

Management Note: Mumbai, February 19th 2013 :

Kabra ExtrusionTechnik Ltd. is part of the Kolsite group and engaged in the manufacture of Plastic Extrusion machinery in India.

For the third quarter ended December 2012 of FY 2013, the company reported Total Income from Operations of Rs. 3,668.90 lakh as against Rs. 5,228.45 lakh in the corresponding quarter last year, as the slowdown in capital goods segment continued.

All items in the expenses segment too followed the trend in sales as total expenses stood at Rs. 3,585.25 lakh.

Lean Manufacturing implemented since last year has helped in controlling expenses. The Company has undertaken various other measures towards cost control by rationalizing cost structures which will be reflected in the financials of the coming quarters.

EBIDTA for Q3 FY13 stood at Rs. 230.64 lakh while the Net Profit was Rs. 58.40 lakh

Mr. Jayant Sarpotdar, the Chief Financial Officer of Kabra Extrusiontechnik Ltd said "The initiatives taken by the company during the year are expected to show results and we should see some improvement in topline due to beginning of RBI initiated reduction of interest rate cycle"

Mr. S. V. Kabra, Chairman & Managing Director of Kabra Extrusiontechnik Ltd said: "We are expecting good traction in the coming months as the economic scenario and especially the prospects of the capital goods segment is likely to improve due to policy initiatives expected in forthcoming budget to increase India's GDP for 2013-14. With this, our company too should witness a turnaround in numbers."

About Kabra Extrusiontechnik :

Kabra Extrusiontechnik is a part of the Kolsite group and manufactures Plastic Extrusion machinery in India. It has over 4 decades of experience in plastic industry. KET has a joint venture with global leaders in plastics extrusion machinery viz. Battenfeld Cincinnati , Germany & Austria and American Maplan Corporation, USA for manufacture of Pipe plants. It also has a joint venture with Gloucester Engineering Co., USA for mono and multi layer film plants.

The Company manufactures hi-tech HDPE pipe plants. It offers multi-layer blown film plants, which has applications in lamination, milk and edible oil packing industries. The Company's two major products include plastic processing machineries and spares & parts of plastic processing machineries.
