## L&T Wins (Significant\*) Contract for its Hydrocarbon Business

**Mumbai, Oct 17, 2024:** The Hydrocarbon Business (L&T Energy Hydrocarbon - LTEH) of Larsen & Toubro (L&T) has secured a prestigious order under its AdVENT Business Vertical from a Government of India Undertaking with Navratna status and a leading fertilizers and chemicals manufacturing company in India.

The project involves the License, Engineering, Procurement, and Construction (L-EPC) of a 1,200 MTPD (DAP basis) NPK fertilizer plant along with associated utilities and off-site facilities for Rashtriya Chemicals and Fertilizers Limited (RCF) at their Thal unit in Raigad district, approximately 100 km from Mumbai.

**Mr. Subramanian Sarma, Whole-Time Director and President (Energy),** commented, “This order reaffirms L&T’s dedication to supporting the Indian government’s Atmanirbhar Bharat initiative, which aims to enhance the nation’s self-reliance in fertilizers. We are committed to executing the L-EPC work within a strict timeline.”

LTEH, organized under Offshore, Onshore EPC, Modular Fabrication, Advanced Value Engineering & Technology (AdVENT), Asset Management (AM), and Offshore Wind verticals, provides integrated design-to-build solutions across the hydrocarbon sector for both domestic and international clients. With over three decades of experience, LTEH continues to set global benchmarks in project management, corporate governance, quality, HSE, and operational excellence.

### Background:

Larsen & Toubro is a USD 27 billion Indian multinational engaged in EPC Projects, Hi-Tech Manufacturing and Services. It operates in over 50 countries worldwide. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.

### \*Project Classification

Classification	Significant	Large	Major	Mega	Ultra-Mega
Value in ₹ Cr	1,000 to 2,500	2,500 to 5,000	5,000 to 7,000	7,000 to 15,000	>15,000
