4. I hope that the members would agree that despite the economic constraints such as volatility in foreign currency, hike in interest cost, instability in cotton prices and uninterrupted availability of power the financial results of the company is better placed as compared to the peers. While most of the spinning units are approaching banks for Corporate Debt Re-Structuring (CDR Scheme), your company had pre-paid the term Loans in addition to the scheduled repayments which exhibits the financial strength of the Company and I assure you that the company would continue to perform well in spite of adverse economic environment which is constantly affecting the performance of the industry.
