MEDIA STATEMENT

This is to bring to your attention that a prominent news wire has published an article on 25 July 2024 titled, 'Diageo India's CEO summoned by Delhi city police in liquor payments case' which is grossly misleading as it distorts facts pertaining to a routine information and fact-finding exercise being carried out by government authorities. We have received a notice that we believe may have been sent to other manufacturers as well. Such notices from regulatory authorities requesting information are usually addressed to the company head - this is a routine process. This notice requires information to be submitted by a representative for the company, pertaining to its operations between the period of 2017 and 2020, and not specifically from the Chief Executive Officer. We are cooperating with the authorities as we have always done. Diageo India has always maintained the highest standards of regulatory compliance and the headline & article suggesting any kind of culpability is irresponsible reportage.
