Dear Sirs

Sub : Suspension of operations at Mahad location

The combined effect of crude oil price and depreciation of Indian Rupee have led to high raw material and fuel cost to the Company. In addition to this, the oversupply and cut throat competition in Nylon Filament Yarn has aggravated the situation.

Consequently, out of three factory locations, namely at Bharuch, Pune and Mahad, the operations at Mahad location is incurring cash losses. The Management has therefore, considered it appropriate to suspend operations at Mahad site until situation normalizes.

It may be noted that in the financial year 2011-12, the total turnover of the company was Rs.1650 crores, out of that share from Mahad site was about Rs.123 crores (i.e. 7.45%).

The Management is closely monitoring the situation and will explore all possibilities of utilizing its plant and machinery in the most appropriate form.

Please display this letter on Notice Board / Website for the information of members / investors.

Thanking you

Yours faithfully
For CENTURY ENKA LIMITED
