MRP & SUBSIDY FAIL TO COVER COSTS

Imports of DAP no longer economical, supplies affected

SANDIP DAS
New Delhi, November 4

THE GOVERNMENT'S MOVE to rein in subsidies after being liberal with these in the Covid-19 period and its immediate aftermath is what has led to instances of shortage of widely used fertiliser di-ammonium phosphate (DAP) in many parts of the country, industry and trade sources said.

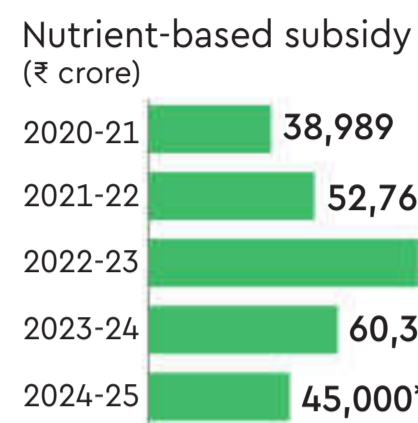

Global prices of the soil nutrient, which is vital for the winter crops during early sowing stages, have surged in recent months. Industry sources told FE that due to supply disruption in the Red Sea, landed cost of DAP in the country has increased by 26% from \$510/tonne in May to \$645/tonne or around ₹54,000/tonne at present. While the government has announced a subsidy of ₹21,911/tonne along with the maximum retail price (MRP) of ₹27,000/tonne, this has proven to be uneconomical for fertiliser companies.

The MRP of DAP has remained at the same level since the Covid-19 period.

In a bid to improve availability, the fertiliser ministry has offered an additional subsidy of ₹3,500/tonne for DAP or a special package costing ₹2,625 crore to cover rising cost during April-December 2024-25 to make the price sustainable for companies for procurement of DAP. However, trade sources said with the rise in global prices, such a hike has become uneconomical.

According to Fertiliser Association of India data, imports of DAP during April-September of the current fiscal have declined by 43% to 1.96 MT from 3.45 MT during the

FARM SUPPORT

Source: Fertiliser ministry, *revised estimate, **budget estimate, NBS - subsidy on Phosphatic and Potassic (P&K) fertilisers.

same period in 2023-24. The domestic production of DAP has declined by 7% to 2.15 MT during the first half of the current fiscal.

At the beginning of season on October 1, carry forward stock was around 1.6 MT of DAP against around 3 MT in the previous year, thus several states have reported shortage in availability of the soil nutrient which is crucial prior to commencement of rabi sowing, especially in the case of wheat.

The government has stated that DAP imports were impacted due to the Red Sea crisis since the beginning of the year, as ships are rerouted and take an additional 6,500 km through the Cape of Good Hope, South Africa, thus taking an additional 14-45 days for a consignment to reach the Kandla port in Gujarat.

"The systemic inventory for DAP has been low, which can cause availability issues; while for other fertilisers, it remains at comfortable levels. The profitability of DAP is under pressure, which has resulted in lower imports, leading to lower inventory levels," consulting firm Icria has said in a report on the Indian fertiliser industry.

The fertiliser ministry has assessed 5.5 MT of DAP usage for the forthcoming rabi season, out of which 60% is being imported from countries such as Russia, Morocco, Saudi Arabia, Jordan, Egypt and China. The annual domestic production of DAP is around 4.5-4.8 MT against a demand of 10 to 11 MT. "In last three months, we have tried the longer routes to ensure adequate supply of DAP although availability is impacted," Rajat Kumar Mishra, secretary, the department of fertiliser, recently said while stressing micro-management of supplies of non-urea fertiliser.

In September, to ensure supplies of non-urea soil nutrients at a reasonable price to farmers, the cabinet had approved ₹24,474 crore subsidy on phosphatic and potassic (P&K) fertilisers for the forthcoming rabi season which is an increase of 10% on year. The fertiliser ministry has stated that domestic production of DAP and NPK fertiliser is running at optimum level. The department is monitoring state requirements and import flows to manage the situation effectively, according to an official note.

Dhaka fast-tracks payment to Adani Power after supply cut

RUMA PAUL & SETHURAMAN N R
Dhaka/Bengaluru, November 4

BANGLADESH IS ACCELERATING payment of more than \$800 million it owes Adani Power ahead of a November 7 deadline set by the company, which has cut electricity exports to Bangladesh by more than half, two senior government officials said.

Adani Power, which exports power to Bangladesh from its 1,600 megawatt (MW) Godda plant in Jharkhand, set the deadline for receipt of dues as it faces challenges in importing coal necessary for power generation, three sources familiar with the matter said.

The company, owned by billionaire Gautam Adani, reduced the power supply to Bangladesh this month to 700-800 MW from around 1,400 MW, a senior official at the Bangladesh

Adani Power exports electricity to Bangladesh from its coal-fired Godda plant in Jharkhand

Power Development Board said. The officials spoke on condition of anonymity because they were not authorised to speak with the media. Adani Power did not respond to Reuters queries on the payment deadline.

Bangladesh has been struggling to pay its bills due to costly fuel and goods imports since Russia invaded Ukraine in

2022. The political turmoil that led to the ouster of former Prime Minister Sheikh Hasina in August has also compounded its troubles. "Last month, we cleared \$96 million, and this month, a letter of credit has been opened for an additional \$170 million," Muhammad Fozul Kabir Khan, the power and energy adviser in the interim Bangladesh government, told Reuters.

Last month, sources said that Bangladesh was scrutinising its contract with Adani Power, as it was charging Bangladesh a rate nearly 27% higher than those of India's other private producers.

Adani Power chief financial officer Dilip Kumar Jha, in a quarterly earnings conference call last week, said there were no issues related to the power supply to Bangladesh. "We hope that there will be no further deterioration in terms of the outstanding," Jha said.—REUTERS

FM chairs meet on I-T Act review

AS MANY AS 22 specialised "sub-committees" have been formed to review various provisions of the Income Tax Act, 1961. These committees have held several meetings with domain experts in recent weeks to "collaboratively explore and rec-

ommend improvements" to the law, the finance ministry said.

Finance minister Nirmala Sitharaman chaired a meeting on the review of the I-T Act. It was attended by top officials, including revenue secretary Sanjay Malhotra. —FE BUREAU
