# Managing Director's Message

**Commenting on the results, Dr. S K Sundararaman, Managing Director, Shiva Texyarn Ltd. said:**

*“The market has been recovering steadily post the COVID-induced lockdowns. While the first quarter of this fiscal was impacted by the second wave of COVID, there has been a fair upswing in the second quarter onwards. Our Company’s capacities, agility and diversified product portfolio have been our key strengths during various phases.*”

*Our revenue for the second quarter grew 37.11% year-on-year to Rs. 114.27 cr, while EBITDA and net profit grew 65.67% and 271.46% to Rs. 18.07 cr and Rs. 8.28 cr, respectively. While this was mainly due to the last year’s corresponding period being impacted by the COVID-related lockdown, growth was also supported by a general rebound in demand and the Spinning business regaining momentum. During the six months period, technical textiles accounted for 26.4% of our top line, reflecting our conscious shift towards technology-driven value-added products.*

*Consumer sentiment for lamination products is also recovering as markets have reopened and our products continue to gain traction and fetch margins to offset the recent slowdown in the market. Many of our new products in the market are gaining adoption and giving us a wider recognition as being one of leading technical textiles players in India. The overall scenario still remains a bit uncertain due to speculation of a third wave of the pandemic, but we are cautiously optimistic about the near future.*

*I would like to thank all the stakeholders as well as the entire Shiva Texyarn team, which has come together to rise up to the challenges of the pandemic and to seize the opportunities that have come up at this time to create a better future for all of us.”*

## Recent Developments contd...

- Shiva Texyarn **announced plans to acquire stake in LK Distributors Pvt Ltd**, a **wind power generation** company, for captive use. Starting with an initial acquisition of 26%, Company would increase stake in LK Distributors to 40%. Proposal is to acquire 2,600 shares of target company at Rs. 2,362 per share over 12 months
- In light of second wave of COVID, Company suspended operations at all its units in May 2021 as per Government guidelines. Consequently, operations at Spinning, Garments, Coating and Lamination units reopened in June 2021 at 25% capacity to cater to export orders and then eventually resumed full operations
- Company **won order worth Rs. 27.28 cr from Ministry of Defence**, for supply of bags for use by army personnel
- Shiva Texyarn came forth during the pandemic crisis and began production of **several new and innovative products** to help fight the spread of this virus. During the year, we launched many new products aimed at medical and general public use, to prevent spread of virus and bacteria and help improve quality of lives  
Some of these include:
  1. **Protective Coveralls** – Started manufacturing protective coveralls for medical use in April 2020, to cater to surge in demand for such gear by the Government
  2. **Face Masks** – In May 2020, launched new range of face masks for public use under brand name **‘Smiley’**. These masks are re-usable and multi-layered, with fabric and filter layers. For this product, we partnered with ‘Feed My City’ initiative, wherein Rs. 10 from each mask sold is donated towards feeding under-privileged who have been worst affected during this time
  3. **Anti-viral Fabric** – In June 2020, launched an innovative, first-of-its-kind anti-viral fabric, in collaboration with a Swiss company HeiQ Materials AG. This fabric is treated with unique technology that inhibits bacteria and virus to a great extent, including the novel Corona virus. The product can be used in PPE systems and is aimed at domestic as well as international markets

# Way Ahead

01

## Quick Dry – Expand Distribution & Consolidate market leadership in Dry sheets

- Target - 'Quick Dry' to be largest baby products provider in India
- Increase distribution network pan India – plans to reach 30,000+ retailers through 400+ distributors
- Increase wallet share of existing customers and add new customers - enhancing product offerings through innovation and technology

02

## Increase in Paw-Paw diaper business

- Optimize on existing distribution channel and increase in online-offline network to have pan-India reach
- Continued focus on Innovation to make it more user-friendly and comfortable for babies

03

## Increase in Military & Tactical Gear business

- Add new & innovative products and increase product offerings in Defence segment, through innovation combined with integrated facilities & strong R&D capabilities

04

## Strong Opportunity from Non-Flex Banners

- Recent ban on flex banners in Kerala expected to open new opportunities for biodegradable signage material
- Poised to capitalize on this opportunity by offering non-flex biodegradable options for banners across Kerala & Bengaluru
