Notes :

- (1) The above results were reviewed by the Audit Committee and approved by Board of Directors in its meeting held on 14th August, 2012.
- (2) The statutory auditors have conducted a limited review on above results.
- (3) The financial statements have been prepared as per Revised Schedule VI of Companies Act, 1956. Accordingly, corresponding financial figures of previous year have been regrouped / re-classified, wherever necessary, to make them comparable with that of current year.
- (4) The Company is manufacturing Ferro Alloys & Sponge Iron, which is basically used in Iron & Steel Industry. Further power generated in the company in its power plant is used for captive as well as trading purpose. In view of this, the company has to consider "Iron & Steel" and "Power" as Primary Reportable business segment, as per Accounting Standard -17, Segment Reporting issued by The Institute of Chartered Accountants of India. However, due to substantial competition, risk, on-going position of Company and largely in the interest of the Company as well as interest of the stake holders involved, the management has not made disclosure of Primary Reportable segment as per Accounting Standard -17. Further, in view of the fact that the Company has its business within the geographical territory of India, Company has considered "INDIAN GEOGRAPHY" as the only secondary reportable business segment, as per the Accounting Standard 17 issued by the Institute of Chartered Accountants of India.
