Dear Sir/Madam,

SUB: MEERA Industries Secures ₹2.60 Crore Domestic Order for High Bulk Carpet Yarn Manufacturing Solutions:

With reference to captioned subject and pursuant to Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, MEERA Industries Limited ("MEERA"), a leading manufacturer of advanced Twisting Machines and Heat Setting Machines, is pleased to announced that it has secured a domestic order worth **₹2.60 crore** for high bulk carpet yarn manufacturing solutions. This achievement underscores MEERA's near-monopoly market share in the Indian carpet yarn sector, where the company is the trusted partner of virtually all major carpet yarn manufacturers.

MEERA's flagship solution, **MEERABAH (Meera Bulking and Heatsetting Machine)**, is widely recognized as the most economical and quality-oriented option for producing high bulk yarns for carpets and bathmats. Known for its energy efficiency, high productivity, and precision, MEERABAH continues to set new industry standards.

A significant highlight is the order from **Ganesha Ecopet Private Limited**, a group company of Ganesha Ecosphere Ltd., India's leading PET bottle recycling company. Ganesha Ecosphere specializes in converting post-consumer PET waste into recycled polyester staple fibers, spun yarns, and dyed texturized yarns. These products are widely utilized in carpet manufacturing, fabric weaving, and non-woven filling applications. As Ganesha diversifies into high bulk yarn manufacturing for carpets and bathmats, MEERA's advanced solutions, including **assembly winders, carpet cables, and bulking and heat-setting machines**, form the backbone of their carpet yarn project.

Changing the way,
we twist the yarn
