Important Point: - Some shareholders have given their assent as well as dissent against their same folio. So while counting total number of members voted, we have taken one folio representing one shareholder. But while counting number of members voted in favour and against the said resolution, we have to consider and count same shareholder twice. Accordingly the sum of members assented and dissented is more than the total number of members voted.

This situation is covered in Resolution no. 3, 9,10, 15,16,17 & 18
