## SEPC's Water Management Division wins `126 crore order

Chennai, 13th May, 2013: Shriram EPC Limited (SEPC), a leading service provider of integrated design, engineering, procurement, construction and project management services for power plants, renewable energy projects, process and metallurgical plants and municipal service sector projects throughout India, has been awarded an order amounting to INR 126 crore from the Chennai Metropolitan Water Supply and Sewerage Board (CMWSSB), Chennai.

The scope of work includes setting up of a comprehensive Water Supply Scheme to the areas of Karambakkam, Nolambur and Injambakkam within the limits of Chennai as well as providing of a comprehensive sewerage scheme to the area of Kathivakkam. The period of completion for the works is 30 months.

This order marks continued momentum in the municipal services vertical for SEPC which has already won orders from the Gujarat Urban Development Company Ltd. and the Kayalpattanam Municipality, Kayalpattanam, Tamilnadu, earlier this year.

Commenting on the order wins, Mr. T. Shivaraman, Managing Director & CEO of Shriram EPC Limited, said:

"Our order backlog position will be further strengthened by these order wins. The Municipal services vertical allows us to address a large and burgeoning opportunity given the significant demand for upgradation of urban infrastructure across the country.

Apart from Municipal services, our range of capabilities across multiple industries has resulted in steady order flows even in times of moderate capital investment. We anticipate a gradual improvement in investment appetite of our customers and are confident that the width and depth of our service offerings will ensure that we are well placed to capitalize on a revival in business spending."

## **About Shriram EPC**

Shriram EPC (NSE: SHRIRAMEPC, BSE: 532945) is one of the leading service providers of integrated design, engineering, procurement, construction and project management services for power plants, renewable energy projects, process and metallurgical plants and municipal service sector projects throughout India and overseas, and is also a leading manufacturer of wind turbine generators (WTG).

The EPC business is focused on providing integrated turnkey solutions for biomass-based power plants, process and metallurgy plants (including cement & thermal power plants), water and wastewater treatment plants, water and sewer infrastructure and pipe rehabilitation. The WTG business is focused on manufacturing, erecting and commissioning of MW Class and KW class WTGs.

Shriram EPC is headquartered in Chennai with offices in Mumbai, New Delhi, Kolkata and Beijing; and WTG and cooling tower factories in Puducherry, Chennai and Umbergaon (Gujarat). Their EPC project experience and footprint reaches across 16 states in India, and internationally in Zambia and France, while their WTG business has completed wind energy projects throughout India.
