- Sekurit is primarily engaged in the business of manufacturing and trading of automotive glass.

7. Rationale and Salient features of the Scheme

The First Transferor Company, Second Transferor Company and Third Transferor Company (collectively referred to as the "Transferor Companies") and the Transferee Company are all subsidiaries of Compagnie de Saint-Gobain (Saint-Gobain), a transnational company with its headquarters in Paris. While GNO and Sekurit are majority-owned subsidiaries whose shares are listed on the stock exchange(s), SEPR and SGCD are wholly-owned subsidiaries whose shares are not listed on stock exchanges. All four companies are part of what is known as the "Innovative Materials Sector" of Saint-Gobain Group of entities. The Innovative Materials Sector comprises of the Flat Glass Division and the High Performance Materials Division. Sekurit is part of the Flat Glass Division while GNO, SEPR and SGCD are part of High Performance Materials Division.

The amalgamation of SEPR, SGCD and Sekurit with GNO will, inter alia, have the following benefits:

- The consolidation of the share capital and the cash flows of the Transferor Companies into the Transferee Company shall lead to a more efficient utilization of funds and shall create a stronger base for future growth of the amalgamated entity. More generally, the consolidation shall lead to greater efficiency in the management of the businesses and optimum utilization of resources.
- Simplifying and streamlining of activities which are otherwise repeated in four different companies and a consequential reduction in management time and efforts and in administrative costs. More generally, it is intended and expected that the amalgamation will reduce overhead costs.
- The Refractories businesses of SEPR and GNO will benefit from operating and market synergies.
- The amalgamation of all the businesses into a single, larger entity is intended and expected to increase the long term value for all shareholders and investors. Moreover, the public shareholders will participate in the profits and growth of the businesses of SEPR and SGCD which are currently not listed companies.

On the Scheme becoming effective:

1. All the businesses and entities of the High Performance Materials Division of Saint-Gobain in India will be transferred, vested and combined into one company.
2. Saint-Gobain will have one entity whose Shares are listed on exchanges in India.

For the reasons given above, the Scheme shall be in the general interest of shareholders, creditors, employees, customers and all other stake holders as the amalgamated entity will have a larger asset base and increased capacities with sufficient scope for higher volumes of business, increasing overall improvement in the performance of the business and future expansion.

Only the salient features of the Scheme of Amalgamation has been set out above; the Equity Shareholders are requested to read the entire text of the Scheme annexed hereto to get fully acquainted with the provisions thereof.

8. Pursuant to the scheme of merger GNO will allot shares to Transferor Companies in the following manner:
 - 100 shares (of nominal value of ₹ 5 each) in GNO for every 38 shares (of nominal value of ₹ 10 each) held by shareholders of SEPR.
 - 100 equity shares (of nominal value of ₹ 5 each) in GNO for every 50 equity shares (of nominal value of ₹ 10 each) held by shareholders in SGCD.
 - 1 equity share (of nominal value of ₹ 5 each) in GNO for every 17 equity shares (of nominal value of ₹ 10 each) held by shareholders in Sekurit.

The shareholding pattern of GNO as on September 30, 2013 is as under:

30. SUMMARY OF INVESTOR COMPLAINTS ADDRESSED

30.1 As required under observation letter no DCS/AMAL/RD/24(f)/252/2013-14 dated 18 September 2013 and NSE/LIST/216370-V dated 18 September 2013 issued to the Transferee Company from BSE Limited and National Stock Exchange of India Limited respectively and observation letter no DCS/AMAL/RD/24(f)/253/2013-14 dated 18 September 2013 issued to the Third Transferor Company from BSE Limited, attached herewith in Annexure I are brief details of the complaints received and the replies furnished by the Transferee Company and Third Transferor Company respectively.

Annexure I - Summary of Investor Complaints

Sr. No.	Nature of complaints	Nature of replies
1.	Adverse swap ratio compared to the market price on the date of Merger approval by the Board.	The share exchange ratio has been determined by an independent valuer, M/s. S. R. Batliboi & Co. LLP and the fairness opinion on the valuation is provided by ICICI Securities Ltd, a category-I merchant banker. The Company has no control over the market price of the shares and its fluctuation as well as on the independent valuation.
2.	Using merger to meet the minimum public shareholding requirement and not offloading shares by Promoters.	To maintain minimum public shareholding, in May 2013, the Promoter of the Third Transferor Company had made an "offer for sale" through the stock exchange mechanism as prescribed by SEBI. The Offer for sale was fully subscribed to and accordingly the requirement of minimum public shareholding has been complied with.
3.	Delisting floor price was higher than the swap ratio.	The delisting floor price was fixed as per Regulation 15(2) of the Delisting Regulations.
4.	Penalising the shareholders for not tendering shares during delisting offer	The voluntary delisting offer failed as the total number of Equity Shares tendered by the Public Shareholders in the Delisting Offer were less than the minimum number of Equity Shares prescribed in Regulation 17 of the Delisting Regulations.
5.	Companies are not in same line of business	The Companies are part of Saint-Gobain group and fall under Innovative Material Business of the group. Also the merger will lead to consolidation of cash flow leading to efficient utilisation of funds, simplifying and synchronizing of the operations.
