Dear Sirs,

Sub.: ANVISA Inspection (Agenica National De Vigilancia Sanitaria)" received from Brazil Health Regulatory Agency at Wanbury Limited's manufacturing facility located at Tanuku, Andhra Pradesh.

We wish to inform you, pursuant to Regulation 30 (6) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, Wanbury's Tanuku plant at Andhra Pradesh successfully completed ANVISA inspection (Brazil Health Regulatory Agency) started from 16.12.2024 to 19.12.2024 (4 days) for its API manufacturing facility. Inspection completed with zero observations which means no observation during the inspection process for 5 APIs confirming strict adherence of cGMP practices at its state-of-the art API manufacturing facility. The Company will receive GMP compliance certificate which will further help to accelerate the business growth across the globe since ANVISA (Agenica National De Vigilancia Sanitaria) is part of PIC (Pharmaceutical Inspection Convention).

This is second international FDA inspection with zero observations this year after US FDA inspection completed in June 2024 at Patalganga plant also with zero observations.

Wanbury is one of the largest manufacturer of Metformin HCl & Sertraline API in addition to other API's with few more are under final stage of development & set to be produced shortly in the said facility. This inspection validates management continued commitment to Quality of the APIs as per international regulations.

Thanking you.

Yours truly,
For Wanbury Limited

Jitendra J. Gandhi
Company Secretary
