

## **PRESS RELEASE**

### **HON'BLE UNION MINISTER Sh. OSCAR FERNANDES'S VISIT TO ISBT, KASHMERE GATE, DELHI.**

**Hon'ble Union Minister for Road Transport & Highways (MoRT&H) Sh. Oscar Fernandes** visited the Maharana Pratap Interstate Bus Terminal, Kashmere Gate, Delhi on Sunday, 13<sup>th</sup> Oct'2013 on the special invitation of **Bharatiya Global Infomedia Limited ( BGIL)**, who has successfully executed most modern and technologically advanced Bus Parking Management System(PMS), Parking Guidance System (PGS) & integration with Passenger Information Display System (PIDS).

The modernization enables the ISBT to manage the flow of Interstate Buses from 14 states, more than 1300 bus trips per day with the infrastructure limitations of 47 departure bays & 14 bus arrival bays, collecting a daily ADDA fee of more than 1.25 lacs.

The facility also provides for LED display of expected bus departure time on 13-row LED display panels, strategically fixed at the bus departure area and having individual bus bay LED display panels showing bay number, destination & scheduled departure time. This enables reduced waiting time for the bus passengers and provides better services to the passengers.

**Hon'ble Minister** was all praise for the cleanliness, system design and efficiency provided by this up gradation & modernization project. He said **“These modern facilities are need of hour and the project provides the facilities at par with other mode of transports. Other ISBTs in Delhi and other states should also be upgraded & modernized on similar designs so as to uplift the status of public road transport in the country.”**

S.K.Mittal, Executive Director, BGIL adds “ Our company is committed to provide world's best technologies, methodologies & solution design expertise to design, develop & deliver to meet all challenges of India's infrastructure developments specially Parking Solutions, Building Security & Automation solutions and associate themselves with all State Road Corporations/ Institutions to facilitate their efforts for Better India”.

The project has been designed and consulted by DIMTS, joint venture of Govt. of NCT of Delhi and IDFC Foundation; contracted to NCC Ltd and automation executed by Bharatiya Global Infomedia Limited.
