**Super Crop Safe Limited announces Marketing Agreement with HTF Tech Services Ltd.**

**Ahmedabad, India: Thursday, January 9, 2025** – Super Crop Safe Limited (BSE: 530883), a leading manufacturer and trader of Agro-chemicals, with leadership in the manufacturing of Pesticides, Fertilizer, Biofertilizers & Nutraceuticals, today announced a major development regarding the distribution of its products.

Super Crop Safe Ltd. (SCSL) has executed a marketing agreement with HTF Tech Services Pvt. Ltd. to market its bio-fertilizer product all over India in its Soil Testing Centre. The expected sales in the FY 2025-26 from this contract are expected about Rs 20-25 crores, which is nearly 50% of the current FY 2024-25. This agreement will make SCSL achieve its highest sales in terms of both value & quantity in FY 2025-26.

**Mr. Ishwarbhai B. Patel, Chairman & CEO, Super Crop Safe Ltd.,** said, “ We are very happy to announce this new development regarding our distribution network. We hope to see a very good spike in the sales in near future after our association with the very prestigious group HTF Tech Services Pvt. Ltd. They have a very strong marketing network across the country and many well-known companies are associated with them. The continuously changing scenario in the field of crop protection and innovative development we have adopted in the area of production by using new techniques this is the result of our co-ordinated best efforts of several years, which is yielding positive results today. In the financial year 2025-26 we are on the path to achieve our highest sales.
