AURIONPRO EARNS CMMI LEVEL 3 CERTIFICATION

Demonstrates process maturity required to deliver high-quality software implementations on time and on budget.

November 29, 2013 – Mumbai, India (Marketwire)

Aurionpro Solutions, a global leader in domain-driven software and consulting services, is proud to announce that its development centers in Pune and Mumbai, India have again earned CMMI (Capability Maturity Model Integration) Level 3 certification after successfully completing Carnegie Mellon's SCAMPI (Standard CMMI Appraisal Method for Process Improvement) review.

The certification, which encompasses Aurionpro's delivery of software engineering and consulting services across the Identity Management and Banking and Financial Services domains, appraises the following Aurionpro processes at CMMI Level 3 ("Defined"): Requirements Development, Technical Solution, Product Integration, Verification, Validation, Organizational Process Focus, Organizational Process Definition, Organizational Training, Integrated Project Management, Risk Management, and Decision Analysis and Resolution.

"Aurionpro's cloud-based and packaged software, technology and domain expertise, and passion for ensuring the success of every consulting implementation help to advance the businesses of our customers and partners," said Nirav Shah, Aurionpro's EVP of Global Delivery. "The CMMI Level 3 re-certification is a concrete demonstration of our continuing ability to deliver on that commitment through the rigorous processes we have in place for our software development work."

A handwritten signature in black ink, appearing to be "AA" with a long horizontal line extending to the right.

Aurionpro's Level 3 CMMI appraisal is valid through October 2016. To review the official rating published on the Carnegie Mellon Software Engineering Institute web site, [click here](#).
