

Notes:	
1	The above results have been reviewed by the Audit Committee and approved by the Board of Directors at its meeting held on 30.05.2012
2	The Accumulated losses of the company had exceeded its net worth. BIFR has already approved a Sanctioned Scheme for the Company and the Company is under re-habilitation period and is being monitored by BIFR through the Monitoring Agency. Present scenario is due to the dull phase of OFC market and is expected to improve in near future. The company has already received order from BSNL for supply of 3206 kms of OFC valuing Rs.15.68 crores. The company is confident of getting orders of good volume from Reliance Infotech and from the Government's NOFN Project. The total OFC requirement for NOFN Project is 600000 kms. Considering the scope during the immediate future, the accounts have been prepared on going concern basis.
3	No provision is made for certain long pending debtors in view of the arbitration proceeding completed against the Purchaser for which Award is received in favour of the Company but has since been challenged by the Purchaser in the Court. In one case Court remitted back to the Arbitrator and the proceedings are in progress.
4	Deferred tax: During the period the Company has not accounted / taken the credit / charge for the deferred tax assets / liabilities. The excess of timing difference over the deferred tax liability has been ignored for want of reasonable certainty of the company making taxable profits in the near future. Similarly, for the same reason, certain other provisions made in the earlier years have been ignored for creation of deferred tax asset. The accumulated losses and carried forward depreciation under the tax laws have been ignored for creating the deferred tax asset considering that there is no reasonable certainty of the company making taxable profits in the future in terms of para 26 of AS-22. The treatment noted above is in accordance with the Accounting Standard 22 "Taxes on Income" notified under sub-section 3(C) of Section 211 of the Companies Act 1956.
5	Previous period's amounts are regrouped and rearranged to conform to the current year's classification as per the revised schedule VI format.
6	Same Accounting Policies that of corresponding period of last year has been followed and as such, there is no change in accounting policies. During the current period few accounting policies on provision for warranty period expenses, current and deferred tax charge/credit, contingent liabilities, borrowing costs and accounting for leases added.
