Thereafter, the Chairman invited Ms. Swapna Ranade, Company Secretary, to read the Auditor's Report to the Members. Ms. Swapna Ranade read out the Auditors' Report.

After the Auditors Report was read, the Chairman delivered his message which is reproduced as below:

Dear Shareholders,

It gives me great pleasure to welcome you all to the 22nd Annual General Meeting of your Company.

In the past couple of years (2009-2011), economies across the world have been struggling to recover from the global financial crisis. This year (2011-12) is not very different, with the world seems to be on the edge of another slowdown. The problems of the US and the EU are causing a trickledown effect on our economy. So while entrepreneurs and business houses are slowly stepping up various initiatives, they understandably are being cautious on financial leverage.

Now since almost all the recoverable portfolio is recovered, your Company is examining various options of commencing new activities but the current issues faced by the economy like slowdown in output growth, increasing unemployment numbers, lack of demand and the sovereign debt crisis in EU, compel the management to give second thought before starting any new activity.

Your Company continuously reviews the internal control systems and thereby ensures adequate and appropriate checks and balances in transaction risk management.

On the investment portfolio of Rs.20.24 crore, conservatism continues to prevail and your company will remain invested in safe and secure debt funds, which currently give an average yield of 9%.

On the cost front, your company is very tightly run and the total cost, including staff cost, was Rs.26.47 lac during the year 2011-12 as against Rs. 34.20 lac incurred in the previous year 2010-11.

The Board continues to examine proposals on possible opportunities in the financial services space which is the core strength of your company to create value for the shareholders. It is important that we conserve resources for the growth of your company and hence, we have refrained from declaring any dividend for the year.

I thank the Company's Shareholders for their continued support.

The Chairman then proceeded with the items on the agenda.

1. ADOPTION OF ACCOUNTS AND REPORTS:

The Chairman took up item no. 1 on Agenda.

Before putting the resolution to vote, the Chairman called upon the members to offer any comments on the working of the Company during the financial year under review and to ask any questions or make their observations relating to annual accounts of the Company.

Ms. Ashalata Maheshwari, Member of the Company, sought certain clarifications and made the following observations at the meeting:

1. When will the Company declare dividend?
2. She expressed her hope for the Company to declare dividend before its silver jubilee.
3. There were queries about the future plans, actions, and directions to improve the future profits of the Company under the able guidance of the Board of Directors.

The Chairman thanked the Shareholders for their keen interest in the affairs of the Company, to which the Chairman gave the following replies to the queries raised during the Meeting.

The Company is on the look-out for opportunities in the financial services sector. But in view of the current turmoil, it would be prudent for the Company to wait for some time before taking up the new activities. But now the priority to the group is media business. For the last 3 – 4 years, the Company has explored various options for its revival related issues. The Company has invested over Rs.20.24 Crores in safer debt fund. The average yield is around 9 % in respect of this investment. He stated that the Company is operating at a low cost and constantly efforts are made to contain and reduce costs.

He further stated that the Board continues to examine various proposals it receives on possible opportunities across the financial services space in sync with the core objective of creating value in the NBFC space. Since capital is a key input for any new opportunity the company may consider venturing into, funds of the Company need to be conserved. Therefore, the Company has refrained from declaring any dividend for this year.

The Chairman answered all other queries. As there was no demand from any member for poll, the Chairman declared that the voting on resolutions would be by way of show of hands. Then, the Chairman proposed and Mr. J.P. Maheshwari, seconded the following resolution.

“RESOLVED THAT the Balance Sheet as at March 31, 2012 and the Profit and Loss Account for the year ended March 31, 2012 together with the Directors’ Report and the Auditors’ Report thereon, submitted to this meeting, be and are hereby approved and adopted.”
