**About UCX:
(Boilerplate of UCX)**

Universal Commodity Exchange limited is the next generation national level commodity exchange for derivatives market across all commodity segments. It aims to be one of the largest commodity derivatives exchange ensuring price transparency and a robust risk management & surveillance system for facilitating online trading, clearing & settlement operations for the market across the country.

The Exchange's strategic philosophy is driven by an expert management team with deep domain knowledge & expertise of the capital & commodity market. UCX strives to be recognized as a change agent by facilitating a neutral and transparent price discovery platform to set the benchmarks for the industry.

The Universal Knowledge Management Pvt. Ltd is the knowledge hub of UCX. UKMP aims to enjoy the distinction of being a leading provider of solutions and services in the realm of financial sector knowledge. Our constant endeavour will be to engage in the design of domain knowledge across major asset classes - such as commodities, currencies, equity and debt, along with other products and services - engaging their professionals in realm of executive education, financial literacy, financial certification, research, and consultancy and management advisory services.

UKMP will operate across the country with tie ups with leading educational institutions and bodies - like APTECH as also on its own
