS financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B";
  - With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Section 197(16) of the Act, as amended;

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid or provided by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act read with Schedule V of the Act;
  - With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

## ANNEXURE - B TO INDEPENDENT AUDITORS' REPORT - March 31, 2024

Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the members of NAVKAR CORPORATION LIMITED

### Report on the Internal Financial Controls under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Ind AS financial statements of NAVKAR CORPORATION LIMITED ("the Company") as of March 31, 2024 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

### Management's Responsibility for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing as specified under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting

included obtaining an understanding of internal financial controls over financial reporting with reference to these Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting with reference to these Ind AS financial statements.

### Meaning of Internal Financial Controls Over Financial Reporting with Reference to these Ind AS Financial Statements

A company's internal financial control over financial reporting with reference to these Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these Ind AS financial statements includes those policies and procedures that:

- (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

### Inherent Limitations of Internal Financial Controls Over Financial Reporting with Reference to these Ind AS Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these Ind AS

financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these Ind AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion, and to the best of our information and according to the explanation given to us, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2024, based on the internal control over financial

reporting with reference to Ind AS financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2024

### NOTE 1: COMPANY OVERVIEW

Navkar Corporation Limited ("the Company") is a public limited Company domiciled in India having its registered office at 205-206, J. K. Chambers, Sector-17, Vashi, Navi Mumbai, - 400 703. The Company was incorporated on September 29, 2008 under the provisions of the erstwhile Companies Act, 1956.

The Company is engaged in providing Container Freight Station (CFS) facilities and Inland Container Depot (ICD) and is focused on capitalizing the available opportunities in the logistics space in western India. Our CFS is largely dependent on EXIM container traffic in and out of western Indian port. The equity shares of the Company were listed on The National Stock Exchange of India Limited and BSE Limited on September 9, 2015.

The financial statements are authorized for issue in accordance with a resolution of Board of Directors on April 30, 2024.

### NOTE 2: SUMMARY OF MATERIAL ACCOUNTING POLICIES

#### A. Basis of preparation of financial statements

##### (i) Statement of compliance

These financial statements have been prepared in accordance with Indian Accounting Standards ("Ind-AS") under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ("Act") (to the extent notified). The Ind-AS are prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

New Accounting standards issued but Not Effective.

Ministry of company Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 01, 2023.

##### (ii) Basis of preparation

The financial statements have been prepared on historical cost basis except the following:

- certain financial assets and liabilities (including derivative instruments) are measured at fair value.
- defined benefit plans- plan assets measured at fair value; and

The functional currency of the Company is the Indian Rupee. These financial statements are presented in Indian Rupees and all values are rounded to the nearest lakhs (INR 00,000), except when otherwise stated.

##### (iii) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle,
- Held primarily for the purpose of trading,
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current. A liability is treated as current when it is:

- It is expected to be settled in normal operating cycle,
- It is held primarily for the purpose of trading,
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

## NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2024

All other liabilities as classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

### B. Use of estimates

The preparation of the financial statements in conformity with Ind-AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in note C below. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

### C. Critical accounting estimates

#### (i) Income taxes

The Company's major tax jurisdiction is India. Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid/ recovered for uncertain tax positions.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities in accordance with the Income tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

#### (ii) Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

#### (iii) Defined benefit plans

Gratuity liability, wherever applicable, is provided for on the basis of an actuarial valuation done as per projected unit credit method, carried out by an independent actuary at the end of the year. The Company's gratuity benefit scheme is a defined benefit plan.

Accumulated leave, which is expected to be utilised within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The cost of the defined benefit gratuity plan and other post-employment benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increase and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

#### (iv) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

## NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2024

### (v) Revenue from contracts with customers

The Company's contracts with customers include promises to provide the services to the customers. Revenue is recognized on satisfaction of each performance obligation (distinct services) as per the terms of the contract. Performance obligations are treated as distinct obligation:

- When it is identifiable separately from other obligations in the contract
- Its progress can be measured separately
- Transaction price to the performance obligation can be allocated
- The customer will not be required to re-perform the services already performed in case it decides to terminate the contract at that stage
- There will not be any impairment in the value of services already performed
- The customer can get the rest of the performance without intervention.

Judgement is required to determine the transaction price for the contract. The transaction price could be either fixed amount of customer consideration or variable consideration with elements such as schemes, incentives, cash discounts etc. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur and is reassessed at the end of each period.

Estimates of rebates and discounts are sensitive to changes in circumstances and the Company's past experience regarding returns and rebate entitlements may not be representative of customer's actual returns and rebate entitlements in the future.

Costs to obtain a contract are generally expensed as incurred. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

### D. Property, Plant and Equipment

Land (including Land Developments) is carried at historical cost. All other items of property, plant and equipment are stated in the balance sheet at historical cost less accumulated depreciation and, accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. Borrowing cost relating to acquisition of tangible assets which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use. All other repair and maintenance costs are recognised in the Statement of Profit and Loss as incurred. Capital work in progress is stated at cost.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognized impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalized in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Subsequent to recognition, property, plant and equipment (excluding freehold land) are measured at cost less accumulated depreciation and accumulated impairment losses. When significant parts of property, plant and equipment are required to be replaced in intervals, the Company recognizes such parts as individual assets with estimate of an asset's expected useful lives and are depreciated accordingly. The useful lives and residual values of the Company's assets are determined by the Management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. All other repair and maintenance costs are recognized in the Statement of Profit and Loss as incurred.

#### Depreciation

The Company depreciates property, plant and equipment (others than freehold land) over their estimated useful lives using the straight-line method. Management, based on a technical evaluation, evaluates the useful lives of the assets reflecting the number of years over which these assets are expected to remain in service. The estimated useful lives of assets are as follows:

## NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2024

Description of Asset	Estimated useful lives in Years
Building	3 to 60
Computer & Printer	3
Furniture & Fixtures	10
Railways Slidings	20
Roads	10
Networks & Servers	3 to 6
Office Equipments	5
Electrical Installation	10
Plant & Machinery	10 to 20
Motor Vehicles	8 to 20

Depreciation on additions/ deletions to fixed assets is calculated pro-rata from/ up to the date of such additions/ deletions.

Assets individually costing less than Rs. 5,000 are fully depreciated in the year of acquisition.

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs. If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress".

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under "Other Non-Current Assets"

### E. Investment property

Investment property is property that is held for long-term rental yields or for capital appreciation (including property under construction for such purposes) or both, and that is not occupied by the Company, is classified as investment property.

Investment property is measured initially at cost, including transaction costs. Subsequent to initial recognition, investment property is stated at cost less accumulated impairment loss, if any.

Though the Company measures investment using cost based measurement, the fair value of investment disclosed in the notes. Fair value is determined based on an annual evaluation performed by an accredited external independent valuer.

Investment property is derecognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net sale proceeds and the carrying amount of the asset is recognized in Statement of Profit and Loss in the period of de-recognition.

Transfers are made to (or from) investment properties only when there is a change in use. Transfers between investment property and property, plant and equipment do not change the carrying amount of the property transferred and they do not change the cost of that property for measurement or disclosure purposes.

### F. Intangible Assets

Intangible assets are stated at cost, net of accumulated amortisation and impairment losses, if any. Intangible assets are amortised over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The amortization period and the amortisation method are reviewed at the end of each financial year. Intangible assets acquired separately are measured on initial recognition at cost.

## NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2024

Description of Asset	Estimated useful lives in Years
Software	3
Licences & Approval	Period of remaining useful life

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment at every reporting period or whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each financial period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with infinite lives is recognised in the Statement of Profit and Loss unless such expenditure forms part of carrying value of another asset.

Research costs are expensed as incurred. Software product development costs are expensed as incurred unless technical and commercial feasibility of the project is demonstrated, future economic benefits are probable, the Company has an intention and ability to complete and use or sell the software and the costs can be measured reliably. The costs which can be capitalized include the cost of material, direct labour, overhead costs that are directly attributable to preparing the asset for its intended use.

Capital work in progress includes the cost of intangible assets including expenditure incurred on survey, evaluation & investigation of projects that are not yet ready for their intended use and the cost of assets not put to use before the Balance Sheet date. However, at any stage, if management decides to abandon a project the expenditure incurred thereon is charged to the Statement of Profit and Loss.

### G. Impairment of Non-Financial Assets

Assessment is done at each Balance Sheet date as to whether there is any indication that an asset (tangible and intangible) may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset/ cash generating unit is made.

Asset whose carrying value exceeds their recoverable amount are written down to the recoverable amount and an impairment loss is recognized in the Statement of Profit and Loss. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased.

### H. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial Instruments are further divided in two parts viz. Financial Assets and Financial Liabilities.

### Part I - Financial Assets

#### A. Initial recognition and measurement

All financial assets are recognised initially at fair value plus transaction cost, that are attributable to the acquisition of the financial asset. All financial assets are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

## NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2024

### B. Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

#### I. Financial Assets at amortised cost:

A Financial Assets are measured at the amortised costs if both the following conditions are met:

- The assets are held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the assets give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amounts outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised costs using the effective interest rate (EIR) method.

#### II. Financial Assets at FVTOCI (Fair Value through Other Comprehensive Income)

Financial Assets are classified as at the FVTOCI if following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows (i.e. SPPI) and selling the financial assets

Financial instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses and reversals and foreign exchange gain or loss in the Statement of Profit and Loss. On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to the Statement of Profit and Loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

#### III. Financial Assets at FVTPL (Fair Value through Profit or Loss)

FVTPL is a residual category for financial instruments. Any financial instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a financial instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has not designated any financial instrument as at FVTPL.

Financial instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

#### IV. Equity investments

All equity investments in scope of Ind-AS 109 are measured at fair values. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind-AS 103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present subsequent changes in the fair values in other comprehensive income. The classification is made on initial recognition and is irrevocable. If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair values with all changes recognized in the Statement of Profit and Loss.

### C. De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily de-recognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
  - (a) the Company has transferred substantially all the risks and rewards of the asset, or
  - (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

## NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2024

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, or not transferred control of the asset, the Company continues to recognize the transferred asset to the extent of the Company's continuing involvement along with its associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

### D. Impairment of financial assets

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, deposits, trade receivables and bank balance;
- Financial assets that are debt instruments and are measured as at FVTOCI
- Loan commitments which are not measured as at FVTPL
- Financial guarantee contracts which are not measured as at FVTPL

The Company follows 'simplified approach' for recognition of expected credit losses on trade receivables, or contract revenue receivables to 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The application of simplified approach does not require the Company to track changes in credit risk. Unbilled revenue which are not fair valued through Statement of Profit and Loss are measured at an amount equal to lifetime ECL. Trade receivables and unbilled revenues are presented net of impairment in the Balance Sheet.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed. On that basis, the Company estimates the following provision matrix at the reporting date.

The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in the Statement of Profit and Loss. This amount is grouped under the head 'other expenses'. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowances reduces the net carrying amounts until the assets meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amounts.
- Loan commitments and financial guarantee contracts: ECL is presented as a provision in the balance sheet, i.e. as a liability.
- Debt instruments measured at FVTOCI: Since financial assets are already reflected at fair values, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amounts' in the OCI.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increase in credit risk to be identified on a timely basis.

The Company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase / origination.

### Part II - Financial Liabilities

#### a) Initial recognition and measurement

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

All financial liabilities are recognised initially at fair values and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through Statement of Profit and Loss, loans and borrowings, payables, or as derivatives designated as hedging instruments at an effective hedge, as appropriate.

#### b) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

##### Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through Statement of Profit and Loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair values through Statement of Profit and Loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Financial liabilities designated upon initial recognition at fair values through Statement of Profit and Loss are designated as such at the initial date of recognition, and only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains / losses attributable to changes in own credit risks are recognized in OCI. These gains / losses are not subsequently transferred to Statement of Profit and Loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair values of such liabilities are recognised in the Statement of Profit and Loss. The Company has not designated any financial liability at fair value through Statement of Profit and Loss.

##### Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in Statement of Profit and Loss when the liabilities are de-recognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss. This category generally applies to borrowings.

Preference shares, which are mandatorily redeemable on a specific date, are classified as liabilities under borrowings. The dividends on these preference shares, if any are recognised in the Statement of Profit and Loss as finance cost.

##### Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognised less cumulative amortisation.

#### c) De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified. Such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

## NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2024

#### d) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

#### I. Derivative financial instruments and hedge accounting

##### Initial recognition and subsequent measurement

Derivative financial instruments, are such as forward currency contracts, option's and interest rate swaps to hedge its foreign currency risks and interest rate risks, respectively.

Such derivative financial instrument is initially recognized at fair value on the date on which a derivative contract is entered into and is subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair values are positive and as financial liabilities when the fair values are negative.

The purchase contracts that meet the definition of a derivative under Ind-AS 109 are recognised in the Statement of Profit and Loss. Any gains or losses arising from changes in the fair values of derivatives are taken directly to Statement of profit and Loss.

#### J. Inventories

Inventories are valued at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs to sell. Inventories are revalued at regular intervals providing for obsolescence and other losses, where considered necessary. Cost of inventories comprises all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost of purchased inventory is determined after deducting rebates and discounts.

#### K. Recognition of Revenue

Cargo Handling Services:

The Company is engaged in Container Freight Station (CFS) and Inland Container Depot (ICD) operations and related activities.

Ind AS 115 "Revenue from Contracts with Customers" provides a control - based revenue recognition model and provides a five step application approach to be followed for revenue recognition.

- Identify the contract(s) with a customer;
- Identify the performance obligations;
- Determine the transaction price;
- Allocate the transaction price to the performance obligations;
- Recognize revenue when and when as an entity satisfies performance obligations

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer, at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Revenue is recognized when no significant uncertainty exists as to its realization or collection. Import and export stuffed containers' ground rent charges and cargo storage charges are accounted to the extent of recoverability of maximum days and import and export container handling and delivery charges are accounted on accrual basis.

Revenue and expenses for sale of abandoned cargo are recognised when auctioned after necessary approvals from appropriate authorities are obtained.

The amount recognised as revenue in its Statement of Profit and Loss is exclusive of Goods and Service Tax and is net of discounts.

##### Auction Sale:

Company auctions imported goods other than the goods lying in the bonded warehouses and goods meant for export after the expiry of specified time limit after giving due notice to the party. Bids are invited and goods are sold to the party which bids highest amount. Company recognises the revenue as when the risk and rewards associated with the goods are transferred to the party and bid amount is due or received.

## NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2024

### Transportation:

Company provides transportation services to its customer by Road and Rail. Revenue from transportation by road is accounted for as and when the performance obligation is done and mutually agreed consideration for the rendered services is due or received. Such revenue is recorded as income from Goods and Transport Agency services whereas the income from transportation through railway is clubbed with Cargo Handling Services income as bundled services.

### Repairs & Maintenance Services:

Company provides Maintenance and Repair Services to containers of Shipping lines. Company accounts for a revenue as and when the agreed services are rendered and consideration for the rendered services is due or received.

### Electronic Data Interchange:

Company facilitates document processing related to import and export of goods to its customer. Recognises the income once the service is rendered and consideration for the rendered service is due or received.

### Contract balances:

#### Trade receivables

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in section (h) Financial Instruments.

#### Contract liabilities

A contract liabilities are the obligations to transfer goods or perform services as agreed with the customer for which the Company has received consideration (or an amount of consideration is due) from the customer. A contract liability is recognized when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognized as revenue when the Company performs under the contract.

### L. Other Income

Dividend income from investments is recognized when the shareholder's right to receive payment has been established, provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably.

Interest income from financial assets is recognized when it is probable that economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets to that asset's net carrying amount on initial recognition.

### M. Provisions and Contingent Liabilities

#### General

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the company expects some or all of the provisions to be reimbursed, the expense relating to the provisions are presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrences or non-occurrences of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. This does not recognize a contingent liability but discloses its existence in the financial statements. Payments in respect of such liabilities, if any are shown as advances.

## NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2024

### N. Accounting for Taxation of Income

#### (i) Current taxes

Income tax expense is recognized in net profit in the Statement of Profit and Loss except to the extent that it relates to items recognized directly in other comprehensive income or equity, in which case it is recognized in other comprehensive income or equity respectively. Current income tax is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by and as applicable to the balance sheet date. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Minimum Alternate Tax ('MAT') under the provisions of the Income Tax Act, 1961 is recognised at current tax rate in the Statement of Profit and Loss. The credit available under the Income Tax act, 1961 in respect of MAT paid is recognised as an asset only when and to the extent there is convincing evidence that the individual Company will pay normal income tax during the period for which the MAT credit recognised as an asset is reviewed at each balance sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

#### (ii) Deferred taxes

Deferred income tax assets and liabilities are recognized for all differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Deferred tax includes MAT credit mat credit available paid as per the provisions of the Income Tax Act and the rules prescribe thereunder as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e. the period for which MAT credit is allowed to be carried forward. The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

### O. Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to settle a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation techniques

In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

All assets and liabilities for which fair values are measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

## NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2024

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting date.

The Company's Management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair values, and for non-recurring measurement, such as assets held for distribution in the event of discontinued operations.

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

### P. Foreign Currency-Transactions and Balances

The Company's functional currency is INR and accordingly, the financial statements are presented in INR in lakhs.

Transactions in foreign currencies are initially recorded by the company in their functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated into the relevant functional currency at exchange rates in effect at the Balance Sheet date. The Gains and losses arising on account of differences in foreign exchange rates on settlement/ or translation dates of monetary assets and liabilities are recognised in the Statement of Profit and Loss except exchange differences on foreign currency borrowings relating to assets under construction for future productive use. These are included in the cost of the respective assets when they are regarded as an adjustment to interest costs on the foreign currency borrowings.

Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of the transaction. The related revenue and expense are recognized using the same exchange rate. Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled. Revenue, expense and cash-flow items denominated in foreign currencies are translated into the relevant functional currencies using the exchange rate in effect on the date of the transaction. Other comprehensive income, net of taxes, includes translation differences on non-monetary financial assets measured at fair value at the reporting date, such as equities classified as financial instruments and measured at fair value through other comprehensive income (FVOCI).

### Q. Borrowing Costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

### R. Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgment in assessing the lease term (including anticipated renewals) and the applicable discount rate. The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

#### Company as a Lessee

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

## NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2024

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the commencement date over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option. Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

#### The Company as a lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever as per the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

### S. Employee Benefits

#### a) Short-term obligations

Short Term Liabilities for wages and salaries, expected cost of the bonus and ex-gratia including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employee's services up to the end of the reporting period and are measured at the undiscounted amounts of the benefits when the liabilities are settled. All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include short term compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised as an expense during the period. Benefits such as salaries and wages, etc. and the expected cost of the bonus/ex-gratia are recognised in the period in which the employee renders the related service. The liabilities are presented as current employee benefit obligations in the balance sheet.

#### b) Other Long-term employee benefit obligations

The liabilities for compensated absences (annual leave) which are not expected to be settled wholly within 12 months after the end of the period in which the employee render the related service are presented as non-current employee benefits obligations. They are therefore measured at the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the Projected Unit Credit method. The benefits are discounted using the market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligations. Re-measurements as a result of experience adjustments and changes in actuarial assumptions (i.e. actuarial losses/ gains) are recognised in the Statement of Profit and Loss.

The obligations are presented as current in the balance sheet, if the Company does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

## NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2024

### c) Post-employment obligations

The Company operates the following post-employment schemes:

- (i) Defined benefit plans such as gratuity
- (ii) Defined contribution plans such as provident fund.

#### Defined benefit plan - Gratuity Obligations

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the "The Payment of Gratuity Act, 1972". The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment.

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is actuarially determined using the Projected Unit Credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows with reference to market yields at the end of the reporting period on government bonds that have a terms approximating to the terms of the obligation.

The net interest cost, calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of the plan assets, is recognised as employee benefit expenses in the Statement of Profit and Loss.

Remeasurement of gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the other comprehensive income in the year in which they arise and are not subsequently reclassified to Statement of Profit and Loss.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in Statement of Profit and Loss as past service cost.

#### Defined Contribution Plan

The Company pays provident fund contributions to publicly administered provident funds as per local regulatory authorities. The Company has no further obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense as and when they are due.

### T. Earnings Per Share

Basic Earnings per Share (EPS) amounts are calculated by dividing the profit for the reporting period attributable to equity shareholders by the weighted average number of equity shares outstanding during the reporting period.

Diluted earnings per share is the adjusted figures used in the determination of basic earnings per share to take into account:

- The after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- Weighted average number of equity shares that would have been outstanding assuming the conversion of all the dilutive potential equity.

### U. Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less from the date of acquisition, which are subject to an insignificant risk of changes in values.

## NOTES TO THE FINANCIAL STATEMENT for the year ended March 31, 2024

### V. Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

### W. Segment Reporting

The Company identifies operating segments based on the internal reporting provided to the chief operating decision-maker.

The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors that makes strategic decisions.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses have been identified to segments on the basis of their relationship to the operating activities of the segment.

The Company operates in a single reporting segment and does not meet the quantitative thresholds laid down under the Ind AS 108 – "Segment Reporting" for reportable segments, it has not been considered for segment reporting.

### X. Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

#### Note 42 : Financial Risk Management Objectives and Policies

The Company's principal financial liabilities, other than derivatives, comprises of loans and borrowings, trade and other payables, and financial guarantee contracts. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations directly or indirectly. The Company's principal financial assets include loans, trade and other receivables, cash and cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The below note explains the sources of risk which the entity is exposed to and how the entity manages the risk :

Risk	Exposure arising from	Measurement	Management
Credit Risk	Cash and cash equivalents, trade receivables, derivative financial instruments, financial assets measured at amortised cost.	Aging analysis and Credit ratings	Diversification of bank deposits and credit limits
Liquidity Risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities
Market Risk - foreign exchange	Future commercial transactions. Recognised financial liabilities not denominated in Indian Rupee (INR)	Cash flow forecasting and Sensitivity analysis	Forward foreign exchange contracts and Foreign currency options
Market Risk - interest rate	Long-Term borrowings at variable rates	Sensitivity analysis	Interest rate swaps

#### Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions and other financial instruments.

#### Trade receivables

Customer credit risk is managed by the Company's established policy, procedures and control relating to customer credit risk management. The Company is in the business of CFS activities. Credit quality of a customer is assessed by the management on regular basis with market information and individual credit limits are defined accordingly. Outstanding customer receivables are regularly monitored and any further services to major customers are approved by the senior management.

An impairment analysis is performed at each reporting date on an individual basis for major customers. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 11.

On account of adoption of Ind-AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available external and internal credit risk factors and the Company's historical experience for customers.

#### Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's finance department in accordance with the Company's policy. Investments of surplus funds are made generally in the fixed deposits. The investment limits are set to minimise the concentration of risks and therefore mitigate financial loss to make payments for vendors.

The Company's maximum exposure to credit risk for the components of the balance sheet at March 31, 2024 and March 31, 2023 is the carrying amounts as stated in balance sheet .The Company's maximum exposure relating to financial derivative instruments is noted in the liquidity table below.

#### Liquidity Risk

The Company monitors its risk of a shortage of funds using a liquidity planning tool.

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank loans, preference shares and unsecured loans. The Company has access to a sufficient variety of sources of funding which can be rolled over with existing lenders. The Company believes that the working capital is sufficient to meet its current requirements.

Market risk comprises two types of risk: interest rate risk and currency risk. Financial instruments affected by market risk include loans and borrowings, deposits and derivative financial instruments.

### Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings. The Company's policy is to keep balance between its borrowings at fixed rates of interest. To manage this, the Company enters into interest rate swaps, in which it agrees to exchange, at specified intervals, the difference between fixed and variable rate interest amounts calculated by reference to an agreed-upon notional principal amount.

The exposure of the Company to interest rate changes at the end of the reporting period are as under:

Particulars	(₹ in Lakhs)	
	As at March 31, 2024	As at March 31, 2023
Variable Rate Borrowing	10,354.19	-
Fixed Rate Borrowing	8,695.00	-
<b>Total</b>	<b>19,049.19</b>	<b>-</b>

### Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected, after the impact of hedge accounting. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows :

Particulars	(₹ in Lakhs)	
	Increase/ Decrease in basis points	Effect on Profit before Tax
<b>March 31, 2024</b>	+ 1%	(53.13)
	- 1%	53.13
<b>March 31, 2023</b>	+ 1%	-
	- 1%	-

### Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the borrowings converted in the foreign currency and purchase of stores and spares from out of the India. The Company manages its foreign currency risk by hedging repayment of principals that are expected to be paid within the period of loan. When a derivative is entered into for the purpose of being a hedge, the Company negotiates the terms of those derivatives to match the terms of the hedged exposure. The Company hedges its exposure to fluctuations on the translation into ₹ of its foreign payables in foreign currencies and by using foreign currency option and forward contracts.

### Foreign Currency Sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in foreign exchange rate, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities.

#### IV. Sensitivity Analysis

The below sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

**a. Gratuity**

A quantitative sensitivity analysis for significant assumption as at March 31, 2024 and March 31, 2023 are as shown below:

Particulars	Change in Discount Rate	Increase/ (Decrease) in Present Value of Obligations	Change in Salary Escalation Rate	Increase/ (Decrease) in Present Value of Obligations
		(₹ in lakhs)		(₹ in lakhs)
March 31, 2024	+0.50%	(31.46)	+0.50%	27.48
	-0.50%	33.65	-0.50%	(26.48)
March 31, 2023	+0.50%	(27.36)	+0.50%	23.91
	-0.50%	29.31	-0.50%	(23.71)

**b. Leave Compensation**

A quantitative sensitivity analysis for significant assumption as at March 31, 2024 and March 31, 2023 are as shown below:

Particulars	Change in Discount Rate	Increase/ (Decrease) in Present Value of Obligations	Change in Salary Escalation Rate	Increase/ (Decrease) in Present Value of Obligations
		(₹ in lakhs)		(₹ in lakhs)

	-0.50%	4.98	-0.50%	(4.66)

**V. Risk Exposure**

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed:

Interest risk	A decrease in the market yields in the government bond will increase the plan liability.
Longevity risk	The present value of defined benefit plan liability is calculated using a discount rate which is determined by reference to the best estimate of the mortality of plan participants both during and after employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary risk	The present value of defined benefit plan liability is calculated using a discount rate which is determined by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

**Note 48 : Additional regulatory and other information as required by the Schedule III to the Companies Act, 2013**
