Notice and Auditors' Report

With the consent of the members present, the Notice of the Meeting was taken as read. The report of auditors to the members of the Company was read by Mr. B.L.Gaggar, Director Finance & Company Secretary.

Chairman's Statement

Mr. R.A. Shah, Chairman - Clariant Chemicals (India) Limited said that, the Company was able to sustain business performance and in spite of general slow-down in demand both in domestic and international markets, it has registered a positive growth in sales on like to like basis. The operational performance for the year was not strictly comparable with that of 2010 due to the fact that the performance during the previous year included operations of manufacturing facilities at Balkum, Thane which was closed in December, 2010. He expressed in brief the business outlook and prevailing industrial scenario and highlighted the performance of the company for the financial year ended on December 31, 2011 and informed that –

- Total sales grew by 1.9% on like to like basis and were down by 1.9% on absolute basis.
- Domestic sales were down by 4.9 % whereas export sales was up by 9.3% .
- Exports contributed 23.6 % of total sales during the year.
- Increase in cost of raw materials and escalation in other operating costs resulted into lowering of profit before depreciation, interest and taxes (PBDIT) for 19.5% to 17.7.
- After considering exceptional income from sale of Balkum, Thane land, Net profit after tax (PAT) has gone up from ₹ 112.41 crores to ₹ 304.04 crores.
- Efficient management of working capital resulted into the net working capital (NWC) to sales ratio of 8.3 % which is one of the best in the industry.
- A sum of ₹ 266.51 crores stands invested in debt schemes of mutual funds as at the year end.
- The Company sustained its market position in most of the industry segments it represents.
- The Company had smooth operations at all its plants except that of Cuddalore plant which was affected due to cyclone at the year end. He expressed thanks to the excellent efforts of the staff at

Cuddalore, the productions was restored to normalcy with minor loss of productivity. The Company expects to recover loss caused due to cyclone from insurance company.

Mr. Shah stated that during the year, the directors had declared an interim dividend of Rs.30/- per share, comprising of special dividend of Rs. 25/- attributable to exceptional income from sale of Balkum Land and this was paid in August 2011 and that considering the policy of the Company and sustained performance for the year, the Board of Directors recommends a final dividend of Rs. 30/- per share. Together with the interim dividend, the total dividend for the year amounts to a record Rs. 60/- per share (600%) as compared to Rs.30/- per share (300%) paid for the previous year. The dividend pay-out ratio for the year is 61% of the Net Profit for the year.

Highlighting the performance for the first quarter of 2012, Mr. Shah informed that the Company has recorded the sales turnover (net of excise) of Rs.239.28 crore during the quarter ended March 31, 2012 as against Rs.228.17 crore in the same quarter of previous year. The profit before tax and exceptional items of Rs.34.2 crore is down from Rs.42.4 crores in the first quarter of 2011.

Mr. Peter Palm, Vice-Chairman and Managing Director presenting his view on the Company's performance stated that the business environment remained extremely challenging during the year. In general, sales growth kept pace with inflation, the pressure on net profits from rising raw material prices, wages and interest costs intensified across the sectors and net results were either lower than the previous period or not in line with sales growth.

Mr. Palm stated that due to slowing down of domestic demand, Clariant India had to face restraint on its growth drive which was one of the lowest in the recent past and that Clariant still see an enormous potential in the Indian market. The group has maintained its presence for over 50 years and with 4 production sites as at present, it has a well-established and efficient organisation structure. Until now around 70% of sales have been contributed by Textile Chemicals, Pigments and Leather service segments. Improving living standards and dynamic economic growth unlocks great potential for further growth. The Company continues to remain focused and has positioned itself as preferred supplier of products in the highly competitive business segments in which it operates.

The financial performance of the Company for quarter 1 of 2012, reflects improvement in sales growth, however, margins are under

pressure and based on its market position in most of the business segment it represents, the Company anticipates sustainable profitable growth and poised to seize opportunities that exist in chemical industry in India.

Resolution No. 1

Approval of Accounts

The Chairman then proposed the following Resolution as an **Ordinary** Resolution:

“RESOLVED THAT Audited Profit and Loss Account of the Company for the financial year January to December, 2011 the Balance Sheet as at December 31, 2011 and the Auditors’ Report and the Directors’ Report thereon be and are hereby adopted and approved”.
